Provider selection criteria

Kaiser Foundation Health Plan of the Northwest (KFHPNW) offers several networks that are comprised of the Kaiser Permanente integrated health care delivery system. The primary contracted provider groups and facilities that participate include Northwest Permanente, P.C., Physicians and Surgeons, facilities owned and operated by Kaiser Foundation Hospitals (hospitals, Kaiser Permanente medical offices, Kaiser Permanente pharmacies), The Portland Clinic, Heraya Health, and contracted hospitals. In general, the networks contain physicians, specialists and facilities to provide services to individuals and groups covered under all Kaiser Permanente plans.

Prior to allowing network participation, providers must successfully complete the initial credentialing process and demonstrate their ongoing ability to meet credentialing standards through a re-credentialing process. Providers are required to provide the information needed to review and verify their credentials. To ensure

quality and safety of care between re-credentialing cycles, Kaiser Permanente performs ongoing monitoring of the participating provider's performance. Kaiser Permanente acts on important quality or safety issues in a timely manner by taking appropriate action against a participating provider when occurrences of poor quality are identified.

We also monitor and analyze member feedback relating to network access, availability of providers, and cultural needs and preferences. This information helps guide our network improvement efforts.

If you are looking for a gender affirming treatment provider and can't find a provider close to you, please call our Member Services department at 1-800-813-2000 for help finding an in-network provider.

Emergency care

For life-threatening or limb-threatening medical or psychiatric conditions, call 911 or go to the nearest emergency facility. Emergency medical conditions are conditions in which the immediate onset of symptoms, including pain, is severe enough to lead a prudent layperson with an average knowledge of health and medicine to reasonably believe immediate medical attention is needed:

- To avoid serious impairment of bodily functions or serious dysfunction of a bodily organ or part.
- Because there is a serious threat to the health of the individual or a fetus (unborn child).

Symptoms that may indicate an emergency include:

- chest pain or pressure that may radiate to the arm, neck, back, shoulder, jaw, or wrist
- sudden onset of severe abdominal pain
- severe shortness of breath
- severe, persistent bleeding that cannot be stopped
- major injuries like gunshot or stab wounds or severe injuries from a vehicle accident
- active labor when there isn't time for a safe transfer to your hospital before delivery

See your *Evidence of Coverage (EOC)* or *Membership Agreement* for a complete definition.

Care at out-of-network facilities

If you are not treated by a Dual Choice facility, you or someone on your behalf must contact Kaiser Permanente once your condition is stable. Any care you get after you are stable (post-stabilization care) may not be fully covered unless we authorize it first. To request prior authorization, call Kaiser Permanente at **1-855-281-1840** before you receive the services.

In an emergency, an out-of-network doctor may admit you to an out-of-network hospital. In this case, you must notify us as soon as you reasonably can, or someone else can notify us for you. If you don't, your hospital stay may not be fully covered.

Urgent

Urgent care is treatment for unforeseen, nonemergency conditions that require prompt medical attention to keep them from becoming more serious. Urgent care is covered at Dual Choice providers, Dual Choice facilities, out-of-network providers, and out-of-network facilities if your EOC would cover the services if they were not urgent.

Pharmacy services

Kaiser Permanente has a formulary list of medications and supplies covered for your benefit. To get a prescription at your usual copayment or coinsurance, the drug must be on our formulary, or your Northwest Permanente physician must feel the drug meets the exception criteria for a non-formulary drug, including any medication-specific criteria. Our health care team uses the formulary to help determine the safest, most effective prescription for you.

Once you have a prescription written by a participating provider, you can order your prescription refills without standing in line at **kp.org/rxrefill**. You can save time and money through our postage-paid Mail-Delivery Pharmacy service, available for most prescriptions. You may also call our automated telephone service at **1-800-548-9809**.

To place an order, you'll need your credit card or debit card information, health record number, and prescription number(s). We'll send your refill to the postal address you choose. Allow 7 to 10 workdays for prescriptions to arrive in the mail.

You can also pick up your prescriptions and buy over-the-counter medications at most of our Kaiser Permanente medical offices.

