## **FREQUENTLY ASKED QUESTIONS (FAQS) - LANGUAGE ASSISTANCE PROGRAM CONTRACTOR, CONTRACTED PROVIDER AND NETWORK**

### **1. What is the Language Assistance Program (LAP)?**

Effective April 1, 2009, every health insurer shall have established and implemented a Language Assistance Program ("LAP") that complies with the requirements of the 2003 California Senate Bill (SB) 853 (the law) and the California Department of Insurance (CDI) regulations (Health Care Language Assistance Program Regulations). The program basically includes, among others, the provision of language assistance services, *at no cost* to limited English proficient (LEP) insureds.

### **2. What is the scope of language assistance services?**

Language assistance services include oral interpretation in any language and written translation of written materials identified as "vital documents" in the threshold languages.

### **3. What is a limited English proficient (LEP) insured?**

A limited English proficient (LEP) insured is one who has limited ability or inability to speak, read, write, or understand the English language at a level that permits the insured to interact effectively with his or her health care providers or health insurers

### **4. How do you identify an LEP insured/patient?**

You may be able to identify an LEP insured if the:

- a) Insured/Patient is quiet or does not respond to questions in English.
- b) Insured/Patient simply says yes or no, or gives inappropriate or inconsistent answers to questions in English.
- c) Insured/Patient may have trouble communicating in English or the contractor/contracted provider may have a very difficult time understanding what they are trying to communicate
- d) Insured/Patient self identifies as LEP by requesting language assistance.

### **5. What do the law and the regulations require from health insurers as regards their contractors, health care providers and network?**

Health insurers shall:

- a) Require every contractor, health care provider, and any network compliance with their language assistance program (LAP).
- b) Monitor compliance by contractor, health care provider and network with the insurer's standards for the LAP including the availability, quality and utilization of language assistance services.

### **6. What is the role and responsibility of the contractors, contracted providers, and network on the implementation of KPIC's Language Assistance Program (LAP)?**

The contractors, contracted providers, and network are required to:

- a) Notify the insureds of the availability of language assistance services particularly oral interpretation in any language, free of charge to the insureds;
- b) Notify the LEP insureds on how to access the oral interpretation service, either through the use of:
  - i) Insurer's (KPIC) Customer Service Number/Language Assistance Line where contracted telephonic interpreters in 140 languages are available 24 hours a day, 7 days a week; or
  - ii) Contractor's/Contracted Provider's/Network's bilingual staff (if available); or
  - iii) Contractor's/Contracted Provider's/Network's language assistance line (if available).
- c) Document in the medical record file of the insured:
  - i) Offer of a Qualified interpreter; and

- ii) Refusal of the Offer of the Qualified interpreter and the decision to designate the family member or friend (18 years of age or over) as interpreter in non-emergency situation; or
- iii) Refusal of the Offer of a Qualified Interpreter and the decision to designate a minor (who demonstrates the ability to interpret complex medical information) as interpreter in emergency/critical situation)
- d) Document or Log in any language assistance-related complaint, grievance and concern received by the contractor/contracted provider/network for subsequent reporting and referral to KPIC.

**7. Can contractors and contracted providers use their own bilingual staff to provide oral interpretation service?**

Yes, contractors or contracted providers are allowed to use their bilingual health care staff as interpreters, if available.

**8. Are contractors and contracted providers required to provide translation of written materials used in their respective setting?**

No. Only written materials (identified as KPIC vital documents) produced by KPIC (in its capacity as an insurer) are included within the scope of the law and the regulations. Documents that are being sent by contractors/contracted providers in their capacity as contractors/contracted providers are not required to be translated.

**9. Will there be instances when documents that are being sent by contractors/vendors/third party administrators need to be translated in the threshold language?**

Yes, only in instances when these documents are insurer documents that have been delegated by the insurer to the contractors/vendors/third party for the latter's distribution to insureds.

**10. What steps do contractors or contracted providers have to take if LEP insureds request for written translation of KPIC vital documents?**

Upon receipt of a request from a KPIC LEP insured on written translation services, contractors and contracted providers shall advise KPIC insured to contact KPIC directly by calling KPIC's Customer Service Number –1-800-464-4000

**11. Do the regulations allow family members, friends, and minors from serving as interpreters for insureds?**

The regulations discourage the use of the family members or friends (18 years of age or over) and strongly discourage the use of minors as oral interpreters as it is the intent of the regulations to provide qualified interpreting for all LEP insureds. However, the use of family member or friend or minors as interpreters may be allowed so as not to create a barrier to care for LEP insureds, subject however to certain conditions as discussed in Question #6(c).

