WELCOME

to Kaiser Permanente

Our approach to health care is simple:
We combine care and coverage together. We believe it's
a better approach, and we think that you will, too.

We're not just a health care provider—we're your partner in health. We provide both the care you receive in the doctor's office and your health care coverage. This connects your doctor, pharmacy, and medical center to your health plan, enabling us to deliver care that's as unique as you are.

This directory will help you choose the personal primary care doctor who'll work with you to provide the right care to suit your needs.

Care and coverage together give you:

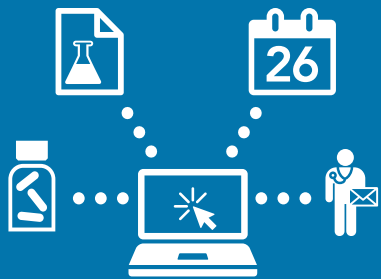

- Your choice of a personal doctor who knows you and your medical needs
- Access to medical advice anytime, day or night
- The ability to connect online to your care team anytime, from anywhere, with your mobile device or laptop
- Most pharmacy refills by mail
- Diagnosis and treatment in medical centers
- Urgent Care centers, many available 24/7
- And so much more*

It's all in this directory: Our primary care doctors, specialists, service locations, and more.

We're dedicated to making our health plans easy to understand, so it's simple and convenient to get quality health care that fits your life.

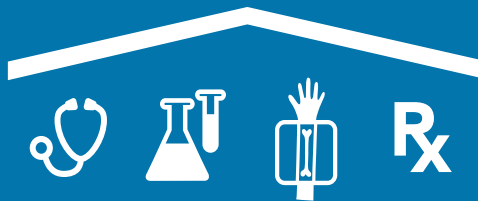

*Available when you receive care from a Permanente doctor, at a Kaiser Permanente facility, or when you communicate with us online at [kp.org](https://www.kp.org).

OUR ADVANCED ELECTRONIC MEDICAL RECORD SYSTEM*

Your personal doctor, pharmacist, and specialists stay connected through this online data-sharing system so they can work together to make the best decisions for you.

HASSLE-FREE CARE UNDER ONE ROOF*

You can visit your doctor, get lab work or an X-ray, and pick up medicine all in one place, making health care more affordable and convenient.

way of life,

Turn to page 141 or visit kp.org/doctor

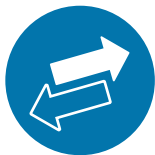

Find the personal doctor (also called a primary care doctor or PCP) that's right for you. You can read about individual doctors with information on specialties, education, languages spoken, locations, and more.

Women over 18 should also choose a personal obstetrician/gynecologist in addition to their PCP. The ob/gyn cares for women's specific needs while communicating with the PCP, providing consistent, personalized care.

Tell us your choice online or by phone

Visit kp.org/doctor, or call Member Services at **855-249-5019** (TTY **711**), Monday through Friday, 7:30 a.m. to 5:30 p.m. (except holidays).

You can also change your doctor at any time, for any reason

! In some cases, the doctor you choose may not be available. You'll be notified if that occurs.

YOU, YOUR DOCTORS, AND KAISER PERMANENTE

Choose with confidence: Your doctors are part of the Mid-Atlantic Permanente Medical Group, P.C.*

Over 1,700 doctors in the multispecialty Mid-Atlantic Permanente Medical Group, P.C., treat Kaiser Permanente members. They practice in Kaiser Permanente medical centers across Maryland and Washington, DC. They promote disease prevention, evidence-based medicine, and open communication—and they are each dedicated to helping you be as healthy as you can be.

1 It starts with your personal doctor

Your Permanente primary care doctor (PCP) partners with you to help you live the healthiest life possible. He or she coordinates your care, orders needed tests, and consults with specialists, pharmacists, and others as needed. When you have a PCP, you have a doctor who knows you, understands your health goals and preferences, and advocates for you. If you're a woman age 18 or older, you also have a personal ob/gyn who coordinates your special health care needs.

2 Continuing your care with specialists

Should you ever need a specialist (for example, a cardiologist, neurologist, podiatrist, or dermatologist), we have doctors who are able to address health care needs across more than 50 medical and surgical specialties. Our specialists are experts in their fields who work together to diagnose and help you decide on the best treatment, whether you have a broken bone or a chronic condition.