To contact your local pharmacy, call **1-800-813-2000** option 1 then option 2.

If you have a prescription drug benefit, you can find details in your *EOC*.

Please note: Drugs that require special handling, such as temperature-sensitive or high-cost medications, are not provided through our Mail-Delivery Pharmacy. We do not mail drugs to addresses outside the states of Oregon and Washington.

When you travel, we've got you covered

You're covered for most emergency and urgent care when you travel, subject to the terms and limitations in your *EOC*.

Urgent care is treatment for an unforeseen, nonemergency condition that requires prompt medical attention. Urgent care in an emergency department outside our service area is subject to the emergency department copayment, coinsurance, and/or deductible. If you pay for care, we'll reimburse you for the charges covered under your plan, minus any copayment, coinsurance, or deductible. Just send us the receipts, medical records, and itemized bills.

Hospital stays. Please call us at 1-877-813-5993 immediately after being admitted to a hospital. Other Kaiser Foundation Health Plan

service areas have hospitals. If you are admitted to a hospital owned and operated by Kaiser Foundation Health Plan, you don't need to call us.

Routine and follow-up care. If you travel to an area listed on the facing page, you may receive routine care at designated facilities consistent with the Kaiser Permanente region's capability. The types of care you may receive and what you pay may be different from your benefits, copays, coinsurance, and deductibles in our service area. For more information about receiving care in other Kaiser Foundation Health Plan or Allied Plan service areas, including availability of services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at **kp.org/travel**.

Other Kaiser Foundation Health Plan service areas

If you need care while you're in the service areas listed on the facing page, please contact Member Services. They will help you make an appointment and answer your questions.

Member Services hours vary by region. In general, the hours are Monday through Friday, 8 a.m. to 5 p.m. If you'd like more details, order a travel packet online or contact Member Services.

Note: Available services may change at any time.

Health plan administration

Coverage

For a particular treatment or service to be covered, it must be:

- Medically necessary.
- Covered by the plan in which you are enrolled.
- Provided, prescribed, or directed by a PPO health care provider unless:
  - Your *EOC* says otherwise.
  - You receive emergency care.
  - You are enrolled in a PPO Plus plan and receive care under Tier 2.

To ask about coverage for a specific treatment or service, contact Member Services (see page 8).

Complaints, grievances, and appeals

If you're dissatisfied with your care, discuss it with your provider as soon as possible. For other problems with care or service, ask to speak with an administrator before you leave the medical office.

If you still aren't satisfied, ask Member Services about the member satisfaction procedure. We'll give you information about the complaint, grievance, and appeal process.

You can also get this information in your *EOC* and on **kp.org**.

Independent reviews

If you've exhausted the appeal process within KFHPNW, your appeal may be eligible for an external review. Certain kinds of decisions can be reviewed by an independent review organization (IRO). You must ask for an external review within 180 days of the date on your final decision letter from us.

If you request an external review, and your appeal qualifies for review, we will send your appeal to the IRO. (Remember that your appeal may or may not qualify for IRO review.) Your pertinent medical records will be included. For details, see the instructions in your decision letter. You can also find information in your *EOC*. Or you may contact Member Services for information. You are not responsible for the cost of an IRO review.

Privacy practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers and facilities to protect your PHI. Your PHI is individually

identifiable information about your health, health care services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of services. We are sometimes required by law to give PHI to others such as government agencies or in judicial actions. PHI is shared with your employer or plan sponsor only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices,* which provides additional information about our privacy practices and your rights regarding your PHI, will be furnished to you upon request. To request a copy, please call Member Services. Our *Notice of Privacy Practices* is also available at your local plan facility and at **kp.org/privacy**.

Patient safety

We want to provide you with care that is reliable, effective, consistent, and safe. You are an important part of your health care team. Here are some things you can do to be actively involved.

Prepare for your visits. Think about what your provider needs to know and what questions you have. Be sure to bring a list of medications that you are currently taking.

Share information about your medical history, symptoms, medications, and drug allergies. Explain to your doctor why and how often you take each medication.

