Re: Notice of Change to Contract Notice Party Information

Dear Contractor:

The Kaiser Permanente Northern California Medical Services Contracting Department recently moved its physical office location. Accordingly, some elements of the Kaiser Permanente Notice address identified in your medical services or other agreement with Kaiser Permanente will change. Such “other” agreements include, but are not limited to, Student Agreements, Transfer Agreements, and Business Associate Agreements.

Effective September 12, 2024, the following is the new Notice information to be used for communications to Medical Services Contracting concerning any matter arising within the business relationship requiring “Notice” per the terms of your agreement. This address is NOT to be used when submitting claims, payment, or provider payment disputes to Kaiser Permanente, as applicable. Please retain this notification with your contract records.
