# Get the care that meets your needs

You've got many ways to connect to quality care when and where it's most convenient for you and your family. Visit [kp.org/getcare](https://kp.org/getcare) to learn more.

## Schedule an appointment

Call us at **1-800-813-2000 (TTY 711)**, 24/7, to make an appointment or get medical advice. You can also schedule routine appointments by signing in to your online account from your computer or the Kaiser Permanente app.<sup>1</sup>

## Advice:

**Email your care team:** Message your doctor's office anytime with nonurgent health questions.<sup>2</sup>

**24/7 nurse advice:** Talk with a registered nurse day or night for advice, prescription refills, and more.

## Routine care:

**Video visits:** Meet face-to-face with a clinician by video, straight from your smartphone, tablet, or computer.<sup>2,3,4</sup>

**Phone appointments:** Talk with a clinician over the phone for the same high-quality care as an in-person visit.<sup>2,3,4</sup>

**In-person:** Most locations offer many services under one roof to help you save time with a single trip.

## Same- and next-day care options:

**E-visits:** Complete an online questionnaire and receive a treatment plan or advice from a Kaiser Permanente doctor, including most prescriptions if needed, in less than one hour.

**Get care now:** Talk to a clinician 24/7, by video or phone, for quality care when you need it – no appointment needed.

**Urgent care:** Visit a walk-in clinic if you have a condition that requires prompt medical attention (usually within 1 or 2 days) but is not an emergency.<sup>5</sup> Open 7 days a week, weekends, and holidays.

**Emergency care:** If you ever need emergency care, you're covered – anywhere, anytime.<sup>6</sup> You can get care at any Kaiser Permanente hospital or any other hospital emergency department.

## Seeing a specialist

You don't need a referral for obstetrics-gynecology, optometry, mental health services, or treatment for substance use disorders. For other types of specialty care, your doctor will refer you.

If you believe you have an emergency medical condition, call **911** or go to the nearest hospital.

<sup>1</sup>To use the Kaiser Permanente app, you must be a Kaiser Permanente member registered on [kp.org](https://kp.org). <sup>2</sup>These features apply to care you get at Kaiser Permanente facilities. <sup>3</sup>When appropriate and available. <sup>4</sup>If you travel out of state, phone appointments and video visits may not be available due to state laws that may prevent doctors from providing care across state lines. Laws differ by state. To have a video visit, members must be registered on [kp.org](https://kp.org) and have a camera-equipped computer or mobile device. <sup>5</sup>An urgent care need is one that requires prompt medical attention, usually within 24 or 48 hours, but is not an emergency medical condition. This can include minor injuries, backaches, earaches, sore throats, coughs, upper-respiratory symptoms, and frequent urination or a burning sensation when urinating. <sup>6</sup>If you reasonably believe you have an emergency medical condition, call 911 or go to the nearest emergency department. An emergency medical condition is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage (EOC)* or other coverage documents.