Ask your doctor:[1]

- What is my main problem?
- What do I need to do about it?
- Why is it important for me to do this?

Discuss the options for your care. Have your doctor review with you any health-related information handed to you during the visit.

Get test results. Read and understand them. Get help if you need it.

At the end of your visit, be sure to repeat back to your doctor in your own words what is expected of you after the visit.

Find out what to expect after surgery.

New technology assessments

When a new medical technology or procedure needs review, our Interregional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from the interregional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when the contract renews.

- Expect that the confidentiality of all personal health information, communications, and records regarding your care are protected. This information will not be released to any person or entity not affiliated with Kaiser Permanente without your prior authorization. We may make exceptions to this policy only when the release of information is authorized by law or when the information is to be used for quality improvement activities, bona fide research, or statistical reporting. You may review and obtain copies of your medical or dental records, unless restricted by law or when detrimental to your own well-being. If you think part of your medical record is incorrect, you may add a statement listing your objections and corrections.
- Receive a response in an appropriate, confidential, and timely manner to any concerns you have about your care or services provided, without sanction or reprisal. Member Services will inform you of member satisfaction procedures and resources available to assist you.
- Be informed of business relationships between your Health Plan and others — health care providers, educational institutions, insurer — that may influence your treatment and care.
- Receive information about charges and payment methods. We will provide an itemized statement of non-covered services upon request, for an additional service charge.
- Voice your complaints freely without fear of discrimination or retaliation. If you are not satisfied with how your complaint was handled, you may have us reconsider your complaint.
- Make recommendations regarding Kaiser Permanente's Member Rights and Responsibilities policy.

Your responsibilities

You have the responsibility to:

- Follow the treatment plan agreed on by you and your health care practitioner. You have a responsibility to inform your health care practitioner if you do not understand or cannot follow through with your treatment, and to let your health care practitioner know if changes need to be made.
- Improve the quality and safety of your care by providing accurate and complete information about your medical history, medications, and any changes in your condition.
- Understand your health problems and participate in developing mutually agreed upon treatment goals, to the extent possible. Ask questions if you do not understand any aspect of your medical or dental condition or treatment.
- Be aware of the daily lifestyle decisions that affect your health, and that the choices you make can reduce the risks to your health and the health of your family.
- Tell your health care team if you are satisfied or dissatisfied with any aspect of your care.
- Provide your family, health care practitioner, and hospital with a copy of any advance directive you wish Kaiser Permanente to follow, should you be unable to make your own decisions.
- Treat your health care team with consideration and respect.

- Treat other patients with consideration and respect. When you are in the hospital, avoid having the volume on television sets too loud, having too many visitors, or holding loud conversations that may disturb other patients.
- Comply with the no-smoking, no-weapons, and visiting-hours policies.
- Be familiar with your health care benefits.
- Tell us if you have any other health insurance coverage or prescription drug coverage in addition to our plan. Please call Member Services to let us know.
- Tell us if you move. If you are going to move, it is important to tell us right away. If your coverage is through your employer, it is important that the change of address is also reported to your employer.
- Have your Kaiser Permanente ID card handy when you call for an appointment or advice, or when you come in for care.
- Notify Kaiser Permanente in advance if you will be late for, or have to cancel, an appointment.
- Pay your bills on time and pay your copayments when you come in for care.

Alternative Care

If your plan includes an alternative care or chiropractic benefit, your per-visit charge and annual benefit maximum are shown on your *Evidence of Coverage (EOC)*. The benefit may cover visits for chiropractic care, acupuncture, naturopathic care, and massage therapy. The amount you pay for visits to alternative care providers varies by the type of service.

You may choose from alternative care providers throughout our service area.* Some services may require a referral to receive care. Check your *EOC* for plan specifics. When you need alternative care, just choose a provider from the list provided here or at **herayahealth.com**, and call for an appointment. You can also call the Washington State Department of Health at 360-236-4700 or visit the Oregon Medical Board website at **oregon.gov/omb/pages/index.aspx** for additional information on alternative care certifying agencies/bodies, including malpractice history and disciplinary actions.