## **GRANDFATHERED COVERAGE**

Kaiser Permanente Insurance Company (KPIC) believes this coverage is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). Being a grandfathered health plan means that your coverage may not include certain consumer protections of the Affordable Care Act that apply to other plans. If you have questions about grandfathered health plans, please call 1-800-464-6000.

If your plan is an ERISA plan, you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform). To determine whether your employee benefit plan is covered by ERISA, check with your employer.

## INTRODUCTION

This Certificate describes the Out-of-Network coverage of your Point-of Service (POS) plan. Under the POS plan, a Covered Person is entitled to choose between two types of coverage at the point-of-service when treatment or services is requested and or rendered. The two types of coverage are collectively the Health Plan In-Network coverage and the KPIC Out-of-Network coverage.

**Please read the following information carefully. It will help You understand how the provider You select can affect the dollar amount You must pay. Your coverage under the Group Policy includes coverage for Covered Services received from Participating Providers as well as Non-participating Providers. The provider You select can affect the dollar amount You must pay in connection receiving Covered Services.**

Kaiser Foundation Health Plan, Inc. (Health Plan) provides the HMO In-Network tier coverage which includes specified medical and Hospital services provided, prescribed or directed by a Kaiser Permanente Plan Provider (In-Network Services). The terms Medical Group Physician and In-Network Services are defined in the Health Plan Evidence of Coverage. In-Network Services also include certain Emergency Services received from non-Kaiser Permanente Plan Providers. KPIC provides the Participating Provider and Non-Participating Provider Out-of-Network coverage as set forth in the Group Policy. The benefits covered under the two types of coverage are not the same. Some services are covered by both Health Plan and KPIC, and others are covered by only Health Plan or KPIC. This Certificate describes only the benefits of the Out-of-Network portion of the Covered Person's Point-of-Service plan.

Neither Health Plan nor KPIC is responsible for any Covered Person's decision to receive treatment, services or supplies under either type of coverage. Neither Health Plan nor KPIC is liable for the qualifications of providers or treatment, services or supplies provided under the other party's coverage. The Group Policy sets forth the complete terms of coverage underwritten by KPIC.

**IMPORTANT:** No payment will be made by KPIC under the Group Policy for treatment (including confinement(s)), services or supplies to the extent such treatment, services or supplies were arranged, paid for, or payable by Health Plan as In-Network Services under the Point-of-Service Evidence of Coverage.

Payments will be made under the In-Network or Out-of-Network portions of the Point-of-Service plan, but not under both.

This Certificate uses many terms which have very specific definitions for the purpose of this Group Policy. These terms are capitalized so that You can easily recognize them, and are defined in the General Definitions section of this Certificate. Please be sure to read these definitions carefully.

This Certificate includes a Schedule of Coverage that will give You a quick overview of Your coverage. It is very important, however, that You read Your entire Certificate of Insurance for a more complete description of Your coverage and the exclusions and limitations under this medical insurance plan.

The UCR is the charge generally made by a Physician or other provider of Covered Services. The charge cannot exceed the general level of charge made by other providers within an area in which the charge is incurred for Injury or Sickness comparable in severity and nature to the Injury or Sickness being treated. The general level of charges is determined in accord with schedules on file

## GENERAL DEFINITIONS

with the authorized Claims Administrator. For charges not listed in the schedules, KPIC will establish the UCR. KPIC reserves the right to periodically adjust the charges listed in the schedules.

The term "area" as it would apply to any particular service, medicine or supply means a city or such greater area as is necessary to obtain a representative cross section of level of charges.

If the Maximum Allowable Charge is the UCR, the Covered Person will be responsible for payment to the provider of any amount in excess of the UCR when the UCR is less than the actual billed charges. Such difference will not apply towards satisfaction of the Out-of-Pocket Maximum nor any Deductible under the Group Policy.

b) **The Negotiated Rate:**

KPIC or its authorized Administrator may have a contractual arrangement with the provider or supplier of Covered Services under which discounts have been negotiated for certain services or supplies. Any such discount is referred to as the Negotiated Rate.

If there is a Negotiated Rate, the provider will accept the Negotiated Rate as payment in full for Covered Services, subject to the payment of Deductibles and Coinsurance by the Covered Person.

c) **The Actual Billed Charges for the Covered Services:**  
The charges billed by the provider for Covered Services.

