

Welcome to Kaiser Permanente

Get started in 3 easy steps

Plan overview

Kaiser Permanente AON Deductible Added Choice offers choice and flexibility in one plan. Each time you go for care, you can choose between in-network and out-of-network providers. You have the flexibility to move between the two provider options at any time. It's important to keep in mind that your benefits will vary in each provider option, and the amount you pay for a particular service will depend on the provider option you choose.

Your provider choices¹

In-network: You get quality care from the Kaiser Permanente Signature delivery system, where you can receive services from Mid-Atlantic Permanente Medical Group, P.C. (Permanente), physicians. They're part of a group of over 1,800 physicians who practice in our medical centers located in Maryland, Virginia, and Washington, DC.

Out-of-network: You may visit any licensed physician not included in the network, and you do not need to notify us of your choice.

About this plan

	In-network	Out-of-network
Physicians	Physicians in the Mid-Atlantic Permanente Medical Group.	Any licensed physician or provider not included in the Kaiser Permanente network.
Hospitals	Kaiser Permanente premier hospitals. ²	Any hospital not included in the Kaiser Permanente network.
Out-of-pocket costs	Usually the lowest out-of-pocket costs. There is a deductible. Certain services are offered before a deductible is met. Refer to your coverage document for a list of what services are or aren't subject to the deductible.	Usually the highest out-of-pocket costs. Most services are subject to a deductible and then coinsurance.
	When you visit an in-network Permanente provider, you will not be charged more than your copayment or coinsurance for covered services.	When you visit an out-of-network provider, in addition to your contract year deductible, copayment, and/or coinsurance, you may be responsible for the difference between the billed charges and the maximum allowable charge.
Referral and preauthorization	Referral to see specialists is required. Some services may require pre-authorization. In-network physicians will obtain preauthorization for you.	No referral to specialists is needed. Some services require precertification. You will be responsible for obtaining precertification.
Claims	Virtually no claim forms to complete.	You may be required to pay the full cost of service when you visit the provider, and need to submit claims for reimbursement.

Welcome to Kaiser Permanente!

Let's get started

Making the most of your membership takes only **3 easy steps**. Ready to go?

Step 1

Create your online account on **kp.org**

Step 2

Choose your doctor—and change anytime

Step 3

Get prescriptions

Stay in the know with all things Kaiser Permanente—check out **kp.org/insider** for valuable health insights, facility updates, and member discounts.

Your plan is governed by the Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. (KFHP-MAS), *Group Agreement* and *Evidence of Coverage (EOC)*. Inside this booklet, it is referred to as your "coverage document."

In the event of ambiguity or conflict between this member guide and the KFHP-MAS *Group Agreement* and *EOC*, and/or the KPIC *Group Policy* and *Certificate of Insurance*, your coverage documents shall prevail.

Step 1 Create your online account on **kp.org**

Start using our secure website, **kp.org**, to manage your health on your time¹

Visit **kp.org** anytime, from anywhere, to:

- Schedule an appointment to see physicians and providers by video visit.²
- View most lab results.
- Refill most prescriptions.
- Email your doctor's office with nonurgent questions.
- Schedule and cancel routine appointments.
- Print vaccination records for school, sports, and camp.
- Manage a family member's health care.
- Get a personalized cost estimate.
- Use our Chat with KP feature.
- And much more.

Creating an account is easy

Go to **kp.org/newmember** from a computer or mobile device and follow the sign-on instructions. You'll need your medical record number, which you can find on your member ID card.

Caregiver access

Caregivers can access certain features of **kp.org** for loved ones who are members of Kaiser Permanente. Nonmembers can be caregivers on **kp.org** as long as they're at least 18 years old and have either:

- Permission from you as the member, or
- Legal rights to make health care decisions on your behalf, or legal rights to access your health care information.

To set up an account, go to **kp.org/register** and follow the prompts for caregiver access.

Download the Kaiser Permanente app

After you've registered at **kp.org**, you can download our app to your smartphone.

1. From your smartphone, go to your preferred app site: App StoreSM (iOS) or Google Play[®] (Android[™]).³
2. Search for the Kaiser Permanente app, then download it to your smartphone.
3. Use your **kp.org** user ID and password to activate the app, and you'll be ready to go.

- Access your family's membership information.

To use your digital membership card, tap the card icon at the bottom of the Kaiser Permanente app dashboard.

Personalize your **kp.org** experience

Use your member ID card and our Member Photo Upload feature to add your digital image to **kp.org**.

