# Care centered around you

Care at Kaiser Permanente isn't one-size-fits-all. Our physician-led teams work together to make sure the care you get is tailored to your needs. Your Kaiser Permanente care team is part of the same network, making it easier to share information, see your health history, and deliver high-quality, personalized care – when and where you need it.

## Your healthy place should reflect all that is you

We believe your story, background, and values are as important as your health history. To help deliver care that's sensitive to your culture, ethnicity, and lifestyle, we:

- Hire doctors and staff who speak more than one language
- Offer phone interpretation services in more than 150 languages
- Improved health outcomes among diverse populations for conditions like high blood pressure, diabetes, and colon cancer<sup>1</sup>

Get care with the help of your electronic health record<sup>6</sup>

**Share your health history** and any concerns with your personal doctor.

**Your doctor coordinates your care**, so you don't have to worry about where to go or who to call next.

**Future care teams** have a full picture of your Kaiser Permanente health history – without you having to repeat your story.

**With your health records in hand**, your care team knows your needs in the moment and reminds you to schedule checkups and tests. Plus, you can view your records 24/7.

# Choosing your health plan

We offer a variety of plans to help fit your needs and budget. All of them offer the same quality care, but the way they split the costs is different.

## Kaiser Permanente Virtual Plus™ plans

On these plans, your monthly premium is lower and you'll start most care with a virtual care visit. Choose from 24/7 online chat, video or advice line, e-visits, scheduled video visits and phone appointments, and email for nonurgent issues – all at no additional cost. You'll get the care and prescriptions you need, or help finding in-person care.

## Copay or coinsurance plans

Copay or coinsurance plans are the simplest. You know in advance how much you'll pay for care like doctor visits and prescriptions. This amount is called your copay. Your monthly premium is higher, but you'll pay much less when you get care.

## Deductible plans – gold, silver, bronze, and Basics Plus

With a deductible plan, your monthly premium is lower, but you'll need to pay the full charges for most covered services until you reach a set amount, known as your deductible. Then you'll start paying less – a copay or coinsurance. Depending on your plan, some services, like office visits or prescriptions, may be available at a copay or coinsurance before you reach your deductible.

## HSA-qualified high deductible health plans – silver and bronze

HSA-qualified deductible health plans are deductible plans that give you the option of setting up a health savings account (HSA) to pay for eligible health care costs, including copays, coinsurance, and deductible payments. You won't pay federal taxes on the money in this account.

You can use your HSA anytime to pay for care, including some services that may not be covered by your plan, like eyeglasses, adult dental care, or chiropractic services.<sup>10</sup> If you have money left in your HSA at the end of the year, it will roll over for you to use the next year.
