PEGFILGRASTIM - APGF

Generic	Brand	HICL	GCN	Medi-Span	Exception/Other
PEGFILGRASTIM-APGF	NYVEPRIA	46612		GPI-10 (8240157002)	

GUIDELINES FOR USE

1. Does the patient have a non-myeloid malignancy and meet **ALL** of the following criteria?
 - Therapy is prescribed by or in consultation with a hematologist or oncologist
 - The patient is receiving myelosuppressive anti-cancer drugs associated with a significant incidence of severe neutropenia with fever

If yes, **approve for 12 months by HICL or GPI-10.**
If no, continue to #2.

2. Is the request to increase survival in a patient acutely exposed to myelosuppressive doses of radiation (hematopoietic syndrome of acute radiation syndrome) **AND** does the patient meet the following criterion?
 - Therapy is prescribed by or in consultation with a hematologist or oncologist

If yes, **approve for 12 months by HICL or GPI-10.**
If no, do not approve.

DENIAL TEXT: *Some terms are already pre-defined in parenthesis. Please use these definitions if the particular text you need to use does not already have definition(s) in it.

Our guideline named **PEGFILGRASTIM - APGF (NYVEPRIA)** requires the following rule(s) be met for approval:

- A. The request is for ONE of the following:
 1. You have a non-myeloid malignancy (cancer not affecting bone marrow)
 2. You will be using Nyvepria to increase survival if you have been acutely exposed to myelosuppressive doses of radiation (radiation that affects your blood and bone marrow)
- B. **If you have a non-myeloid malignancy, approval also requires:**
 1. Therapy is prescribed by or in consultation with a hematologist (a type of blood doctor) or oncologist (a type of cancer doctor)
 2. You are receiving myelosuppressive anti-cancer medications associated with a significant incidence of severe neutropenia (medications that affect the bone marrow and cause low levels of a type of white blood cell) with fever
- C. **If the request is to increase survival if you have been acutely exposed to myelosuppressive doses of radiation, approval also requires:**
 1. Therapy is prescribed by or in consultation with a hematologist (a type of blood doctor) or oncologist (a type of cancer doctor)

Your doctor told us **[INSERT PT SPECIFIC INFO PROVIDED]**. We do not have information showing you **[INSERT UNMET CRITERIA]**. This is why your request is denied. Please work with your doctor to use a different medication or get us more information if it will allow us to approve this request.
