Please see your *Evidence of Coverage* for more details on your plan or for specific limitations and exclusions.

Step 1

Create your Kaiser Permanente online account

Go to kp.org/newmember or use the Kaiser Permanente app.

If you haven't already, make sure to create your online account. Once you sign up, you can securely access time-saving tools and resources to manage your health. You'll need your medical record number to create your account, which you can find on your member ID card.

You can also access your digital member ID card with the Kaiser Permanente app.

Online or on the app, stay on top of your health anytime, anywhere¹

- View most lab test results
- Refill most prescriptions
- Email your doctor's office with nonurgent questions
- Schedule and cancel routine appointments
- Manage a family member's health care²

You won't be able to manage or view out-of-network visits and services with your online account.

Your member ID card

You'll need your physical or digital ID card to get care and to fill prescriptions at Kaiser Permanente and out-of-network facilities.

1. These features are available when you get care from Kaiser Permanente facilities. **2.** Online features change when children reach age 12. Teens are entitled to additional privacy protection under state laws. When your child turns 12 years old, you will still be able to manage care for your teen, with modified access to certain features.

Step 2

Choose your Kaiser Permanente doctor – and make your first appointment

Go to kp.org/newmember or call us at **404-760-3540 (TTY 711)**, Monday through Friday, 7 a.m. to 7 p.m.

Select a convenient facility, then browse doctor profiles by gender, languages spoken, and more to find the right one for you. You can change your doctor at any time.

Each covered family member may choose a personal doctor within these specialties:

- Adult medicine/internal medicine
- Family medicine
- Pediatrics/adolescent medicine (for children up to 18)

Women 18 and older can choose an ob-gyn as well as a personal doctor.

Need care quickly? Save time and money.

When it's not an emergency, call us anytime at **404-365-0966** or visit kp.org/getcare and we can help you:

- Schedule an on-demand, same, or next-day telephone or video visit
- Find a nearby 24/7 Kaiser Permanente urgent care location or an affiliated urgent care center

With these options, you'll have a lower copay (if any) than when you visit the emergency room, and could save hours of wait time.

Schedule your first appointment

When you contact us to get started, you can choose your doctor and schedule your first appointment to start building a relationship with your new partner in health. (There's no need to bring your past medical records unless your doctor asks for them when you visit.)

Visiting an out-of-network provider

You'll need to contact your out-of-network provider's office directly to make an appointment. No referral or prior authorization is needed to use your out-of-network benefits.

Your plan includes up to 10 out-of-network provider visits or outpatient medical services per year. When you visit your out-of-network provider, be sure to bring:

- Your ID card. If your doctor has questions, have them call the Customer Service phone number on the back of your card.
- A printed copy of KP Plus Information for Out-of-Network Providers. Find it at kp.org/kpplus-georgia. You can also show your provider a digital copy of the flyer from your mobile device.

Some providers may require you to pay the full amount for services when you get care and then submit a claim for reimbursement. When you make your appointment, find out if you'll need to submit a claim or if your provider will bill Kaiser Permanente directly for you.

Step 3

Get prescriptions at Kaiser Permanente

Go to kp.org/newmember and follow the steps to transition your prescriptions to Kaiser Permanente or call us at **404-760-3540 (TTY 711)**, Monday through Friday, 7 a.m. to 7 p.m.

You have options to help transition your prescriptions to Kaiser Permanente. Call us and we'll help you understand the cost of your prescriptions and what alternatives might be available.

Since this transition can take 2 or more business days, make sure to contact us before your first appointment or before you need a refill.

Picking up your medication at a Kaiser Permanente facility

Once you've transitioned your prescriptions, you can get them filled at any Kaiser Permanente pharmacy.

When you get a prescription written during a visit at a Kaiser Permanente facility, you can usually just pick up your medication on the way out the door. If you're not near a Kaiser Permanente facility, you also have the option to get your first prescription filled at one of our affiliated pharmacies, like CVS or Walgreens (usually at a higher copay).

Get prescriptions by mail

Once you've transitioned your prescriptions, you can sign in to your online account and click "Pharmacy" to order refills. For most prescriptions, you can get refills delivered to you at no extra cost, usually within 3 to 5 days.

Out-of-network prescriptions

Your plan covers 5 prescription fills at any out-of-network pharmacy per year. This option isn't eligible for prescription delivery. Each prescription fill has to be for a 30-day supply.