Hospital care

kp.org/premierhospitals

Kaiser Permanente carefully selects premier hospitals* to team with us in taking great care of you.

For regular care, your doctor works closely with specialists, pharmacists, lab technicians, therapists, and many other professionals—all of whom are up to the minute on your health—for a better care experience.

We've chosen award-winning hospitals to team with for coordinating your care. As a patient at a premier hospital, your care will be guided 24/7 by Kaiser Permanente doctors who exclusively care for our members at that hospital. With Kaiser Permanente on-site, your care is coordinated within the hospital and with your primary care doctor, ensuring the smooth transition of your care before, during, and after your hospitalization.

If you are admitted to a hospital that is not one of our premier hospitals

Once your condition has stabilized, we may move you to one of our premier hospital locations where our Kaiser Permanente doctors are on duty. By doing so, we can provide you seamless and coordinated care, both during your hospitalization and in your transition out of the hospital.

To understand your benefits for emergency services, please refer to your current Member Handbook.

Skilled nursing facilities

If you require skilled nursing care, you will be directed to a premier skilled nursing facility (SNF), unless a premier SNF cannot provide the level of medical care you need. In the event you need a level of care that is not available at a premier SNF, we will arrange care at one of our participating SNFs to ensure you are admitted to a premier hospital should the need arise. More information is available online at kpskillednursingfacility.com.*

Premier* skilled nursing facilities are those facilities that have entered into a contractual agreement with the health plan and have Permanente doctors and health plan staff available and actively involved in all patient care plans.

Participating skilled nursing facilities* are those facilities that have entered into a contractual agreement with the health plan and where members may be referred when necessary and appropriate.

Our case managers will work with Permanente doctors to ensure you are admitted to a premier or participating facility with the appropriate level of care to meet your specific medical needs.

LE DAMOS LA BIENVENIDA a Kaiser Permanente

Nuestro enfoque para la atención médica es sencillo:
Combinamos el cuidado y la cobertura.
Estamos convencidos de que este modelo funciona
y esperamos que usted vea que así es.

No solo somos un proveedor de atención médica, también somos su aliado en el cuidado de la salud. Le proporcionamos tanto la atención que recibe en el consultorio del médico como su cobertura de atención médica. Esto vincula a su médico, farmacia y centro médico con su plan de salud, lo que nos permite darle una atención tan única como usted.

Este directorio le ayudará a elegir su médico de atención primaria personal que colaborará con usted para brindarle la atención adecuada, que se adapte a sus necesidades.

La atención y la cobertura juntas le ofrecen lo siguiente:

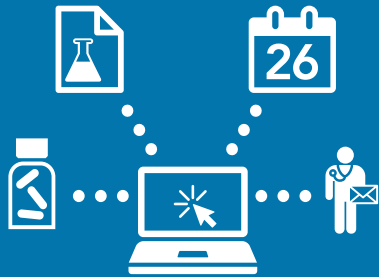

- su elección de un médico personal que lo conozca y que conozca sus necesidades médicas;
- acceso a consejos médicos a cualquier hora del día o de la noche;
- poder conectarse en línea con su equipo de atención en cualquier momento y desde cualquier lugar, desde su dispositivo móvil o computadora portátil;
- la mayoría de los resurtidos de farmacia por correo;
- diagnóstico y tratamiento en centros médicos;
- centros de atención de urgencia, muchos de ellos disponibles las 24 horas del día, los 7 días de la semana;
- y mucho más.*

Todo se encuentra en este directorio: nuestros médicos de atención primaria, especialistas, ubicaciones de los servicios y más.

Estamos dedicados a hacer que nuestros planes de salud sean fáciles de entender, de manera que le resulte sencillo y práctico recibir atención médica de calidad que se adapte a su vida.

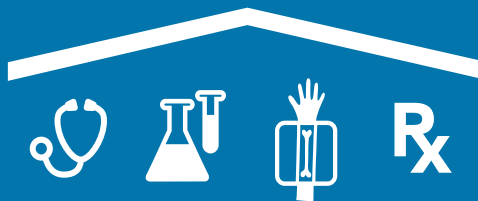

* Disponible cuando recibe atención de un médico del grupo Permanente, en un centro de atención de Kaiser Permanente o cuando se comunica con nosotros en línea en kp.org/espanol.