¹These features are available when you get care at Kaiser Permanente facilities.

²When appropriate and available. If you travel out of state, phone appointments and video visits may not be available due to state laws that may prevent doctors and health care providers from providing care across state lines. Laws differ by state.

Step 2 Choose your doctor—and change anytime

Select from a wide range of great doctors and change anytime, for any reason

At Kaiser Permanente, we know how important it is to find a doctor who matches your specific needs. Even if you don't need to see your doctor right away, having a doctor you connect with is an important part of taking care of your health.

Choose the right doctor

To help you find the personal doctor (also called a primary care physician) who's right for you, you can browse our online doctor profiles. There, you'll see information related to their education, credentials, specialties, and interest areas, as well as if they're accepting new patients.

With your AON Deductible Added Choice plan,¹ you can also choose any out-of-network licensed physician, and you don't need to notify us of your choice.

Women should choose an ob-gyn in addition to their primary care physician.

Change your doctor anytime

You can choose and change your doctor at any time, for any reason. If you don't choose a doctor, one will be chosen for you.

See in-network specialists, some without a referral

You don't need a referral for the following specialties—just call for an appointment:

- **800-777-7904 (TTY 711)** for ob-gyn and optometry
- **866-530-8778** for behavioral health—initial consultations (except inpatient care) and chemical dependency or addiction medicine

For other types of specialty care, your doctor will refer you. If you have an affiliated or network physician, contact that doctor's office directly.

Out-of-network specialists

You don't need a referral to see out-of-network specialists; however, certain services require precertification. You will be responsible for obtaining the precertification prior to your appointment. For more information on precertification, see page 26. KPIC's *Certificate of Insurance* contains a complete listing of services that require precertification.

Choosing an in-network doctor

Choose by phone

Call us at **800-700-7904 (TTY 711)**, 24 hours a day, 7 days a week. Once you've decided on a doctor, we can help you schedule your first appointment.

Choose online

Go to **kp.org/doctor** to browse our doctor profiles, find a doctor who matches your needs, and schedule your appointment.

¹Kaiser Foundation Health Plan of the Mid-Atlantic States (KFHP-MAS) underwrites the in-network coverage and Kaiser Permanente Insurance Company (KPIC), a subsidiary of Kaiser Foundation Health Plan, Inc. (KFHP), underwrites the out-of-network coverage.

Hospital care

kp.org/premierhospitals

Our premier hospitals

Kaiser Permanente carefully selects premier hospitals¹ to team with us in taking great care of you.

Located throughout Maryland, Virginia, and Washington, DC, these award-winning hospitals work with us to provide your treatment when you need inpatient or outpatient hospital care.

What if you're admitted to a non-premier hospital?

Once your condition has stabilized, we may move you to a premier hospital where Kaiser Permanente physicians are on duty. That way, we can deliver seamless and coordinated care during both your hospitalization and your transition out of the hospital.

Out-of-network hospitals:

- You can receive inpatient hospitalization services from any licensed or accredited hospitals and facilities.
- When you receive services, you may need to pay allowable charges (such as the contracted amount a provider has agreed to accept) to the hospital, doctor, or other providers, as described in your plan document. You may also need to submit a claim for reimbursement.

Precertification is required for all inpatient admissions and certain outpatient services.

For locations and details, visit kp.org/premierhospitals.

¹The premier hospitals are independently owned and operated hospitals, and they contract with Kaiser Foundation Hospitals. The continued availability and/or participation of any facility cannot be guaranteed. Kaiser Permanente reserves the right to relocate, modify, or terminate the location for premier hospitals. For the most up-to-date information, visit kp.org/premierhospitals.

X-ray and imaging services

In-network:

- You'll find radiology services at most Kaiser Permanente medical centers.
- For most services, you need a referral from your doctor. They'll let you know how to schedule your appointment.
- At some of our medical centers, we have advanced imaging equipment for MRIs, CT scans, and more.
- X-ray and imaging services are located wherever Urgent Care and Advanced Urgent Care are offered, so you don't have to make a separate trip to have an X-ray or other imaging test.
- You also have access to network radiology facilities in the community. Refer to the *Select Physician Directory* for a list of network radiology facilities.

Out-of-network:

- You can receive X-ray and other imaging services at any licensed facility.
- Some imaging services may be subject to precertification.
- If you receive screenings in out-of-network facilities, you may be required to pay in full and submit a claim for reimbursement. The provider may also bill you for the difference, if any, between actual billed charges and the maximum allowable charge.