You may be asked to pay the full cost of the prescription at the time of service and submit a claim for reimbursement. You may have a higher copay or coinsurance than with a Kaiser Permanente pharmacy. Certain prescriptions might require prior authorization.

It's easy to get the care you need at Kaiser Permanente

Call us at **404-365-0966** (TTY **711**), 24/7, to make an appointment or get medical advice.

For specialty appointments, call Monday through Friday, 8 a.m. to 5 p.m. You can also schedule routine appointments with your online account or the Kaiser Permanente app.

If you believe you have an emergency medical condition, call **911** or go to the nearest hospital.

Convenient care options at Kaiser Permanente

You've got many ways to connect to quality care when and where it's most convenient for you and your family. Visit kp.org/getcare to learn more.

- **E-visit:** Sign in to your account and fill out a short questionnaire about your symptoms. A clinician will get back to you, usually within 2 hours.
- **Video visit:** Meet face-to-face with a doctor or nurse by video, straight from your smartphone, tablet, or computer.^{1,2}
- **Phone appointment:** Talk with a doctor or nurse over the phone for the same high-quality care as an in-person visit.^{1,2}
- **Email your care team:** Message your Kaiser Permanente's doctor's office anytime with nonurgent health questions.
- **Chat with a doctor:** Chat live online with a Kaiser Permanente doctor for advice, referrals, and even prescriptions.
- **In-person:** Most locations offer many services under one roof, so you'll save time with a single trip.
- **Urgent care:** When you don't have an emergency but you need immediate care, you can get 24/7 walk-in care at one of our Advanced Care Centers. Visit kp.org/getcare to find urgent care locations nearby. You also have access to a broad network of affiliated urgent care centers. For help finding one near you, call **404-365-0966** (TTY **711**).
- **Hospital visits:** You can get inpatient hospital care at Children's Healthcare of Atlanta, Emory Decatur Hospital, Emory Saint Joseph's Hospital, Northside Hospital Atlanta, and other locations. Your personal doctor will decide which facility is best for you.
- **Away from home:** Visit kp.org/travel or call the Away from Home Travel Line at **951-268-3900** (TTY **711**) for travel support.³

1. These features are available when you get care from Kaiser Permanente facilities. 2. When appropriate and available. 3. This number can be dialed inside and outside the United States. Before the phone number, dial "001" for landlines and "+1" for mobile lines if you're outside the country. Long-distance charges may apply, and we can't accept collect calls. The phone line is closed on major holidays (New Year's Day, Easter, Memorial Day, July Fourth, Labor Day, Thanksgiving, and Christmas). It closes early the day before a holiday at 1 p.m. Eastern time (ET), and it reopens the day after a holiday at 7 a.m. ET.

Specialty care at Kaiser Permanente

You don't need a referral for dermatology, obstetrics-gynecology, optometry, ophthalmology, or mental health services. For other types of specialty care, your personal doctor will help you get the right care, quickly and conveniently. Just call our appointment and advice line at **404-365-0966 (TTY 711)**, Monday through Friday, 8 a.m. to 5 p.m.

Support for mental health

Everyone's mental health and wellness journey is different. We're committed to helping you find the best path for you. Services include:

- Online self-assessments
- Counseling and therapy
- Personalized healthy lifestyle programs
- Classes and support groups¹

Resources for healthy living²

- Go to kp.org/selfcareapps to learn about Calm and myStrength, 2 self-care apps available at no cost to adult members.
- See page 14 for additional resources, including wellness coaching, health education classes, and more.

1. Classes may vary by location, and some may require a fee. **2.** The services described are not covered under your health plan benefits and are not subject to the terms set forth in your *Evidence of Coverage* or other plan documents. These services may be discontinued at any time without notice.

Find a Kaiser Permanente Location

You can choose a doctor from any of the locations listed below. Even after you've chosen a personal doctor at a particular location, you can see another doctor at a different location whenever it's more convenient. Most locations also have lab, X-ray, and pharmacy services under the same roof. For details about each location, visit kp.org/facilities or call **404-365-0966**.

If you've already chosen a Kaiser Permanente personal doctor before receiving this booklet, this is the location where that physician practices. Otherwise, this is the closest Kaiser Permanente medical facility to your home. Feel free to choose a doctor at the location that's most convenient for you, and change at any time.