NUESTRO SISTEMA DE HISTORIA CLÍNICA ELECTRÓNICA AVANZADO*

Su médico personal, farmacéutico y especialistas se mantienen en contacto por medio de este sistema de intercambio de datos en línea que les permite trabajar juntos con el fin de tomar las mejores decisiones para usted.

ATENCIÓN SIN COMPLICACIONES EN UN MISMO LUGAR*

Puede visitar a su médico, obtener pruebas de laboratorio o radiografías y recoger sus medicinas en un solo lugar; esto hace que la atención médica sea más asequible y cómoda.

Para comenzar a tener una vida más sana, obtenga más información acerca de nuestros médicos y elija un médico personal

Vaya a la página 141 o visite kp.org/doctor (en inglés)

Encuentre al médico personal (también llamado médico de atención primaria [primary care physician, PCP]) que sea adecuado para usted. Puede leer sobre un médico en específico para obtener información sobre sus especialidades, educación, idiomas que habla, dónde atiende y más.

Las mujeres mayores de 18 años también deben elegir un especialista en obstetricia y ginecología, además de su PCP. El ginecobstetra atiende las necesidades específicas de la mujer y se comunica con el PCP para proporcionar atención constante y personalizada.

Díganos en línea o por teléfono a quién ha elegido

Atención hospitalaria

kp.org/premierhospitals

Kaiser Permanente selecciona cuidadosamente los hospitales premier* para que trabajen con nosotros y podamos ofrecerle una gran atención.

En la atención normal, su médico trabaja en estrecha colaboración con especialistas, farmacéuticos, técnicos de laboratorio, terapeutas y muchos otros profesionales, todos ellos al tanto de su salud para brindarle una mejor experiencia de atención.

Hemos elegido hospitales galardonados para trabajar con nosotros en la coordinación de su atención. Como paciente en un hospital premier, su atención estará guiada las 24 horas del día, los 7 días de la semana por médicos de Kaiser Permanente que atienden exclusivamente a nuestros miembros en ese hospital. Con Kaiser Permanente en nuestros centros, su atención está coordinada dentro del hospital y con su médico de atención primaria; esto garantiza que la transición de su atención sea fácil, antes, durante y después de su hospitalización.

Si ingresa en un hospital que no es uno de nuestros hospitales premier

Una vez que esté estable, podemos hacer su traslado a uno de nuestros hospitales premier, donde los médicos de Kaiser Permanente están de guardia. Mediante este traslado, podremos ofrecerle una atención continua y coordinada, tanto durante su hospitalización como en su transición al recibir el alta hospitalaria.

Para conocer sus beneficios de servicios de emergencia, consulte su Guía para Miembros actual.

Centros de enfermería especializada

Si necesita atención de enfermería especializada, se le enviará a un centro de enfermería especializada (skilled nursing facility, SNF) premier, a menos que este no ofrezca el nivel de atención médica que necesita. En caso de que necesite un nivel de atención que no esté disponible en un SNF premier, coordinaremos la atención en uno de nuestros SNF participantes para asegurarnos de que ingrese en un hospital premier si fuera necesario. Encontrará más información disponible en línea, en kpskillednursingfacility.com (en inglés).*

Los centros de enfermería especializada premier* son centros de atención que tienen un acuerdo contractual con el plan de salud y cuentan con personal del plan de salud y médicos del grupo Permanente, los cuales están disponibles y participan activamente en todos los planes de atención al paciente.

Los centros de enfermería especializada participantes* son centros de atención que tienen un acuerdo contractual con el plan de salud, a los que pueden ser referidos los miembros cuando sea necesario y apropiado.

Nuestros administradores de casos colaborarán con los médicos del grupo Permanente para garantizar que usted ingrese en un centro de atención premier o participante que preste el nivel de atención adecuado para sus necesidades médicas específicas.

Kaiser Permanente

- Primary care doctors

- Obstetricians/gynecologists

Para ver la versión en español, consulte la página siguiente.

