DUAL CHOICE NETWORK PROVIDER SELECTION CRITERIA IN OREGON AND WASHINGTON

Kaiser Foundation Health Plan of the Northwest offers several networks that include the Kaiser Permanente integrated health care delivery system. The networks include physicians, specialists, and facilities that provide services to individuals and groups covered under Kaiser Permanente plans. The primary contracted provider groups and facilities that participate include:

- Northwest Permanente, P.C., Physicians and Surgeons
- Facilities owned and operated by Kaiser Foundation Hospitals (hospitals, Kaiser Permanente medical offices, and Kaiser Permanente pharmacies)
- The Portland Clinic
- The CHP Group

The Dual Choice network is made up of the Kaiser Permanente integrated health care delivery system (as described above) and most First Choice Health providers and facilities (or First Health Network for members in states other than Oregon, Washington, Idaho, Montana, WY, ND, SD, and AK) as In-Network providers. The Dual Choice network is designed to offer access to a broad provider network that includes both Kaiser Permanente providers and a nationwide network at the In-Network benefit level. Members can also access out-of-network providers and facilities, although out-of-pocket expenses are generally higher than the In-Network provider options.

Before providers can participate in a network, they must successfully complete the initial credentialing process and demonstrate their ongoing ability to meet credentialing standards through a recredentialing process. Providers are required to supply the information needed to review and verify their credentials. To ensure quality and safety of care between recredentialing cycles, we perform ongoing monitoring of the providers' performance. We act on important quality or safety issues in a timely manner by taking appropriate action against In-Network providers when occurrences of poor quality are identified.

We also monitor and analyze member feedback relating to network access, availability of providers, and cultural needs and preferences. This information helps guide our network improvement efforts.

To verify board certification for an individual practitioner, please visit the American Board of Medical Specialties (<http://www.abms.org/member-boards/specialty-subspecialty-certificates/>), the American Medical Association (<https://www.ama-assn.org/>), or the American Osteopathic Association (<https://www.osteopathic.org/>) websites.

If you are looking for a gender affirming treatment provider and can't find a provider close to you, please call our Member Services department at 1-800-813-2000 for help finding an in-network provider.

EMERGENCY CARE

For life-threatening or limb-threatening medical or psychiatric conditions, call 911 or go to the nearest emergency facility. Emergency medical conditions are conditions in which the immediate onset of symptoms, including pain, is severe enough to lead a prudent layperson with an average knowledge of health and medicine to reasonably believe immediate medical attention is needed:

- To avoid serious impairment of bodily functions or serious dysfunction of a bodily organ or part.
- Because there is a serious threat to the health of the individual or a fetus (unborn child).

Symptoms that may indicate an emergency include:

- chest pain or pressure that may radiate to the arm, neck, back, shoulder, jaw, or wrist
- sudden onset of severe abdominal pain
- severe shortness of breath
- severe, persistent bleeding that cannot be stopped
- major injuries like gunshot or stab wounds or severe injuries from a vehicle accident
- active labor when there isn't time for a safe transfer to your hospital before delivery

See your *Evidence of Coverage (EOC)* or *Membership Agreement* for a complete definition.

Dual Choice In-Network facilities

The hospitals in this directory are part of the Dual Choice network. For a searchable list of Kaiser Permanente and In-Network providers, visit kp.org/dualchoice/nw and click "Finding Doctors and Facilities."

Care at out-of-network facilities

If you are not treated by a Dual Choice facility, you or someone on your behalf must contact Kaiser Permanente once your condition is stable. Any care you get after you are stable (post-stabilization care) may not be fully covered unless we authorize it first. To request prior authorization, call Kaiser Permanente at **1-855-281-1840** before you receive the services.

In an emergency, an out-of-network doctor may admit you to an out-of-network hospital. In this case, you must notify us as soon as you reasonably can, or someone else can notify us for you. If you don't, your hospital stay may not be fully covered.

Urgent

Urgent care is treatment for unforeseen, nonemergency conditions that require prompt medical attention to keep them from becoming more serious. Urgent care is covered at Dual Choice providers, Dual Choice facilities, out-of-network providers, and out-of-network facilities if your EOC would cover the services if they were not urgent.

We provide care based on what is most appropriate for the condition being treated or diagnosed and the existence of coverage. We do not make decisions about hiring, pay, promotions, or termination of employment based on the likelihood that denials will be supported.