1. Athens network not available in all plans. 2. The hospital you will be admitted to for inpatient care is determined by the primary care physician you select. In an emergency, you have access to any hospital emergency room.

Understanding your plan

To take full advantage of your deductible plan, it helps to know what you can expect to pay when you get care. We're here to help. First, take a look at the information below. To view your coverage and benefits online, sign in at kp.org/coverageandcosts, or go to kp.org/costestimates to get a personalized cost estimate for a particular service. Still need help understanding your plan? Just call Customer Service at **1-855-364-3185**.

How deductible plans work

With deductible plans like yours, you'll pay just a copay (a set amount) for certain services – including most preventive care – all year round. But for many services, you'll need to pay the full charges until the total of what you've spent reaches a certain amount called your deductible. Once you reach your deductible, your share of costs for services covered by your plan will go down for the rest of the year. For more information, visit kp.org/deductibleplans. For costs and coverage details tied to your plan, review your *Evidence of Coverage*, available at kp.org/coverageandcosts.

Here's a summary:

- When you get care, you'll be asked to pay for your scheduled services when you check in. This may cover only part of what you owe for your visit, especially if your doctor ends up ordering additional services that weren't scheduled. You'll receive a bill in the mail later for any balance you owe.
- What you pay will depend on your plan, the services you receive, and if you've reached your deductible. In many plans, most preventive care is covered at little or no cost to you even before you reach your deductible. For other services, you'll pay full charges until the amount you've spent adds up to your deductible.
- Once you reach your deductible, you'll pay just a copay or coinsurance for covered services for the rest of the plan year.

Preventive and nonpreventive services

Sometimes you'll have preventive and nonpreventive care in the same visit. There's little or no cost for most preventive care services, but you might have to pay more if you have any nonpreventive services. For example, your doctor might find a mole during a routine visit and decide to remove it for testing. Because the mole removal and testing aren't preventive, you may need to pay a separate copay or coinsurance for these services.

[Coverage for the whole family

Your plan includes a deductible and an out-of-pocket maximum (the limit on how much you'll have to pay for care) for your whole family, as well as for each individual. After you reach your family deductible, everyone in your family will only pay copays or coinsurance for covered services, even if they haven't reached their individual deductible. And if you reach your family out-of-pocket maximum, no one in your family will pay for covered services for the rest of the year.]

Getting out-of-network care with your Kaiser Permanente Plus™ plan

You already have access to the best of Kaiser Permanente through your plan. But as a KP Plus member, you get even more.¹

With KP Plus, your choices are covered. In addition to Kaiser Permanente and affiliated providers, you can choose to see out-of-network providers for up to 10 provider visits or outpatient medical services and 5 out-of-network prescription fills per year, anywhere in the United States.²

Out-of-network visits

Your plan includes 10 out-of-network visits. An out-of-network visit is any visit or service you get outside the Kaiser Permanente network.

What counts as a visit? Here's an example – this scenario counts as 3 separate visits:

- You have an exam with an out-of-network provider.
- The out-of-network provider refers you for a lab test from an out-of-network facility.
- You're then referred for an X-ray from an out-of-network facility.

For each of the 3 services above, you'll pay a separate copay or coinsurance at your out-of-network rate. Your out-of-pocket costs are usually higher with out-of-network providers. Note that charges from out-of-network providers don't count toward your Kaiser Permanente out-of-pocket maximum.

Make the most of your 10 out-of-network visits by saving them for office visits with your preferred out-of-network provider. See Kaiser Permanente and affiliated providers for lab tests, X-rays, and other services. That way, they'll be covered at the Kaiser Permanente rate rather than the out-of-network rate. We can also send information about your Kaiser Permanente visits to your out-of-network provider.

1. Your plan details depend on which plan your employer offers or you've selected. **2.** In plan documents like your *Evidence of Coverage (EOC)*, Kaiser Permanente and affiliated providers may also be referred to as "in-plan providers." Out-of-network providers may also be referred to as "KP Plus providers."

Out-of-network pharmacy services

Your plan includes up to 5 out-of-network prescription fills per year. Coverage depends on your plan, so before you fill any prescriptions, take a few minutes to review your *Evidence of Coverage*, available at kp.org/coverageandcosts.