Step one: For everyone

Choose a primary care doctor (PCP) from the list in this section. You and your family members each need a PCP. You can choose one doctor for each family member or a single doctor to treat your entire family. Primary care medical specialties are:

- Family practice
- Internal medicine
- Pediatrics

Step two: For women

If you are a woman, age 18 to 75, choose an obstetrician/gynecologist (Ob/Gyn) from the list in this section *in addition to* your PCP. It's important that you have an Ob/Gyn and a PCP. Please select one of each type of doctor to care for you. To receive information on general and internal medicine, family practice, pediatric, Ob/Gyn, and behavioral health providers who are accepting new patients, as applicable, please go online at **kp.org** or call member services toll free at **855-249-5019** (TTY **711**).

Referrals to specialists

If your primary care doctor decides that you require services from other providers, and those services are covered services, you will usually be referred to a Permanente doctor. Should you require services not available within MAPMG or for which there are no MAPMG providers available under applicable standards, you may be referred to a network doctor in the community for that service, or in rare instances, a non-contracted provider. Referrals for services from non-contracted providers will be authorized only if the services are not available from Permanente or network providers. You must have an authorized referral to a specialist for us to cover the services and/or supplies provided. If the referral is authorized, you will pay only the cost-share you would have paid had a Permanente provider provided the services and/or supplies.

Kaiser Permanente

- Médicos de atención primaria

- Obstetras/ginecólogos

Paso uno: para todos

Elija a un médico de atención primaria (PCP, por sus siglas en inglés) de la lista que aparece en esta sección. Tanto usted como los miembros de la familia necesitan un PCP. Puede elegir un médico para cada miembro de la familia o un solo médico que atienda a toda la familia. Las especialidades médicas de atención primaria son las siguientes:

- Medicina de familia
- Medicina interna
- Pediatría

Paso dos: para las mujeres

Si es una mujer que tiene entre 18 y 75 años, elija a un obstetra o un ginecólogo (pueden estar indicados como "Ob" y "Gyn") de la lista que aparece en esta sección, además de un PCP. Es importante que tenga un obstetra o un ginecólogo y un PCP. Seleccione un médico de cada especialidad para que la atienda. Para obtener información sobre medicina general e interna, medicina de familia, atención pediátrica, atención obstétrica y ginecológica y proveedores de salud del comportamiento que estén aceptando nuevos pacientes, según corresponda, visite el sitio web en kp.org/espanol o llame a la línea telefónica gratuita de Servicio a los Miembros al **855-249-5019** (TTY: **711**).

Remisiones a especialistas

Si su médico de atención primaria decide que necesita servicios de otros proveedores, y esos servicios son servicios cubiertos, normalmente lo remitirán a un médico de Permanente. Si necesita servicios que no están disponibles dentro de MAPMG o para los que no hay proveedores de MAPMG disponibles en virtud de los estándares aplicables, es posible que lo remitan a un médico de la red en la comunidad para ese servicio, o en casos raros, a un proveedor no contratado. Las remisiones a servicios de proveedores no contratados se autorizarán solo si los proveedores de Permanente o de la red no ofrecen esos servicios. Debe tener una remisión autorizada a un especialista para que cubramos los servicios y/o los suministros proporcionados. Si se autoriza la remisión, usted pagará solo el costo compartido que hubiera pagado si los servicios y/o suministros los hubiera proporcionado un proveedor de Permanente.

No podemos garantizar que todos los médicos, centros médicos, hospitales y otros proveedores que aparecen en la lista sigan estando disponibles. Este directorio se actualiza anualmente. Para obtener la lista más actualizada de médicos de atención primaria, visite nuestro sitio web en kp.org/espanol.

Kaiser Permanente specialists

Especialistas de Kaiser Permanente

When your primary care doctor believes you may need specialty care, he or she will request authorization from us. If specialty care is necessary, we will authorize a referral to a particular specialist for an initial consultation and/or for a certain number of visits. If we authorize a referral, you may seek that care from the specialist to whom you were referred. Unless we have authorized additional visits without the need to obtain another referral you must return to your primary care doctor after the consultation. You may see these medical group providers without first obtaining authorization: obstetrical and gynecologists, optometrists, or mental health and substance abuse. You may obtain mental health and substance abuse services from Medical Group mental health or substance abuse providers without a primary care referral by directly calling our Behavioral Health Access Unit at **1-866-530-8778** to arrange for services.