Examples include:

CHECKLIST FOR APPOINTMENTS

To get the most out of your appointments and help us keep you safe and healthy, be an active participant with your health care team. Follow these five steps:

1. Prepare for your office or hospital visit. Write down questions and notes beforehand. To prepare for your visit:
 - Arrive 10 to 15 minutes early to allow time for check-in.
 - Bring your Kaiser Permanente ID card and a photo ID.
 - If you are covered by another health plan – including Medicare, Medicaid, or any other medical insurance carrier – bring your ID card for that plan too. If that plan is your primary plan, we'll coordinate the benefits. (This does not apply to Oregon individual and family plan members and other non-group members.)
 - If you're having trouble communicating, bring a friend or family member along to help you ask questions and remember answers.
 - If you're being seen for a work- or accident-related illness or injury, tell the receptionist.
2. If your plan includes a copayment, coinsurance, or deductible, be prepared to pay it when you check in.
 - You may pay by cash, check, debit card, and Visa, MasterCard, Discover, and American Express cards. What you pay depends on your plan benefits.
3. Bring a list of all the medications you are taking, including over-the-counter medications such as aspirin, vitamins, and herbal supplements. If you have any questions about your medications, ask your doctor. Learn more about your medications at kp.org/medications.
4. Speak up when you have questions or concerns. If you have questions, make a list and bring it to your appointment. After your questions are answered, summarize the information in your own words to help clarify the information. It's a good idea to ask questions before a medical test, when your doctor prescribes medication, and before you begin any medical treatment.

What to ask:*

- What is my main problem?
 - What do I need to do about it?
 - Why is it important for me to do this?
5. Be patient with questions from your health care team. Different members of your health care team may ask the same questions several times, such as your name or whether you have allergies. Asking these questions is one way we make sure you are getting the right care.

PREVENTIVE CARE – STAYING HEALTHY

Care during and after pregnancy

Having a baby can be one of life's most joyous and challenging experiences. We can help you on the journey – whether you are dreaming of motherhood, have a baby on the way, or are holding your newborn in your arms. Visit kp.org/pregnancy for information.

If you are pregnant, we recommend that your first visit with a doctor, nurse practitioner, or nurse-midwife take place between the 6th and 12th week of pregnancy. In many cases, visits will follow the schedule below. Some women will need to be seen more often.

Pregnancy visit schedule

Weeks 6-12. Pregnancy education, discussion of genetic testing choices, physical exam, lab tests, and determining due date.

Week 16. Schedule ultrasound test for 18-20 weeks.

Week 22. Monitor fetal activity, watch video, and schedule childbirth class.

Week 28. Get fetal kick count, start classes, and do blood tests.

Week 32. Schedule hospital tour and fill out hospital forms.

Week 36. Discuss birth plan, get a Group B strep test, and determine baby's position.

Week 38. Labor education.

Week 40. Discuss overdue delivery plan.

Week 41. Start and revise postdate plan. Do a non-stress test to monitor baby's condition.

After delivery. See your provider four to six weeks after giving birth.

If you think you are pregnant – or would like to talk about planning a pregnancy – call the Obstetrics-Gynecology Department at your provider's office. Visit kp.org/pregnancy for information to help you on this journey.

WHEN YOU TRAVEL, WE'VE GOT YOU COVERED

You're covered for most emergency and urgent care when you travel, subject to the terms and limitations in your *EOC*.

Urgent care is treatment for an unforeseen, nonemergency condition that requires prompt medical attention. Urgent care in an emergency department outside our service area is subject to the emergency department copayment, coinsurance, and/or deductible (see page 3). If you pay for care, we'll reimburse you for the charges covered under your plan, minus any copayment, coinsurance, or deductible. Just send us the receipts, medical records, and itemized bills.

Hospital stays. Please call us at **1-855-281-1840** immediately after being admitted to a hospital. Other Kaiser Foundation Health Plan service areas have hospitals. If you are admitted to a hospital owned and operated by Kaiser Foundation Health Plan, you don't need to call us.

Routine and follow-up care. If you travel to an area listed on the facing page, you may receive routine care at designated facilities consistent with the Kaiser Permanente region's capability. The types of care you may receive and what you pay may be different from your benefits, copays, coinsurance, and deductibles in our service area. For more information about receiving care in other Kaiser Foundation Health Plan or Allied Plan service areas, including availability of services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

Other Kaiser Foundation Health Plan service areas

If you need care while you're in the service areas listed on the facing page, please contact Customer Service. They will help you make an appointment and answer your questions.

