# Section 1 — Introduction

This directory provides a list of Kaiser Permanente's network providers.

## Your Primary Care Provider

You will have to choose one of our network providers listed in this directory to be your **P**rietary **C**are **P**rovider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP.

Your PCP meets state standards and is trained to give you primary medical care. He or she will usually practice general medicine, also called internal medicine or family practice.

Women may also choose specialists in obstetrics-gynecology whom the Medical Group designates as Primary Care Providers. At some facilities, you also have the option of choosing a nurse practitioner (NP) or physician assistant (PA) to be your PCP.

Your PCP will give you most of your care. If you need a specialist, your PCP will help you choose a doctor in that field and work with him or her as part of your health care team.

You can choose your PCP from any of our available primary care doctors, nurse practitioners, or physician assistants. Once you make your choice, it is effective right away. If you wish, you can change your PCP for any reason.

## Bills from out-of-network providers

If you receive a bill from an out-of-network provider, you should not pay the bill. Send it to our Claims Department and they will let you know how much you have to pay.

Kaiser Permanente National Claims  
Administration - Northwest  
PO BOX 370050  
Denver, CO 80237-9998

## Emergency and urgent care

If you have an emergency medical condition, call **911** or go to the nearest hospital. When you have an emergency medical condition, we cover emergency care anywhere in the world.

For ease and continuity of care, we encourage you to go to a Plan hospital Emergency Department if you are inside our service area, but only if it is reasonable to do so, considering your condition or symptoms.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable, and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our Plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. It is very important that your out-of-network provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. You will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability.

You must use network providers except in emergency or urgent care situations, or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Kaiser Permanente will be responsible for the costs.

## How do you find Kaiser Permanente providers that serve your area?

This directory is for our Oregon and Washington service area.

Look up the area where you live or get care beginning on page 5. Then find the location that you'll go to most often to find a list of doctors for that medical facility. The medical facilities are listed alphabetically within each area.

All providers in this publication are accepting new patients unless otherwise indicated.

Asterisks (\*) at the end of a provider name

identify providers not accepting new patients.

If you have questions about Kaiser Permanente or require assistance in selecting a PCP, please call our Member Service Department at **1-877-221-8221** seven days a week, 8 a.m. to 8 p.m. TTY users should call **711**. You can also visit [kp.org/nw](http://kp.org/nw).

## Timely access to care

Your network provider must offer you an appointment within the time frames listed below. Please note this applies only to Primary Care Providers and Behavioral Health only.

Appointment type	Must offer appointment within
Emergency or urgently needed services	Immediate availability
Routine and Preventive care appointments	30 business days
Non-urgent/emergent care appointments (medical attention required)	7 business days

## **Medicare Diabetes Prevention Program**

The Medicare Diabetes Prevention Program (MDPP) is designed to give you real-world training to promote healthier lifestyle habits such as long-term dietary changes, increased physical activity, and problem-solving techniques to overcome the challenges of weight loss.

MDPP services are a two-year program and a once per-lifetime benefit, per beneficiary. This program is covered as additional preventive services and there is no coinsurance, copayment, or deductible. MDPP services are furnished by MDPP suppliers in person, during scheduled classes.

Medicare beneficiaries are eligible for MDPP services if they are pre-diabetic (according to clinical criteria such as BMI and blood test results) and have not been diagnosed with diabetes or end-stage renal disease.

### **Medicare Diabetes Prevention Program suppliers in KP Northwest**

These listings are for your information only. Please do not contact the suppliers directly. If you are interested in MDPP, call the KP Health Coaches at **503-286-6818**.

## **Interpreter services at no cost to you**

If you need interpreter services when you call us or when you get covered services, please let us know. Interpreter services, including sign language, are available during all business hours at no cost to you.

Most of our facilities have staff who speak more than one language and are specially trained to interpret and explain medical terms and procedures. Many of our practitioners also speak more than one language. If you visit one of our facilities and no one speaks your language, we have interpreters for more than 150 languages available by phone. If you need a Sign language interpreter, an interpreter is available either by video or in person.

In addition to English, some providers listed in this directory speak additional languages. Please see the key below defining the abbreviations for these languages.

## Section 2 — List of network providers

All providers in this directory accept both Medicare and Medicaid, unless otherwise noted.