*Quando su médico de atención primaria considere que usted podría necesitar la atención de un especialista, nos solicitará una autorización. Si es necesaria la atención de un especialista, autorizaremos una remisión a un especialista en particular para que realice una primera consulta o para que vaya a una determinada cantidad de visitas. Si autorizamos una remisión, podrá solicitar la atención del especialista a quien haya sido remitido. A menos que hayamos autorizado visitas adicionales sin la necesidad de solicitar otra remisión, deberá volver a ver a su médico de atención primaria después de la consulta. Podrá consultar con los proveedores de los siguientes grupos médicos sin solicitar primero una autorización: obstetras y ginecólogos, optometristas o profesionales especialistas en salud mental y en abuso de sustancias. Podrá obtener servicios de salud mental y de tratamiento de abuso de sustancias de los proveedores especialistas en salud mental y en abuso de sustancias del grupo médico, sin contar con la remisión de un médico de atención primaria, llamando directamente a nuestra Unidad de Acceso a Servicios de Salud del Comportamiento al **1-866-530-8778** para coordinar su prestación.*

Members cannot choose a specialist as a primary care doctor.

Nondiscrimination Statement

It is the policy of Kaiser Foundation Health Plan of the Mid-Atlantic, Inc. (Kaiser Health Plan) not to discriminate on the basis of race, color, national origin, sex, age or disability. Kaiser Health Plan has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints alleging any action prohibited by Section 1557 of the Affordable Care Act (42 U.S.C. 18116) and its implementing regulations at 45 CFR part 92, issued by the U.S. Department of Health and Human Services. Section 1557 prohibits discrimination on the basis of race, color, national origin, sex, age or disability in certain health programs and activities. Section 1557 and its implementing regulations may be examined in the office of Kaiser Civil Rights Coordinator, 2101 East Jefferson Street, Rockville, MD 20852, telephone number: 1-800-777-7902, who has been designated to coordinate the efforts of the Kaiser Health Plan to comply with Section 1557.

Any person who believes someone has been subjected to discrimination on the basis of race, color, national origin, sex, age or disability may file a grievance under this procedure. It is against the law for Kaiser Health Plan to retaliate against anyone who opposes discrimination, files a grievance, or participates in the investigation of a grievance.

Procedure:

- Grievances must be submitted to the Section 1557 Coordinator within (60 days) of the date the person filing the grievance becomes aware of the alleged discriminatory action.
- A complaint must be in writing, containing the name and address of the person filing it. The complaint must state the problem or action alleged to be discriminatory and the remedy or relief sought.
- The Section 1557 Coordinator (or her/his designee) shall conduct an investigation of the complaint. This investigation may be informal, but it will be thorough, affording all interested persons an opportunity to submit evidence relevant to the complaint. The Section 1557 Coordinator will maintain the files and records of Kaiser Health Plan relating to such grievances. To the extent possible, and in accordance with applicable law, the Section 1557 Coordinator will take appropriate steps to preserve the confidentiality of files and records relating to grievances and will share them only with those who have a need to know.
- The Section 1557 Coordinator will issue a written decision on the grievance, based on a preponderance of the evidence, no later than 30 days after its filing, including a notice to the complainant of their right to pursue further administrative or legal remedies.

KAISER PERMANENTE®

The availability and use of this grievance procedure does not prevent a person from pursuing other legal or administrative remedies, including filing a complaint of discrimination on the basis of race, color, national origin, sex, age or disability in court or with the U.S. Department of Health and Human Services, Office for Civil Rights. A person can file a complaint of discrimination electronically through the Office for Civil Rights Complaint Portal, which is available at: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf> or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201.

Complaint forms are available at: <http://www.hhs.gov/ocr/office/file/index.html>. Such complaints must be filed within 180 days of the date of the alleged discrimination.

Kaiser Health Plan will make appropriate arrangements to ensure that individuals with disabilities and individuals with limited English proficiency are provided auxiliary aids and services or language assistance services, respectively, if needed to participate in this grievance process. Such arrangements may include, but are not limited to, providing qualified interpreters, providing taped cassettes of material for individuals with low vision, or assuring a barrier-free location for the proceedings. The Section 1557 Coordinator will be responsible for such arrangements.