Keep in mind that:

- There's no home delivery service with this pharmacy option
- All prescriptions need to be for a 30-day supply
- You may have a higher copay or coinsurance than with a Kaiser Permanente pharmacy
- You may be asked to pay the full cost for out-of-network prescriptions and submit a claim for reimbursement
- Certain prescriptions might require prior authorization from Kaiser Permanente

If you visit an out-of-network doctor and get a prescription written, we recommend asking the provider to make sure the drug is on the Kaiser Permanente formulary. That will help make sure it's covered, and can allow you to pick it up at a Kaiser Permanente pharmacy.

What services are covered out-of-network?

You can use your out-of-network visits for services like:*

- Routine office visits (primary or preventive care)
- Specialty care visits
- Mental health services and substance use disorder treatment
- Physical, occupational, and speech therapy office visits
- Allergy injections received at an office
- Lab services and diagnostic X-rays

*Each item or service counts as a separate out-of-network visit and will apply toward your annual out-of-network visit limit, even if it occurs on the same day or during a single visit to a provider. For additional details, please refer to your *Evidence of Coverage*.

What services aren't covered out-of-network?

These services are only covered by your plan if you receive them at Kaiser Permanente or an affiliated facility:

- Inpatient services
- Outpatient surgery
- Radiation and chemotherapy
- Infertility services
- Prenatal and maternity care
- Skilled nursing facilities
- Advanced imaging (MRI, CT)
- Acupuncture or massage services
- Genetic testing
- Contact lens fittings
- Dental care
- Special procedures
- Many other services not described as covered out-of-network services

Services that aren't covered under your in-network Kaiser Permanente benefits won't be covered under your out-of-network benefits.

Understanding claims

You won't need to file claims for services if:

- You get medical care and services from Kaiser Permanente or affiliated providers
- You pay a copay

If you file a claim:

- You have up to 180 days from the date you got care to submit your claim
- Kaiser Permanente will review the claim and decide what payment or reimbursement may be owed you
- Care needs to be medically necessary – refer to your plan documents for details

How to file a claim

To request reimbursement online, sign in to your **kp.org** account. Select "Coverage & Costs" and click "Submit a claim."

Along with your member reimbursement form (claim form), you'll need to include this information with your claim:

- Itemized bills, which should include the date of service, services received, and cost of each service
- Medical records, including copies of original medical reports, admission notes, emergency room records, and consultation reports
- Proof of payment – for example, receipts or bank or credit card statements

You can also download and print the member reimbursement form at **kp.org/kpplus-georgia**. Complete the form and mail it with your required documents to:

Kaiser Permanente
P.O. Box 370010
Denver, CO 80237-9998

Out-of-network providers may bill you for the difference, if any, between their cost of care and what your plan pays.

New Member Desk

For help getting started – including choosing a doctor, making your first appointment, registering on kp.org, and transitioning prescriptions – call our New Member Desk at **404-760-3540**, Monday through Friday, 7 a.m. to 7 p.m.

Appointment and advice line

To make most appointments or get advice, call **404-365-0966 (TTY 711)**, 24 hours a day, 7 days a week. To schedule specialty appointments, call Monday through Friday, 8 a.m. to 5 p.m.

Customer Service

We're here to help. Call us if you have questions about your benefits and coverage or to request a copy of your *Evidence of Coverage (EOC)*, which has a complete list of the services covered by your plan.

1-855-364-3185 (TTY 711), Monday through Friday, 8 a.m. to 6 p.m.

Your *EOC* can also be found at kp.org/coverageandcosts.

Getting care away from home

Visit kp.org/travel or call the Away from Home Travel Line at **951-268-3900*** for 24/7 travel support anytime, anywhere.

The website and our travel team will help you:

- Learn how to refill an eligible prescription early or away from home
- Find care in a Kaiser Permanente area
- File a claim for reimbursement when you're back

*This number can be dialed inside and outside the United States. Before the phone number, dial "001" for landlines and "+1" for mobile lines if you're outside the country. Long-distance charges may apply, and we can't accept collect calls. The phone line is closed on major holidays (New Year's Day, Easter, Memorial Day, July Fourth, Labor Day, Thanksgiving, and Christmas). It closes early the day before a holiday at 1 p.m. Eastern time (ET), and it reopens the day after a holiday at 7 a.m. ET.
