Request for Restriction of Health Information Disclosures by Kaiser Permanente for Self-Pay Patients

Federal law allows patients to request that their health information regarding a particular test, medication, procedure or visit, not be released to the patient's health plan when certain criteria are met. The restriction from disclosure to a health plan must be requested at the time an appointment for the service is made, at check-in for non-urgent services or at check-out for urgent services. Appointments, charges, and documentation for self paid services requested for restriction must be made separately from insurance paid appointments in order to allow for restriction from the health plan.

An estimate of charges for the services or items requested for restriction is provided below. Payment for these services must be made in full prior to service delivery for non-urgent services and prior to check-out for urgent services. Patients or their personal representatives are responsible for any additional charges related to the services requested for health care items or services you wish to have restricted such as charges for lab work, medication, or radiology.

When you request to have your patient health information restricted from disclosure to your health plan, Kaiser Permanente Business Office will contact other Kaiser Permanente departments that may be associated with your care. You may be responsible for other bills including those for anesthesiology, pharmacy, lab, imaging/radiology, pathology, and/or other physician professional fees. It is the patient or their personal representative's responsibility to contact any other providers outside of those employed by Kaiser Permanente to ensure that the information for the private pay service is not released to the health plan.

I request that Kaiser Permanente not disclose patient health information for the following items or services to my health plan because I am paying for the items or services listed below. I understand that this restriction request does not include any future complications or reference to these services that may be made at future visits. As an integrated care system, employees of Kaiser Permanente may have access to your health care information. Kaiser Permanente as your care provider, cannot comply with your request to restrict your information from a Kaiser Permanente, or Kaiser Permanente health plan. Kaiser Permanente offers the opportunity to restrict disclosures to all other health plans where allowed by law. The name of the health plan which I am requesting restriction for disclosure is: _____

Health care items or services paid by patient	Date of service	Estimate of charges
1.		
2.		
3.		
4.		
5.		
TOTAL estimate of charges		

I understand that the above charges reflect an estimate only and that there may be additional cost/charges for health care services or items that I receive that may not be noted in the estimate. I also understand that restriction request payments do not count toward any out of pocket threshold with respect to Kaiser Permanente plan benefits.

 Signature (Patient or authorized person)

 Printed Name

 Date

 Relationship to patient or description of authority (if form signed by someone other than the patient)

For more information about how your personal information may be used or disclosed by Kaiser Permanente, please see the Kaiser Permanente Notice of Privacy Practices available in any Kaiser Permanente medical office or online at kp.org/wa.
