Section 1 – Introduction

This directory provides a list of Kaiser Permanente’s network providers. To get detailed information about your health care coverage, please see your **Evidence of Coverage**.

Your Primary Care Provider

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get most of your health care services from your PCP.

Your PCP meets state standards and is trained to give you primary medical care. He or she will usually practice general medicine, also called internal medicine or family practice. Women may also choose specialists in obstetrics-gynecology whom the Medical Group designates as Primary Care Providers. If you need a specialist, your PCP will help you choose a doctor in that field and work with him or her as part of your health care team. At some facilities, you also have the option of choosing a nurse practitioner (NP) or Physician Assistant (PA) to be your PCP.

Your PCP will give you most of your care.

Once you make your choice, it is effective right away. If you wish, you can change your PCP for any reason.

Choosing or changing your doctor

We believe that an important part of your total health is building a personal relationship with your primary care doctor, physician assistant, or nurse practitioner. He or she is your supporter for your health needs and goals, helping you with everything from preventive care exams and advice for healthier living to treating you when you are sick.

Whether you are new to Kaiser Permanente or a longtime member looking for a change, choosing a personal doctor to coordinate your care is easy. You can learn about each doctor’s certifications, specialties, languages spoken, interests, and more on **kp.org/finddoctors** to help you find the right fit for you.

If you want to make a switch, you can change your doctor at any time and for any reason.

Care for your unique needs

You can choose your personal doctor from one of the departments listed next.

- **Adult or Internal Medicine** (Internists)
- **Family Medicine** (Family practitioners)
- **Obstetrics-Gynecology** (Ob-Gyn)
- **Pediatrics** For infants, children, adolescents, and teens.

How to choose or change your doctor Online

Go to **kp.org/finddoctors**. Find information on the available physicians and choose the one who’s right for you.

Getting Covered Care

For Medi-Cal members, you must get most services from Kaiser Permanente Medi-Cal Network providers. The only services you can get from out-of-network providers are:

- Care at a Federally Qualified Health Center (FQHC)
- Care at an Indian Health Center Provider (IHCP)
- Care at a Rural Health Clinic (RHC)
- Covered emergency ambulance services
- Covered emergency services and post-stabilization care
- Covered family planning services

- Covered out-of-area urgent care
- Referrals to out-of-network providers
- Some covered sensitive services

If you obtain services that are not covered by Medi-Cal, you may have to pay for the cost of these services.

The “network providers” listed in this directory have agreed to provide you with your health care and vision services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from out-of-network providers.

To see a specialist, you usually need to get your PCP’s approval first. (This is called getting a “referral” to a specialist.) However, you do not need a referral to get specialty care from network providers in Ob-Gyn, optometry, mental health, and chemical dependency.

Enhanced Care Management, Community Supports, Community Based Adult Services (CBAS), Community Health Worker, and Doula services may require prior authorization and are limited to members who meet specific eligibility criteria. The availability of these services may vary by county.

Timely Access to Care

Your Medi-Cal Network Provider must provide timely access to care based on your health care needs. At minimum, they must offer you an appointment listed in the timeframes in the table below.

Appointment Type	You should be able to get an appointment within
Urgent Care appointments that do not require pre-approval (prior authorization)	48 hours

Urgent Care appointments that do require pre-approval (prior authorization)	96 hours
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) care appointments	10 business days
Non-urgent (routine) mental health provider (non-doctor) follow-up care appointments	10 business days of last appointment
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness, or other health condition	15 business days
Other wait time standards	You should be able to get connected within:
Telephone wait times for Member Services during normal business hours	10 minutes
Telephone wait times for the Appointment and Advice Line	30 minutes to connect to a nurse for advice

Sometimes waiting longer for an appointment is not a problem. Your provider might give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health. Also, if you prefer to wait for a later appointment that will better fit your schedule or go to another provider of your choice, your provider should respect your wish.

The standards for appointment availability do not apply to Preventive Care. Your doctor may recommend a specific schedule for preventive services, depending on your needs. The specific standards listed above also do not apply to periodic follow-up care for ongoing conditions or standing referrals to specialists.