Mammograms

Call **800-777-7904 (TTY 711)**, 24 hours a day, 7 days a week, to schedule a mammogram, or contact your out-of-network imaging facility. You don't need a referral from a doctor. Your primary care physician or ob-gyn will talk with you about how often you should be screened.

Lab tests and results

In-network:

- Labs are located in every Kaiser Permanente medical center.
- For most routine lab tests, your Permanente physician will send the order electronically to the lab, and you can just walk in without an appointment.
- Most lab services are located wherever Urgent Care and Advanced Urgent Care are offered. So you don't have to make a separate trip to have a lab test to complete your care. You can also schedule your lab appointment in advance to save time.
- Your results from tests done in Kaiser Permanente medical centers will be in your medical record. Most results can be read online soon after the lab completes your tests, sometimes the same day.

- If your lab tests are not performed in a Kaiser Permanente medical center, follow your referring physician's instructions about how to receive your test results. Refer to the *Select Physician Directory* for a list of network radiology facilities.

Out-of-network:

- You can receive lab tests and other lab services at any licensed facility.
- Some lab services may be subject to precertification.
- If you receive lab services in out-of-network facilities, you may be required to pay in full and submit a claim for reimbursement. The provider may also bill you for the difference, if any, between actual billed charges and the maximum allowable charge.

To see most test results online, register at kp.org/register.

Understanding your costs and benefits

You pay \$0 cost share for in-network preventive care

Preventive care includes routine physicals, well-child visits, and certain screenings and tests (such as mammograms), so there's no need to delay making your first appointment with your primary care physician.

If you have symptoms of a condition, your doctor may order a service to help find out what it is or help treat it. Since you've shown symptoms, this service doesn't qualify as preventive. It's actually diagnostic, since it's used to diagnose your condition, and cost sharing may apply.

You may also get services to help treat a condition that's already been diagnosed. Since you're being treated for an existing condition, these services are also non-preventive, and cost sharing may apply.

Tests or services ordered for or during a routine physical or well-child visit may result in cost sharing if those services are related to diagnosing, monitoring, or treating an existing condition.

You may have a copay for most other care, such as appointments with specialists, urgent care, and some tests and services. Please refer to your plan document.

You can estimate the cost of your next visit at kp.org/costestimates. You'll need to be registered on kp.org to use this secure tool.

Your share of costs

“Cost share” refers to what you pay as part of your share for health care costs. Refer to your plan document to learn more about your plan’s specific cost shares.

Type of cost share	What it is	When you pay
Copayment (copay)	The set fee you pay for a covered service (like a non-preventive office visit) every time that service is provided. Copayments vary depending on your plan and don’t count toward a deductible. However, they do count toward your annual out-of-pocket maximum for most services.	Nearly all plans have copayments or coinsurance. A copayment or coinsurance may be owed on the day you receive services, for each visit, even if multiple visits occur on the same day.
Coinsurance	The percentage of the cost for a covered service. For example, if your coinsurance is 15% and your allowed office visit cost is \$100, then you pay \$15 and the health plan pays \$85. Coinsurance varies according to your plan and does not apply toward the deductible. However, it counts toward your annual out-of-pocket maximum for most services.	There is no copay or coinsurance for preventive care for non-grandfathered plans. What you owe depends on your plan’s benefits and the services you receive.
Out-of-pocket maximum	The maximum amount you pay out of pocket each contract year for most covered services. Once the amounts you have paid equal the out-of-pocket maximum, you pay nothing for those covered services for the remainder of the contract year.	Depending on your plan, the copayments, coinsurance, and deductibles you pay for most services will count toward the out-of-pocket maximum.
Deductible (Visit kp.org/deductibleplans to learn more about deductible plans and find helpful cost tools.)	The set amount you must pay each contract year for covered medical services before the health plan begins to pay its share. Not all services may be applied to the deductible. Deductibles vary depending on the plan you have. Once you have met your deductible, you’ll be required to pay only the applicable copayment or coinsurance for most covered services for the remainder of your plan’s contract year. Certain conditions may apply.	If you have a deductible, you’ll be billed for the full allowed amount for each service that is subject to the deductible during check-in or after the service via mailed bill. You may also receive an estimate of your charges before your office visit for certain services, and you may choose to make a deposit payment based on that estimate.

Estimating your costs

Get a personalized estimate with our online tool

Estimating your out-of-pocket costs is easy thanks to Estimates, our treatment cost calculator.

What is Estimates?

Estimates is our online calculator that gives you cost estimates for many common services.

Where do I find Estimates?

