2024 Drug Formulary

For Federal Employees and Retirees on the Kaiser Foundation Health Plan of Washington

Federal Employees Health Benefits Program Options (FEHB Options)

Drug Formulary

INTRODUCTION

What is a formulary?

A formulary is a list of generic, brand, and specialty drugs. It is used by practitioners to identify drugs that offer the best overall value, considering effectiveness, safety, and cost.

How is the drug formulary developed?

The formulary is developed by the Kaiser Permanente Pharmacy and Therapeutics (P&T) Committee. The P&T Committee is composed of physicians from various medical specialties, pharmacists, and a consumer member. The P&T Committee reviews and selects the most appropriate drugs in each class for the formulary based on safety, effectiveness, and cost. The P&T Committee meets quarterly to review new and existing drugs to ensure that the formulary remains responsive to the needs of members and providers.

How do I search the formulary?

Drugs on the formulary are listed by therapeutic class. An alphabetical index is included at the end of this document to assist in locating specific drugs.

Drugs are listed by generic name if a generic is available. If there is no generic available, drugs are listed by the brand name. Drugs are organized by class and drug formulary tier. Drugs administered in a provider's office or in a clinic (e.g., drugs given intravenously) may not be listed on the formulary. For coverage of these drugs, refer to your Benefit Booklet.

How do I use the formulary to understand my drug coverage?

Drug coverage is based on an individual's contracted benefit. Coverage for a specific drug is subject to each member's medical coverage agreement. Please consult your Benefit Booklet or call Member Service if you have questions about your drug coverage.

Kaiser Permanente will only cover FDA-approved drugs used for non-experimental therapies. Most plans exclude experimental and investigational drugs, over-the-counter drugs, drugs used in the treatment of sexual dysfunction disorders, drugs for anticipated illnesses while traveling, or drugs used for cosmetic purposes. Please consult your Benefit Booklet for limitations and exclusions.

Medications not listed in this document are not on the formulary at the time of publication. The most current information is online at www.kp.org/wa/formulary. Non-formulary drugs are not covered unless approved by the health plan as a coverage exception. The prescriber must contact Kaiser Permanente to determine the medical necessity of the non-formulary medication. An alternative formulary medication will be recommended when clinically appropriate. If a coverage exception is not approved, the patient is responsible for the full price of the drug.

Prior authorization requests are considered based on coverage criteria requirements approved by the P&T Committee. To request review of an exception to Kaiser Permanente requirements for coverage of prescription drugs, you or your prescriber may contact Kaiser

Permanente Member Services at 1-888-630-4636 and request an exception. If the evidence your prescriber provides meets medical necessity, an exception may be approved. Exceptions to required therapy that may be approved include: contraindications, clinical factors associated with adverse reactions, clinical factors reducing effect, other risks of clinical harm, and barriers to compliance with clinical care. Your prescriber may also request temporary coverage while the exception request is being processed.

Generic drugs are substituted when available and allowed by your prescriber. When a generic is available, the brand-name drug is generally considered non-formulary and subject to a higher cost share.

The drug formulary is updated periodically and is subject to change. If a drug will be removed from the formulary, members who filled the drug in the prior three months will be notified by letter of the upcoming change. A formulary change notice will also be posted on the member website at least 60 days prior to the effective date.

What are the methods that Kaiser Permanente uses to ensure appropriate and safe use of formulary drugs?

Prior Authorization (PA)

The P&T Committee determines that certain drugs should require prior authorization before they will be covered. These drugs most often have alternatives on the formulary, safety concerns, or a high potential for inappropriate use. To request coverage for prior authorization drugs, you or your prescriber must contact Kaiser Permanente. Drugs requiring prior authorization are indicated with a “PA” superscript next to the drug name.

Quantity Limit (QL)

A quantity limit defines how much of a particular drug you can get during a specific time period or the maximum days supply that you can get at once. The P&T Committee determines if a drug should have a quantity limit. To request exceptions to quantity limits, your prescriber must contact Kaiser Permanente. Drugs with quantity limits are indicated with “QL” superscript next to the drug name.

High Dose Pain Medicine Prescriber Review

Members on high doses of certain pain medicines will need their prescriber to confirm safety standards are in place annually to continue coverage of therapy.

Drugs Limited to Select Pharmacies

Some drugs are required to be dispensed from a preferred specialty pharmacy vendor. Members with an out-of-network benefit may use other pharmacies; however, they may pay a higher cost share.

Please consult your Benefit Booklet for limitations and exclusions. Drugs limited to select pharmacies are listed on the www.kp.org/wa/formulary webpage.