Customer Service hours vary by region. In general, the hours are Monday through Friday, 8 a.m. to 5 p.m. If you'd like more details, order a travel packet online or contact Customer Service (see page 6).

ADVANCE DIRECTIVES

If you are an adult, you have the right to know about any medical treatment your provider recommends for you and the right to refuse it if you choose. However, a serious illness or sudden injury could leave you unable to make decisions or express your wishes. In that case, your relatives and caregivers would have to decide what you would want.

Some states, including Oregon and Washington, allow you to put in writing (ahead of time) your medical preferences if you are seriously ill or injured and unable to communicate your wishes. These documents are called advance directives.

Completing an advance directive is your choice. If you choose not to fill out and sign these forms, it will not affect your health plan coverage or your access to care. Advance directive forms are used only when you are unable to communicate your health care wishes. You have the right to decide your own health care as long as you are able to.

Advance directives in Oregon

The *Oregon Advance Directive* lets you name a person to direct your health care when you cannot do so. Your health care representative must agree in writing to do this. This form allows you to give instructions for health care providers to follow if you become unable to direct your care. These instructions may include decisions about general health care and the withholding or withdrawal of life-sustaining procedures, including artificially administered food and water. You will get care for your comfort and cleanliness no matter what health care choices you make. Your advance directive is valid only if you sign it voluntarily when you are of sound mind. You may revoke it at any time.

Another type of advance directive is the *Physician Orders for Life-Sustaining Treatment* (POLST). Unlike the *Oregon Advance Directive*, which is for anyone 18 and older, POLST forms are only for those who are frail or living with a life-threatening illness. POLST forms are written by your doctor. Once your doctor signs the POLST form, it becomes a medical order and must be followed by medical personnel, including paramedics, in an emergency.

Advance directives in Washington

Washington has three advance directive documents. The *Directive to Physicians* allows you to identify, in advance, life support treatments you do or do not want. It remains in force unless you revoke it.

A *Durable Power of Attorney for Health Care* lets you appoint a health care representative to act on your behalf if you become unable to communicate your wishes or make decisions about your care. Unless you specify otherwise, it remains in force for your lifetime. You may revoke it at any time.

Another type of advance directive in Washington is the *Physician Orders for Life-Sustaining Treatment* (POLST). Unlike the advance directives mentioned above, which are for anyone 18 and older, POLST forms are only for those who are frail or living with a life-threatening illness. POLST forms are written by your doctor. Once your doctor signs the POLST form, it becomes a medical order and must be followed by medical personnel, including paramedics, in an emergency.

Other advance directives

Mental health advance directives are written documents that describe what you want to happen if you become so incapacitated by mental illness that your judgment is impaired or you are unable to communicate effectively. It can tell others what treatment you want or don't want. It can also identify a person to whom you have given authority to make decisions on your behalf.

HEALTH PLAN ADMINISTRATION

Coverage

For a particular treatment or service to be covered, it must be:

- Medically necessary.
- Covered by the plan in which you are enrolled.
- Provided, prescribed, or directed by a Dual Choice In-Network health care provider unless:
 - Your *EOC* says otherwise.
 - You receive emergency care.

To ask about coverage for a specific treatment or service, contact Customer Service (see page 6).

Complaints, grievances, and appeals

If you're dissatisfied with your care, discuss it with your provider as soon as possible. For other problems with care or service, ask to speak with an administrator before you leave the medical office.

If you still aren't satisfied, ask Customer Service (see page 6) about the member satisfaction procedure. We'll give you information about the complaint, grievance, and appeal process.

You can also get this information in your *EOC* and on kp.org.

Independent reviews

If you've exhausted the appeal process within KFHPNW, your appeal may be eligible for an external review. Certain kinds of decisions can be reviewed by an independent review organization (IRO). You must ask for an external review within 180 days of the date on your final decision letter from us.

If you request an external review, and your appeal qualifies for review, we will send your appeal to the IRO. (Remember that your appeal may or may not qualify for IRO review.) Your pertinent medical records will be included. For details, see the instructions in your decision letter. You can also find information in your *EOC*. Or you may contact Customer Service for information (see page 6). You are not responsible for the cost of an IRO review.