You can find Estimates on kp.org/costestimates. You'll need to be registered on kp.org to use this secure tool.

How does Kaiser Permanente come up with an estimate?

We take the average cost of services in your area. Then we apply our plan benefits and how much you've spent so far for care. You'll see an estimate for your out-of-pocket cost. This will include the costs you're responsible for, such as a copay.

Is the estimate exactly what I'll pay?

No, the estimate gives you a general idea of what you'll pay for a particular service. What you actually pay may be higher or lower depending on the care you receive. Your bill will show the actual cost of the service and what you'll need to pay.

What if the estimate is more than I can afford to pay?

If your estimate is more than you can afford to pay, don't let that keep you from getting the care you need. We offer several options to help you manage your medical expenses when you get care at Kaiser Permanente medical centers. Please call the number on the back of your Kaiser Permanente ID card for assistance.

Questions?

If you can't get an estimate for a service online, call **877-608-0077 (TTY 711)**, Monday through Friday, 7:30 a.m. to 9 p.m. (closed holidays). Don't let an estimate keep you from getting the care you need.

Claims

In-network

You will not file claims for services if:

- You get medical care and services from network providers.
- You get an authorized referral from your network provider to see an out-of-network provider.

If you file a claim:

- You have up to 180 days from the date you received care to submit your claim.
- Kaiser Permanente will review the claim and decide what payment or reimbursement you may be owed
- Care must be medically necessary. Please refer to your coverage document.

How to file the claim

To request payment or reimbursement, log on to kp.org, select [Coverage & Costs](#), and then click [Submit a claim](#). The member reimbursement form will be under the Claim forms section.

Along with your member reimbursement form, the following information is required for all claims:

- Itemized bills (should include date of service, services received, and cost of each item)
- Medical records (copies of original medical reports, admission notes, emergency room records, and/or consultation reports)
- Proof of payment (receipts or bank or creditcard statements)

You can also mail your member reimbursement form and required documents to:

National Claims Administration –
Mid-Atlantic States
P.O. Box 371860
Denver, CO 80237-9998

What you'll receive from us

An Explanation of Benefits that will detail what you need to pay and what the health plan will pay.

Filing an appeal

It is your right to file an appeal if you disagree with a decision not to pay for a claim. Read your coverage document for more information.

Out-of-network

- After you visit an out-of-network provider, you may be asked to pay the full service charge at the time the services are rendered and will have to file a claim, and you may be billed for the difference between what the doctor charges and the reimbursement you received. To receive the reimbursement, you'll need to file a claim if your provider does not accept assignment. The amount you pay for the difference between the full charges and reimbursement you receive for your claim does not accumulate toward meeting the deductible or out-of-pocket maximum.
- If your plan has an annual deductible, reimbursement is based on how much you've already paid toward your deductible and any remaining charges for which you're responsible, such as coinsurance.
- Written notice of your claim should be submitted within 20 days of the date of service, or as soon as reasonably possible.
- Proof of payment must be submitted within 90 days of the date of the service, or as soon as reasonably possible.
- Claims filed more than 12 months after you received care will not be accepted unless it was not reasonably possible to give proof within such time, and the proof is furnished within 2 years after the date of service.
- To obtain medical and pharmacy claim forms,

see your human resources representative or contact KPIC Member Services at **800-392-8649**, Monday through Friday, 9 a.m. to 9 p.m. (closed holidays).

- For nonemergency claims, mail your claim form and itemized statement to:

Kaiser Permanente Insurance Company
(KPIC)
EDI Payor ID: KPIC1
P.O. Box 261130
Plano, TX 75026

- For emergency claims, mail your claim form and itemized statement to:

Kaiser Foundation Health Plan
of the Mid-Atlantic States, Inc.
P.O. Box 371860
Denver, CO 80237-9998

- If your claim is denied, in whole or in part, you'll receive detailed written information on the Explanation of Benefits document you receive. You have the right to file a grievance or appeal if you disagree with the decision not to authorize medical services or drugs, or not to pay for a claim. You may also have a provider file an appeal on your behalf. Refer to your coverage document for specific details about your appeals process.

Precertification

Applies to certain out-of-network services only. Precertification is required for all inpatient care (such as hospital surgical procedures) and certain outpatient procedures.

