

ANXIETY

Additional Resources

Explore our broadrange of self-care resources at kp.org/selfcare.

- **Self-Compassion:** To learn more about self-compassion tools, go to kp.org/self-compassion.
- **Mindfulness:** To learn more about mindfulness practices, go to kp.org/mindfulness.
- **Sleep:** To learn more about sleep tips and tools, go to kp.org/wellness/insomnia.

Assessment

Based on your responses you have **mild anxiety**. We know that these are trying times, and Kaiser Permanente is here to support you. There are a lot of uncertainties in our lives, and it is natural to feel some fear and anxiety. Fear is a natural response to such events, but we can control how much anxiety our mind creates.

Next Steps

STEP 1: Join the **Kaiser Permanente Virtual Program for Anxiety**. *See page 3.*

STEP 2: We recommend you sign up for the **Coping Skills virtual workshop**. *See page 4.*

STEP 3: If you would like additional support after completing steps 1 and 2, you can schedule an appointment with a **wellness coach** at **808-432-2260** between 8:30 a.m. and 4:30 p.m., Monday through Friday. Let them know that you have completed the Anxiety E-visit.

General Tips

ANXIETY

General Tips

Continued from previous page

Healthy Habits: Regular exercise and sleep improves our immune response and relaxes our mind.

- Try to increase fiber-filled, nutrient-dense and antioxidant-rich whole plant foods.
- Avoid watching TV or using your phone while eating.
- **Exercise or do yoga at home**— there are many great videos on YouTube!
- Take breaks from your work to do **simple stretches** or walk for a few minutes.
- **Unplug** from devices and screens for at least an hour before going to sleep.
- Develop a “wind-down” **bedtime ritual**, like reading a book or taking a warm bath/shower.

Stress Management: Cultivating awareness of our thoughts, emotions and body sensations.

- **Pause and take time** to do intentional breathing, focusing on the sensation of breathing.
- Take “**internal selfies**” several times a day – pause to notice your thoughts, emotions and body sensations.
- Appreciate and **feel grateful** for things you do have, as opposed to things you wish you had.
- This is also the time to be kind and compassionate. Be accepting of your flaws and mistakes. **Don’t expect yourself to be perfect.**

Connection: Social distancing does not mean you have to be alone.

- Take time to **connect with friends and family** by telephone or your preferred video app, engage in pleasant and fun activities such as board games or games you can play online with your loved ones.
- **Limit your exposure** to the news cycle, social media, and e-mails that bring bad news. Avoid watching the news towards the end of the day.

Try to increase fiber-filled, nutrient-dense and antioxidant-rich whole plant foods.

Pause and take time to do intentional breathing, focusing on the sensation of breathing.

Take time to connect with friends and family by telephone or your preferred video app.

Kaiser Permanente

Virtual Program for Anxiety

The Kaiser Permanente Behavioral Health Department developed this program to help you get the care you need. **Studies show** that **meditation decreases** general feelings of **anxiety and worry**. **These apps are available to Kaiser Permanente members at no cost**. Choose one or try them all! Be kind to yourself and **go at your own pace**.

Calm App

Key features:

- ❖ Audio program with meditations, music, and podcasts
- ❖ Nature and scenery to help you relax
- ❖ Mood tracker
- ❖ Sleep Stories
- ❖ Mindful movement videos

1. Go to kp.org/selfcareapps.
2. Click on **Get Calm** and log in to **kp.org**.
3. Complete the questions to have **Calm** create a personalized plan for you. When answering “What brings you to Calm?”, click on Reduce Anxiety.
4. At the bottom of the app, click on the option Meditate then click on Anxiety.
5. Start with the **7 Days of Managing Stress** course then explore other classes such as **Anxiety Release**.

Headspace Care (formerly called Ginger)

Key features:

- ❖ Emotional support coaching by text
- ❖ Self-care activities
- ❖ Coaches are available 24/7
- ❖ No cost for 90 consecutive days per year

1. Go to kp.org/coachingapps/hi.
2. Click on **Get Headspace Care** and log in to **kp.org**.
3. Complete the form then download **Headspace Care** to begin private text-based chats with a behavioral health coach.

Managing Daily Tasks

Learn tips to manage anxiety or stress around completing daily tasks.

Scan the QR code above to learn how to:

- Set realistic expectations each day
- Prioritize the list of things that need to get done
- Determine when it's time to ask for help

Coping Skills

Learn approaches for managing anxiety, depression, and stress

This class provides the essential skills for coping with stress. Learn to manage stress, panic, and depression, to support wellness and build resilience.

This class is not exclusive to patients with a mental health diagnosis and is open to any patient experiencing depression, anxiety, and/or panic attacks. *Members only.* A referral is required for patients without a completed e-visit. **Patients with a completed e-visit do not require a referral.**

Fee: No fee required

Location: Online via Zoom

Day/time: First Wednesday of each month, 12 to 2 p.m.

Dates: 9/4/24 10/2/24 11/6/24 12/4/24

To register or for more information, please call **(808) 432-2260**
or email **kaiserpermanente.healthylivingclasses@kp.org**
