Nuance® PowerShare® Network

Online Access to Your Medical Images

Providing you and your doctors with secure and convenient access to your medical images & documents.

Register with the link you receive in your e-mail to access your images.

It's simple

We're all about simplifying your life whether you're managing chronic conditions or one brief health concern.

Our easy-to-use medical imaging solution gives you secure access to your diagnostic imaging and reports whenever you need them, eliminating the frustration caused by having your health information on CDs and film. When you have imaging done at our facility, we provide you free and secure online access to the same medical images your doctor sees.

We give you:

- Immediate access to your images
- Accessibility from anywhere, anytime with any internet connected device
- Freedom from having to keep up with CDs or film
- Medical images that are safe from harm and unauthorized access
- Unlimited free storage and access

NOTE:

"My Images" are retained for the life of your account. This allows you to revisit your prior imaging as needed.

"Shared Images" are deleted after 45 days. You must Copy your studies or Download DICOM to keep them past 45 days

This is cloud-based image sharing; this is the Nuance PowerShare Network.