- Your physician, hospital, or authorized representative may request precertification on your behalf.
- Contact Permanente Advantage at **888-567-6847 (TTY 711)** to obtain precertification. Representatives are available Monday through Friday, 8 a.m. to 11 p.m.
- You may, however, request precertification 24 hours a day, 7 days a week. Response to urgent requests occurs within 2 hours of your message; nonurgent requests during the following business day.
- If you don't obtain precertification for covered services that require it, you may be required to pay the entire expense should the services be deemed not medically necessary. In addition, the following may apply:
 - > You will have to pay a penalty, and the benefit that would have been paid to you will be reduced by 50%, up to a maximum penalty of \$500 per occurrence, even if the service is medically necessary.
 - > Any additional amount you pay for failure to obtain precertification will not be counted toward meeting any applicable deductible, coinsurance, or out-of-pocket maximum.
 - > For a hospital stay or other inpatient care extended beyond the number of days first precertified without further precertification (concurrent review), your benefits for the extra days will be reduced, or will not be covered if deemed not to be medically necessary. Services that aren't covered don't satisfy the deductible and don't accumulate to the out-of-pocket maximum.
- Please review the entire precertification section in your KPIC *Certificate of Insurance* for complete terms, conditions, and limitations. If there are any discrepancies between this guide and the benefits detailed in your KPIC *Group Policy* and *Certificate of Insurance*, the *Group Policy* will prevail.

Dental

You're covered for dental care needed after an accident

Your medical coverage includes dental care needed after an accident. It does not provide additional dental care or dental treatment that is not related to an accident. Refer to your plan document to determine your accidental dental coverage, or contact the benefits officer where you work if your employer provides your coverage.

You may have a plan that includes preventive and other dental benefits. Refer to your health plan *Evidence of Coverage*, or contact the benefits officer where you work if your employer provides your coverage.

For questions about dental benefits (other than accidental dental), visit **kp.org/dental/mas** or call LIBERTY Dental Plan at **800-764-5393** (TTY **877-855-8039**). Knowledgeable LIBERTY Dental Plan member service specialists are available Monday through Friday, 8 a.m. to 8 p.m. (ET), to answer your questions about coverage or to help you find a participating dentist.

Plan overview (continued from the inside front cover)

In-network

Why using in-network services is a great idea:

- You'll generally pay the lowest out-of-pocket costs.
- You can view most lab results, refill most prescriptions, email your doctor's office, schedule routine appointments, and more at kp.org.¹
- If you're having more than one test or procedure, you may be able to have them done in one place and refill your prescription at the same place, saving you time.
- When you call for medical advice, you could also have a video visit with a doctor who is connected to your personal care team. You can also make a video appointment with your primary care doctor, during regular office hours—both at no extra cost.²
- Urgent Care is available 24/7 at seven medical centers, and on evenings and weekends, Urgent or After Hours Care is available at seven others.
- There is a deductible that you have to meet for most services.
- Preauthorization may be required for certain services, which your Permanente physician will obtain for you.

Refer to your coverage document for more information.

Out-of-network

Key things to remember for out-of-network care:

- Your out-of-pocket costs will generally be higher when you choose to receive services from out-of-network providers and facilities.
- You may need to submit claims for reimbursement.
- Certain services require precertification.

Member responsibilities:

- It is your responsibility to manage pre-certification requests, claim forms, and other administrative tasks.
- Out-of-network providers may require you to pay the full cost of each visit at the time of your visit. If so, you'll need to submit claim forms with itemized bills for reimbursement.

Out-of-network costs:

- After you receive any out-of-network covered medical service, and once a medical claim for your service has been verified as an eligible benefit, you will receive an Explanation of Benefits (EOB). The EOB will show you a breakdown of the charges and payments for your visit, deductible and out-of-pocket maximum accumulations, and how much you are responsible for paying (this is not a bill).
- When you choose out-of-network providers, you must first meet your annual deductible before KPIC begins to pay for covered services (most services are subject to the annual deductible).
- After you meet your deductible, you'll have to pay coinsurance or copays for covered services for the rest of the contract year or until you reach your out-of-pocket maximum. Out-of-network providers may also bill you for the difference, if any, between actual billed charges and the maximum allowable charge.
- Out-of-network physicians are not connected electronically to one another or to you, which means you manage your own care, carrying your paper medical record and other files with you from office to office. You must follow up to be sure that test results are communicated between doctors' offices. You must wait for lab results.
- Your pharmacist is not linked to your medical record.

Refer to your coverage document for more information.

¹These features are available for care provided at Kaiser Permanente medical centers.

²When appropriate and available. If you travel out of state, phone appointments and video visits may not be available due to state laws that may prevent doctors and health care providers from providing care across state lines. Laws differ by state.