Covered Diabetic Supplies

Some diabetic supplies may be covered at a Tier 1 cost share if they are filled as a prescription. These items are:

- Preferred blood glucose strips:
 - One Touch Verio
 - One Touch Ultra
 - Prodigy – prior authorization required
 - Contour Next – prior authorization required

- Freestyle – prior authorization required
- Disposable insulin syringes and needles
- Lancing devices and lancets

Preferred blood glucose meters are covered only when filled through mail order pharmacy.

Mail Order Pharmacy Service

Mail order is convenient and efficiently utilizes Kaiser Permanente's resources. This service works best for drugs that must be taken on regular basis, such as birth control pills and drugs for high blood pressure, high cholesterol, or other chronic conditions.

To begin using mail order, ask your prescriber to send your prescription directly to the Mail Order Pharmacy.

To transfer an existing prescription from a retail pharmacy, contact the Mail Order Pharmacy.

Address: Kaiser Permanente Mail Order Pharmacy PO Box
34383
Seattle, WA 98124-1383

Phone: 800-245-RXR (1-800-245-7979)

Fax: 206-630-7950, or toll-free 1-800-350-1683

Specialty Drugs

Specialty drugs are high-cost drugs prescribed by a physician for the treatment of complex conditions. Some specialty products are dispensed from a preferred specialty pharmacy vendor.

Over-the-Counter (OTC) Drugs

A few plans offer coverage for OTC drugs. For these plans, a list of covered OTC drugs can be found in *Appendix A*. You may contact Member Service at 1-888-630-4636 to find if you have OTC drug coverage.

Preventative Medications and Preferred Contraceptives

In accordance with the Affordable Care Act (ACA) requirements for preventive services, most plans cover preventative care medicines and contraceptives in full. If your plan offers ACA benefits, all prescribed FDA approved contraceptive methods from the Kaiser Permanente formulary list will be covered in full when obtained in-network. For plans with out-of-network (OON) benefits, contraceptives will be subject to the OON cost-share. The list of the preventative medications covered in full is available on the www.kp.org/wa/formulary webpage.

Please consult your Benefit Booklet under "Preventive Services" or call Member Service if you have questions about your coverage for these drugs.

If you request coverage for a non-preferred contraceptive, we will contact your provider to recommend a preferred generic or therapeutically equivalent product. If you and your provider determine that the preferred contraceptive(s) would be medically inappropriate, your provider must request a contraceptive waiver. If waiver is completed, the requested non-preferred contraceptive will be covered in full.

Excluded Prescription Products for Medications that have Over-The-Counter (OTC) Alternatives

There are certain prescription products that have the same or similar products available over-the-counter (OTC) without a prescription. In certain cases, Kaiser Permanente will not cover the prescription product. The following prescription drug products are excluded from coverage: esomeprazole magnesium (Nexium), omeprazole/sodium bicarbonate (Zegerid), budesonide nasal spray (Rhinocort Aqua), triamcinolone nasal spray (Nasacort), and fluticasone propionate nasal spray (Flonase).

How do I get additional information?

Please contact Member Service at 1-888-630-4636 with any questions or concerns regarding the information contained in this document.

The most current drug formulary is available at www.kp.org/wa/formulary.

Notice of Nondiscrimination

Kaiser Foundation Health Plan of Washington and Kaiser Foundation Health Plan of Washington Options, Inc. (“Kaiser Permanente”) comply with applicable Federal and Washington state civil rights laws and do not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, sex, sexual orientation, gender identity, or any other basis protected by applicable federal, state, or local law. We also:

- Provide free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, and other formats)
 - Assistive devices (magnifiers, Pocket Talkers, and other aids)
- Provide free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Member Services at **1-888-901-4636 (TTY 711)**.

If you believe that Kaiser Permanente has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, sexual orientation, or gender identity, you can file a grievance with our Civil Rights Coordinator by writing to P.O. Box 35191, Mail Stop: RCR-A3S-03, Seattle, WA 98124-5191 or calling Member Services at the number listed above. You can file a grievance by mail, phone, or online at **kp.org/wa/feedback**. If you need help filing a grievance, our Civil Rights Coordinator is available to help you.

You can also file a civil rights complaint with:

- The U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at **<https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>**, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, **1-800-368-1019, 800-537-7697 (TDD)**
Complaint forms are available at **<http://www.hhs.gov/ocr/office/file/index.html>**
- The Washington State Office of the Insurance Commissioner, electronically through the Office of the Insurance Commissioner Complaint portal available at **<https://www.insurance.wa.gov/file-complaint-or-check-your-complaint-status>**, or by phone at **800-562-6900, 360-586-0241 (TDD)**. Complaint forms are available at **<https://fortress.wa.gov/oic/onlineservices/cc/pub/complaintinformation.aspx>**