Interpreter services at no cost to you

If you need interpreter services when you call us or when you get covered Services, please let us know. Interpreter services, including sign language, are available during all business hours at no cost to you. We highly discourage the use of minors or family members as interpreters. For more information on the interpreter services we offer in [Northern California](#) and [Southern California](#), call our Member Services Contact Center:

- 1-855-839-7613 (toll free for English and more than 150 languages using interpreter services)
- 1-800-788-0616 (toll free for Spanish)
- 1-800-757-7585 (toll free for Chinese dialects)
- 711 (for TTY users)

If you need interpreter services, including sign language, at a Medi-Cal Rx pharmacy that is outside the Kaiser Permanente network, call Medi-Cal Rx Customer Service at 1-800-977-2273, 24 hours a day, 7 days a week. TTY users can call 711, Monday through Friday, 8 a.m. to 5 p.m.

Bills from health care providers

Covered Services are services that we must pay for. If you get a bill for a Covered Service, do not pay the bill. Call Member Services right away at 1-855-839-7613 (TTY 711).

Emergency and urgent care

If you have an emergency medical condition, call **911** or go to the nearest hospital. Emergency care is for a medical or psychiatric condition, including severe pain, that requires immediate attention to prevent serious jeopardy to your health.

If you are traveling outside the U.S., other than to Canada or Mexico, and need emergency care, Kaiser Permanente will **not** cover your care.

For ease and continuity of care, we encourage you to go to a Network hospital, but only if it is reasonable to do so, considering your condition or symptoms.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our Plan. If you need care in an Out-of-Network hospital after your emergency (Post-Stabilization Care), the hospital will call Kaiser Permanente. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. It is very important that your out-of-network provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. You will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability.

Kaiser Permanente enrollees have full and equal access to covered services, including enrollees with disabilities as required under the Federal Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973, and in compliance with federal and state laws that prohibit discrimination based on disability.

Facility physical accessibility survey

We conduct physical accessibility surveys at certain facilities as required by the California Department of Health Care Services (DHCS). These surveys evaluate 6 areas of access: parking, building exterior, building interior, restrooms, exam rooms, and exam table/scale. For Affiliated Providers and Affiliated Locations, physical accessibility information may be publicly available or self-reported by such providers rather than surveyed by Kaiser Permanente. To help you understand how the survey determines if a facility is accessible for people with disabilities, the following are the levels of accessibility:

Basic access: The facility demonstrates physical accessibility for people with disabilities for each of the following 5 areas surveyed: parking, outside building, inside building, restrooms, and exam rooms.

Limited access: The facility demonstrates physical accessibility for people with disabilities for some but not all of the following 5 areas surveyed: parking, outside building, inside building, restrooms, and exam rooms.

Medical equipment access: The facility demonstrates that patients with disabilities have access to height-adjustable exam tables and weight scales accessible to patients with wheelchairs and scooters. Also indicated by the T symbol described below.

Key to physical accessibility symbols

In the listings, facilities that have received a physical accessibility survey will include symbols showing its accessibility under DHCS guidelines.

E = exam room: The entrance to the exam room is accessible with a clear path. The doors open wide enough to accommodate a wheelchair or scooter and are easy to open. The exam room has enough room for a wheelchair or scooter to turn around.

EB = exterior (outside) building: Curb ramps and other ramps to the building are wide enough for a wheelchair or scooter. Handrails are provided on both sides of the ramp. There is an accessible entrance to the building. Doors open wide enough to let a wheelchair or scooter enter and have handles that are easy to use.

IB = interior (inside) building: Doors open wide enough to let a wheelchair or scooter enter and have handles that are easy to use. Interior ramps are wide enough and have handrails. Stairs, if available, have handrails. If there is an elevator, it is available for public use at all times when the building is open. The elevator has enough room for a wheelchair or scooter to turn around. If there is a platform lift, it can be used without help.

P = parking: Parking spaces, including spaces designated for vans, are accessible. Pathways have curb ramps between the parking lots, offices, and at drop-off locations.

R = restroom: The restroom is accessible, and the doors are wide enough to accommodate a wheelchair or scooter and are easy to open. The restroom has enough room for a wheelchair or scooter to turn around and close the door. There are grab bars that allow easy transfer from wheelchair to toilet. The sink is easy to get to and the faucets, soap, and toilet paper are easy to reach and use.

T = exam table or scale: The exam table moves up and down and the scale is accessible with handrails to assist people with wheelchairs and scooters. The weight scale can accommodate a wheelchair.