Declaración de No Discriminación

La política de Kaiser Foundation Health Plan of the Mid-Atlantic, Inc. (Kaiser Health Plan) es no discriminar según la raza, color, país de origen, sexo, edad ni discapacidad. Kaiser Health Plan ha adoptado un procedimiento interno de quejas formales para la resolución inmediata y de forma justa de las quejas informales sobre cualquier acción contraria a lo establecido en la sección 1557 de la Ley de Cuidado de Salud Asequible (Affordable Care Act, 42 U.S.C. 18116) y de su reglamentación mediante 45 CFR parte 92, emitida por el Departamento de Salud y Servicios Humanos de los EE. UU. (U.S. Department of Health and Human Services). La Sección 1557 prohíbe la discriminación en ciertos programas y actividades de salud por motivos de raza, color, país de origen, sexo, edad y discapacidad. Puede consultar la Sección 1557 y su reglamentación en la oficina del Coordinador de Derechos Civiles de Kaiser, en 2101 East Jefferson Street, Rockville, MD 20852, número de teléfono: 1-800-777- 7902; se designó a esta persona para que coordine los esfuerzos de Kaiser Health Plan para cumplir con la Sección 1577.

Cualquier persona que considere que alguien ha sido discriminado por su raza, color, país de origen, sexo, edad o discapacidad puede presentar una queja formal según este procedimiento. Kaiser Health Plan no podrá tomar represalias contra cualquier persona que se oponga a la discriminación, presente una queja formal o participe en su investigación.

Procedimiento:

- Las quejas formales se deberán presentar ante el Coordinador de la Sección 1557 en un plazo de (sesenta [60] días) desde la fecha en la que la persona que presenta la queja formal tenga conocimiento de la supuesta acción discriminatoria.
- La queja informal deberá estar por escrito e incluir el nombre y la dirección de la persona que la presenta. La queja informal deberá indicar el problema o la acción que se supone es discriminatoria y la solución o el remedio que se busca.
- El Coordinador de la Sección 1557 (o la persona que este designe) investigará la queja informal. Aunque esta investigación es informal, será minuciosa y le dará a todas las personas interesadas la oportunidad de presentar las pruebas relevantes para la queja informal. El Coordinador de la Sección 1557 guardará los archivos y los registros del Kaiser Health Plan relacionados con dichas quejas formales. En la medida de lo posible y de acuerdo con la ley aplicable, el Coordinador de la Sección 1557 tomará los pasos adecuados para mantener la confidencialidad de los archivos y los registros relacionados con las quejas formales y los compartirá únicamente con las personas que deban conocerlos.
- El Coordinador de la Sección 1557 comunicará por escrito su decisión sobre la queja formal, según la relevancia de la prueba, en un plazo de treinta días posteriores a su presentación; asimismo, notificará a la persona que presentó la queja informal sobre su derecho de obtener otros recursos administrativos o legales.

KAISER PERMANENTE®

La disponibilidad y el uso de este procedimiento de queja formal no evitará que la persona pueda presentar otros recursos legales o administrativos, incluida la presentación de una queja informal sobre discriminación por la raza, color, país de origen, sexo, edad o discapacidad ante un tribunal o ante la Oficina de Derechos Civiles del Departamento de Salud y Servicios Humanos de los EE. UU. Una persona puede presentar en forma electrónica una queja informal sobre discriminación a través del portal de quejas informales de la Oficina de Derechos Civiles, que está disponible en: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf,or> (en inglés) o por correo o teléfono en: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201.

Los formularios de quejas están disponibles en <http://www.hhs.gov/ocr/office/file/index.html> (en inglés). Estas quejas informales deben presentarse en un plazo de 180 días desde la fecha de la supuesta discriminación.

Kaiser Health Plan tomará las medidas adecuadas para asegurar que los individuos con discapacidad y aquellos con habilidades limitadas en inglés tengan ayuda y servicios adicionales y servicios de asistencia para el idioma, respectivamente, si necesitan participar en este proceso de queja formal. Estas medidas pueden incluir, por ejemplo, proporcionar intérpretes calificados, cintas grabadas del material para personas con disminución visual o asegurar una ubicación sin barreras para los procedimientos. El Coordinador de la Sección 1557 estará a cargo de tomar dichas medidas.