Notice to Medicare members

We are required to maintain records on the work status of our Medicare members. If you have recently changed your work status (for example, if you have stopped working or have gone back to work), please contact Customer Service (see page 6).

Medicare eligibility

If you have recently become eligible for Medicare benefits, please contact Customer Service (see page 6).

Privacy practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers and facilities to protect your PHI. Your PHI is individually identifiable information about your health, health care services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of services. We are sometimes required by law to give PHI to others such as government agencies or in judicial actions. PHI is shared with your employer or plan sponsor only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices*, which provides additional information about our privacy practices and your rights regarding your PHI, will be furnished to you upon request. To request a copy, please call Customer Service (see page 6). Our *Notice of Privacy Practices* is also available at your local plan facility and at kp.org/privacy.

Patient safety

We want to provide you with care that is reliable, effective, consistent, and safe. You are an important part of your health care team. Here are some things you can do to be actively involved.

Prepare for your visits. Think about what your provider needs to know and what questions you have. Be sure to bring a list of medications that you are currently taking.

Share information about your medical history, symptoms, medications, and drug allergies. Explain to your doctor why and how often you take each medication.

Ask your doctor:*

- What is my main problem?
- What do I need to do about it?
- Why is it important for me to do this?

Discuss the options for your care. Have your doctor review with you any health-related information handed to you during the visit.

Get test results. Read and understand them. Get help if you need it.

At the end of your visit, be sure to repeat back to your doctor in your own words what is expected of you after the visit.

Find out what to expect after surgery.

New technology assessments

When a new medical technology or procedure needs review, our Interregional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from the interregional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when the contract renews.

OREGON AND WASHINGTON

About your rights and responsibilities

At Kaiser Permanente, we believe that maintaining good health is a very important part of your well-being. Providing the quality health care necessary to maintain your good health requires building a partnership between you and your health care professionals.

You need information to make appropriate decisions about your care and lifestyle choices. Your health care professionals need your involvement to ensure you receive appropriate and effective health care. Mutual respect and cooperation are essential to this partnership.

It is important for you to know what you can expect and what we need from you when you receive care at Kaiser Permanente.

You have the right to:

- Receive information about Kaiser Permanente, our services, our health care practitioners and providers, and your rights and responsibilities.
- Be treated with consideration, compassion, and respect taking into account your dignity and individuality, including privacy in treatment and care without regard to your race, religion, ethnicity, color, national origin, cultural background, ancestry, language, gender, gender identity, gender expression, sex, sexual orientation, marital status, physical or mental disability, genetic information, age, or financial status.
- Be supported in selecting and changing clinicians and seeking a second opinion within our plan.
- Participate with practitioners in making decisions about your health care.
- Receive full information about your care, including a candid discussion of appropriate or medically necessary treatment options for your conditions; the benefits, risks, and alternatives of recommended treatments or procedures regardless of cost or coverage; and realistic alternatives when hospital care is no longer appropriate. We'll provide information in a way you can understand and provide an interpreter if you need one.
- Receive assistance when you face difficult medical ethics issues by arranging consultations with members of our ethics services staff.
- Be supported if you change your mind about any procedure, refuse treatment, or decline to participate in medical training programs or research projects, and inform you of the consequences of your refusal.
- Be respected for your right to personal privacy and your right to make decisions about your future.
- Give instructions about what is to be done if you are not able to make medical decisions for yourself. The legal documents that you can use to give your directions in advance are called "advance directives."
- Timely access to your covered services and drugs. As a plan member, you have the right to get appointments and covered services from our network of providers within a reasonable amount of time. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

We may make exceptions to this policy only when the release of information is authorized by law or when the information is to be used for quality improvement activities, bona fide research, or statistical reporting. You may review and obtain copies of your medical or dental records, unless restricted by law or when detrimental to your own well-being. If you think part of your medical record is incorrect, you may add a statement listing your objections and corrections.

- Improve the quality and safety of your care by providing accurate and complete information about your medical history, medications, and any changes in your condition.
- Understand your health problems and participate in developing mutually agreed upon treatment goals, to the extent possible. Ask questions if you do not understand any aspect of your medical or dental condition or treatment.
- Be aware of the daily lifestyle decisions that affect your health, and that the choices you make can reduce the risks to your health and the health of your family.
