

Welcome to Kaiser Permanente

Get started in 3 easy steps

Welcome, <subscriber name>

Get started in 3 easy steps

Complete all 3 by visiting kp.org/newmember or by calling our New Member Desk at **404-760-3540** (TTY **711**), Monday through Friday, 7 a.m. to 7 p.m.

For help in your language, you may request language assistance at no cost to you by calling our Member Services (see phone numbers on inside back cover).

Please refer to your *Evidence of Coverage (EOC)* for more details on your plan or for specific limitations and exclusions.

Step 1

Create your online account

Go to kp.org/newmember or use the Kaiser Permanente app.

If you haven't already, make sure to create your online account. Once you sign up, you can securely access time-saving tools and resources to manage your health. You'll need your **Medical Record Number** to create your account, which you can find on your member ID card.

You can also access your digital member ID card with the Kaiser Permanente app.

Online or on the app, stay on top of your health anytime, anywhere¹

- View most lab test results
- Refill most prescriptions
- Email your doctor's office with nonurgent questions
- Schedule and cancel routine appointments
- Manage a family member's health care²

Step 2

Choose your doctor – and make your first appointment

Go to kp.org/newmember or call us at **404-760-3540 (TTY 711)**, Monday – Friday, 7 a.m. to 7 p.m., ET

Select a convenient facility, then browse doctor profiles by gender, languages spoken, and more to find the right one for you. You can change your doctor at any time.

Each covered family member may choose a personal doctor within these specialties:

- Adult medicine/internal medicine
- Family medicine
- Pediatrics/adolescent medicine (for children up to 18)

Women 18 and older can choose an ob-gyn as well as a personal doctor.

1. These features are available when you get care from Kaiser Permanente facilities. 2. Online features change when children reach age 12. Teens are entitled to additional privacy protection under state laws. When your child turns 12 years old, you will still be able to manage care for your teen, with modified access to certain features.

Schedule your first appointment

When you contact us to get started, go ahead and choose your doctor and schedule your first appointment. That way, you can start building a relationship with your new partner in health. (There's no need to bring your past medical records unless your doctor asks for them when you visit.)

Need care quickly? Save time and money.

When it's not an emergency, just call us 24/7 at **404-760-3549** or visit **kp.org/getcare** and we can help you:

- Schedule an on-demand, same, or next-day telephone or video visit
- Schedule an on-demand, same, or next-day in-person appointment
- Find the most convenient 24/7, walk-in urgent care location or contracted urgent care center

With these options, you'll have a lower copay (if any) than for the emergency room, and could save hours of wait time.

Step 3

Get prescriptions

Go to **kp.org/newmember** and follow the steps to transition your prescriptions or call us at **404-760-3540 (TTY 711)**, Monday through Friday, 7 a.m. to 7 p.m., ET.

You have options to help transition your prescriptions to a Kaiser Permanente pharmacy near you. Call us and we'll help you understand the cost of your prescriptions and what alternatives might be available.

Since this transition can take 2 or more business days, make sure to contact us before your first appointment or before you need a refill.

Picking up your medication

Once you've transitioned your prescriptions, you can get them filled at any one of the pharmacies in our Kaiser Permanente medical offices. (When you get your prescription during your doctor visit, you can usually just pick up your medication on the way out the door!) If you're not near a Kaiser Permanente facility, you also have the option to get your initial prescription filled at one of our network pharmacies like Rite Aid or Walgreens (usually at a higher copay).

Get prescriptions by mail

Once you've transitioned your prescriptions, you can sign in to your online account and click "Pharmacy" to order refills.

For certain prescriptions, you can get refills delivered to you, usually within 3 to 5 days, through our mail-order pharmacy. Delivery is available at no extra cost.

Resources for healthy living¹

- Earn up to **\$750** in wellness rewards.
- Learn about Calm and myStrength,² two self-care apps available at no cost to adult members.

For these and other resources, including wellness coaching, health education classes, and more, see page 9.

¹ The services described are not covered under your health plan benefits and are not subject to the terms set forth in your *Evidence of Coverage* or other plan documents. These services may be discontinued at any time without notice. ² myStrength[®] is a trademark of Livongo Health, Inc., a wholly owned subsidiary of Teladoc Health, Inc.

It's easy to get the care you need

Call us at **404-760-3549 (TTY 711)**, 24/7, to make an appointment or get **medical advice**. (For specialty appointments, call Monday-Friday, 8 am - 5 pm.) You can also schedule routine appointments by signing in to your online account from your computer or the Kaiser Permanente app.

If you believe you have an emergency medical condition, call 911 or go to the nearest hospital.

Convenient care options

You've got many ways to connect to quality care when and where it's most convenient for you and your family. Visit **kp.org/getcare** to learn more.

