Patient Demographics	2
View Coverages & Benefits	3
Help and Contact Information	3

This job aid covers how to open the patient Demographics and Coverage & Benefits activities in Affiliate Link.

Both of these activities are located under the more menu under the Patient Profile section.

Patient Demographics

The Demographics activity allows the user to view demographic information about a patient, including:

- Basic patient demographics (name, ID, date of birth, etc.)
- PCP information
- Medicare/Medicaid information

Demographics

Sean Riley, MD	Internal Medicine	
Medicare/Medicaid Info		
Medicare Number	Medicaid Number V239849	

View Coverages & Benefits

The Coverages & Benefits activity gives quick access to information about patients' benefit plans, eligibility, coverages, service areas, and networks.

Additionally, the user can view details of a specific coverage on the Benefits Summary report by selecting the coverage ID or and clicking the Coverage Detail Report button to view a printer-friendly report of coverage and benefit information.
