# Provider Directory

**This directory is current as of April 1, 2024.**

This directory provides a list of Kaiser Permanente's current network providers for our Georgia service area, which includes the following counties.

For individual plans the entire counties of: Barrow, Butts, Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Newton, Rockdale, Spalding, and Walton counties, and in Paulding\* County.

For plans through an employer group this includes the entire counties of: Barrow, Bartow, Butts, Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Hall, Henry, Newton, Paulding, Rockdale, Spalding, and Walton counties.

Counties with an asterisk\* are only partly covered by our service area. If you live in a partly covered county, please see the service area description inside for the ZIP codes that are in our service area.

To access the Kaiser Permanente's online provider directory, you can visit **kp.org**. For any questions about the information contained in this directory, please call our Member Services at **1-800-232-4404**, seven days a week, 8 a.m. to 8 p.m. TTY users should call **711**.

To request a hard copy of Kaiser Permanente's provider directory, please call our Member Services Service Department at **1-800-232-4404**, seven days a week, 8 a.m. to 8 p.m. Kaiser Permanente will mail a hard copy of the provider directory to you within three (3) business days of your request. Kaiser Permanente may ask whether your request for a hard copy is a one-time request or if you are requesting to receive the provider directory in hard copy permanently.

If you request it, your request for hard copies of the provider directory remains until you leave Kaiser Permanente or request that hard copies be discontinued.

## SECTION 1 – INTRODUCTION

*This directory provides a list of Kaiser Permanente’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.*

### Your Primary Care Physician

You may choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP. Your PCP is a physician, nurse practitioner, or health care professional who meets state requirements and is trained to give you primary medical care. Your PCP is a generalist in internal medicine, family practice, and pediatrics. Please note: Female members may elect to see an Ob/Gyn for their routine health maintenance exams, while seeing their designated PCP if non-female specific problems arise.

Your PCP will provide most of your care and will arrange and coordinate most of the covered services you get as member of our plan, including specialty care. You may select a PCP from any of our available primary care network providers in The Southeast Permanente Medical Group, practicing at one of our Kaiser Permanente Medical Facilities or an Affiliated Community Physician listed in this directory.

To schedule an appointment with a doctor in a Kaiser Permanente Medical Facility, you may go online at **kp.org** or call our HealthLine between 7 a.m. and 7 p.m., Monday through Friday at **404-365-0966** locally or **1-800-611-1811** long distance (TTY: **711**) To schedule an appointment with an Affiliated Community Physician you will need to call the doctor’s office directly to confirm if they are still accepting new patients.

You can change your PCP for any reason. When you make a selection, it is effective immediately. To learn how to select or change a PCP, please call Member Services at **1-800-232-4404** (TTY: **711**), seven days a week, 8 a.m. to 8 p.m.

### Getting Covered Care

The “network providers” listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from out-of-network providers. In most situations, your network PCP must give you approval in advance before you can use other providers in our plan’s network such as specialists, hospitals, skilled nursing facilities, or home health care agencies.

## **Bills from Out-of-Network Providers**

We cover all medically necessary services as listed in the Medical Benefits Chart in Chapter 4 of your Evidence of Coverage (EOC) document. If you receive services not covered by our plan or services obtained out-of-network and were not authorized, you are responsible for paying the full cost of services.

Kaiser Permanente Senior Advantage Care Plus (HMO-POS) plan has a Point-of-Service (POS) benefit. "Point-of-Service" means you can use providers outside the plan's network for an additional cost. Not all services are covered under POS. Covered services under POS are noted in the "Additional benefits" section and also your EOC.

## **Emergency and Urgent Care**

As a Senior Advantage member, you must use network providers except in emergency or urgent care situation or for out-of-area Renal dialysis. If you have an emergency call 911 or go to the nearest hospital. When you have an emergency medical condition, we cover emergency care anywhere in the world. If you obtain routine care from out-of-network providers, neither Medicare nor Kaiser Permanente will be responsible for the costs.

For ease and continuity of care, we encourage you to go to a Plan Hospital Emergency Department if you are inside our service area, but only if it is reasonable to do so, considering your condition or symptoms.

Post-stabilization care is medically necessary services related to your emergency medical condition that you receive after your treating physician determines that your condition is clinically stable. Your follow-up post-stabilization care will be covered according to Medicare guidelines. In general, if your emergency care is provided by non-plan providers, we will try to arrange for plan providers to take over your care as soon as your medical condition and circumstances allow.

In the event you require hospitalization, you may receive care at one of the hospitals listed on page 172.

## **Timely Access to Care for Services**

We have established the following standards for appointment wait times:

- Urgently needed services or emergency—immediately;
- Services that are not emergency or urgently needed, but the enrollee requires medical attention—within 7 business days; and
- Routine and preventive care—within 30 business days.

## What is the service area for Kaiser Permanente Senior Advantage (HMO) and Senior Advantage Medicare Medicaid (HMO D-SNP) plans?

# DESIGNATED SPECIALIST PROVIDERS

## PRIOR AUTHORIZATION

For the services and items listed below and in Chapter 4, Sections 2.1 and 2.2 of your Evidence of Coverage, your PCP will need to get approval in advance from our plan or Medical Group (this is called getting “prior authorization”). Decisions regarding requests for authorization will be made only by licensed physicians or other appropriately licensed medical professionals.

If your PCP refers you to a network provider who is not a part of The Southeast Permanente Medical Group, your PCP may need to get prior authorization from the Medical Group or us. These network providers are sometimes referred to as **“designated specialist providers”** because members may receive covered care from these providers only if our plan or the Medical Group authorizes the services and designates the use of these network providers, such as physicians, medical offices, hospitals, or other licensed providers.

If your PCP decides that you require **covered services not available from network providers**, he or she will recommend to us that you be referred to an out-of-network provider inside or outside our service area. Our plan’s designee will authorize the services if he or she determines that the covered services are medically necessary and are not available from a network provider. Referrals to out-of-network providers will be for a specific treatment plan, which may include a standing referral if ongoing care is prescribed. Please ask your PCP what services have been authorized.