- **E-visit:** Sign in to your account and fill out a short questionnaire about your symptoms, and a clinician will get back to you – usually within 2 hours.
- **Video visit:** Meet face-to-face with a doctor or nurse by video, straight from your smartphone, tablet, or computer.^{1, 2}
- **Phone appointment:** Talk with a doctor or nurse over the phone for the same high-quality care as an in-person visit.^{1, 2}
- **Email your care team:** Message your doctor's office anytime with nonurgent health questions.
- **Chat with a doctor:** Chat live online with a Kaiser Permanente doctor for advice, referrals, and even prescriptions.
- **In-person:** Most locations offer many services under one roof, so you'll save time with a single trip.
- **Urgent care:** When you need care quickly (but it's not an emergency), you can get 24/7 walk-in care at our three Advanced Care Centers. Even get care for more serious (but non-life-threatening) issues like deeper cuts, broken bones, stomach pain, and dehydration.

You also have access to a broad network of contracted urgent care centers.

1. These features are available when you get care from Kaiser Permanente facilities. 2. When appropriate and available.

- **At the hospital:** You'll have access to inpatient care at Children's Healthcare of Atlanta, Emory Decatur Hospital, Emory Saint Joseph's Hospital, Northside Hospital Atlanta, and others. Your personal physician will decide which facility is best for you.
- **Away from home:** Visit kp.org/travel or call the Away from Home Travel Line at **951-268-3900** for travel support.³ Even while traveling, you're still covered for emergency and urgent care.

Specialty care at Kaiser Permanente

You don't need a referral for dermatology, obstetrics-gynecology, optometry, ophthalmology, or mental health services. For other types of specialty care, your personal doctor will help you get the right care, quickly and conveniently. Just call **404-760-3549 (TTY 711)**, Monday - Friday, 8 a.m. to 5 p.m.

Support for mental health

Everyone's mental health and wellness journey is different. We're committed to helping you find the best path for you. Services include:

- Online self-assessments
- Counseling and therapy
- Personalized healthy lifestyle programs
- Classes and support groups⁴

³. This number can be dialed inside and outside the United States. Before the phone number, dial "001" for landlines and "+1" for mobile lines if you're outside the country. Long-distance charges may apply, and we can't accept collect calls. The phone line is closed on major holidays (New Year's Day, Easter, Memorial Day, July Fourth, Labor Day, Thanksgiving, and Christmas). It closes early the day before a holiday at 1 p.m. ET, and it reopens the day after a holiday at 7 a.m. ET. ⁴. Classes may vary by location, and some may require a fee.

Find a convenient location

You can choose a doctor from any of the locations listed below. Even after you've chosen a personal doctor at a particular location, you can see another doctor at a different location whenever it's more convenient. Most locations also have lab, X-ray, and pharmacy services under the same roof. For details about each location, visit kp.org/facilities or call **404-760-3549**.

Understanding your plan

To take full advantage of your deductible plan, it helps to know what you can expect to pay when you get care. We're here to help. First, take a look at the information below. To view your coverage and benefits online, sign in at kp.org/coverageandcosts, or go to kp.org/costestimates to get a personalized cost estimate for a particular service. Still need help understanding your plan? Just call Member Services at **404-760-3549**.

How deductible plans work

With deductible plans like yours, you'll pay just a copay (a set amount) for certain services – including most preventive care – all year round. But for many services, you'll need to pay the full charges until the total of what you've spent reaches a certain amount called your deductible. Once you reach your deductible, your share of costs for services covered by your plan will go down for the rest of the year. For more information, you can visit kp.org/deductibleplans. For specific costs and details of your plan, review your *Evidence of Coverage (EOC)*. If you don't have a hard copy, view it online at kp.org/coverageandcosts.

Here's a summary:

- When you get care, you'll be asked to pay for your scheduled services when you check in. This may cover only part of what you owe for your visit, especially if your doctor ends up ordering additional services that weren't scheduled. You'll receive a bill in the mail later for any balance you owe.
- What you pay will depend on your plan, the services you receive, and if you've reached your deductible. In many plans, most *preventive care* is at little or no cost to you even before you reach your deductible. For other services, you'll pay full charges until the amount you've spent adds up to your deductible.

- Once you reach your deductible, you'll pay just a copay or coinsurance for covered services the rest of the plan year.

Preventive and non-preventive services

Sometimes you'll have preventive and nonpreventive care in the same visit. There's little or no cost for most preventive care services, but you might have to pay more if you have any nonpreventive services. For example, your doctor might find a mole during a routine visit and decide to remove it for testing. Because the mole removal and testing are not preventive, you may need to pay a separate copay or coinsurance for these services.

[Coverage for the whole family

Your plan includes a deductible and an out-of-pocket maximum (the limit on how much you'll have to pay for care) for your whole family, as well as for each individual. After you reach your *family deductible*, everyone in your family will only pay copays or coinsurance for covered services, even if they haven't reached their individual deductible. And if you reach your *family out-of-pocket maximum*, no one in your family will pay for covered services for the rest of the year.]
