

Criteria-Based Consultation Prescribing Program

CRITERIA FOR DRUG COVERAGE

OxyMORphone IR (Opana)

Notes:

- ^ Adequate trial is defined as a minimum of 2-week treatment duration with titration as needed.
- * Intolerance excludes adverse drug reactions that are expected, mild in nature, resolve with continued treatment and do not require med discontinuation.

Initiation (new start) criteria and criteria for *new members* entering Kaiser Permanente already taking the medication who have not been reviewed previously:

Non-formulary **OxyMORphone Immediate release (Opana)** will be covered on the prescription drug benefit when the following criteria are met:

- Patient has failed an adequate trial[^] of or has an allergy, intolerance* or contraindication to immediate-release formulations of oxyCODONE, morphine, HYDROcodone/acetaminophen, and HYDROmorphine