**IMPORTANT: Notwithstanding the foregoing, the Maximum Allowable Charge for a Hospital or other licensed medical facility confinement may not exceed:**

Hospital Routine Care Daily Limit: the Hospital's average semi-private room rate

Intensive Care Daily Limit: the Hospital's average Intensive Care Unit room rate

Other licensed medical facility Daily Limit: the facility's average semi-private room rate

For Emergency Services rendered by Non-Participating Providers, the following rules apply:

If the amount payable by KPIC is less than the Actual Billed Charges by Non-Participating Providers for Emergency Service, KPIC will pay no less than the greater of the following:

- a) The Negotiated Rate for the service. If there is more than one Negotiated Rate with a Participating Provider for a particular service, then such amount is the median of these Negotiated Rates, treating the Negotiated Rate with each provider as a separate Negotiated Rate, and using an average of the middle two Negotiated Rates if there is an even number of Negotiated Rates.
- b) The amount it would pay for the service if it used the same method (for example, Usual and Customary charges) that it generally uses to determine payments for services rendered by Non-Participating Providers and if there were no cost sharing (for example, if it generally pays 80% of UCR and the cost sharing is 20%, this amount would be 100% of UCR).
- c) The amount that Medicare (Part A or B) would pay for the service.

Under any of the above, KPIC may deduct, any Participating Provider Copayments and/or Coinsurance amount that would have been paid had the Emergency Service been rendered at a Participating Provider and/or any Non-Participating Provider deductible amount.

## GENERAL DEFINITIONS

For Non-Emergency Covered Services obtained from a Non-contracting Individual Health Professional at a Participating Provider Facility located in California:

In accordance with California law, if the Covered Person receives Non-Emergency Covered Services at a Participating Provider facility located in California at which, or as a result of which, the Covered Person receives Non-Emergency Covered Services from a Non-contracting Individual Health Professional, unless otherwise agreed to by the Non-contracting Individual Health Professional and KPIC the greater of:

- a. The average contracted rate. For the purposes of this section, "average contracted rate" means the average of the contracted commercial rates paid by KPIC for the same or similar services in the geographic region; or,
- b. 125 percent of the amount Medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered.

Notwithstanding the above, unless the Covered Person provides written consent that meets the requirements as described under the **ACCESS TO HEALTH CARE** section of this Certificate, the Covered Person will be responsible for paying only the "in-network cost sharing amount". For purposes of this section, "in-network cost sharing amount means an amount no more than the same cost sharing the insured would pay for the same covered service received from a Participating Provider. The "in-network cost sharing amount" shall be based on the amount paid by KPIC as set forth above. Additionally, the "in-network cost sharing amount" paid by the insured shall satisfy the insured's obligation to pay cost sharing for the health service. This constitutes the "applicable cost sharing amount owed by the insured".

Under any of the above, KPIC may deduct, any Participating Provider Cost Sharing amount that would have been paid had the Covered Service been rendered by a Participating Provider at a Participating Provider facility.

For COVID-19 preventive Covered services rendered by Non-Participating Providers, the following rules apply:

3. Appropriate with regard to standards of medical care;
4. Provided in a safe and appropriate setting given the nature of the diagnosis and the severity of the symptoms;

## GENERAL DEFINITIONS

5. Not provided solely for the convenience of the Covered Person or the convenience of the health care provider or facility; and
6. Not primarily custodial care; and
7. Provided at the most appropriate supply, level and facility. When applied to Confinement in a Hospital or other facility, this test means that the Covered Person needs to be confined as an inpatient due to the nature of the services rendered or due to the Covered Person's condition and that the Covered Person cannot receive safe and adequate care through outpatient treatment.

The fact that a Physician may prescribe, authorize, or direct a service does not of itself make it Medically Necessary or covered by the Group Policy.

## ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION DATE

### Eligibility

The following persons will be eligible for insurance:

All individuals who are eligible for and enrolled in Health Plan as Point of Service Members.

### Effective Date of an Eligible Employee's or Dependent's Insurance

The Effective Date of an eligible employee's or Dependent's insurance will be the date the person becomes covered by Health Plan as a Point of Service for Member.

### Effective Date for a Newborn or Newly Adopted Child

A newborn Dependent child is insured from the moment of birth for the first 31 days (including the date of birth). You must enroll the newborn dependent within 31 days of that dependent's birth in order for insurance to extend beyond the 31-day period. An adopted child is insured from the earlier of the date of adoption or the date of placement for adoption. You must enroll the adopted child for insurance and agree to pay the additional cost within 31 days of his eligibility date in order for insurance to extend beyond the 31-day period. If coverage terminates at the expiration of the 31-day period, the child will be considered a late enrollee and You must wait until the next annual Open Enrollment period to enroll the child for coverage.

### Age Limits for Dependent Children

The age limit for Dependent children is under 26 years except for a full-time student who is on medical leave of absence as described below in this subsection, and for Disabled Dependent children, as described below under the "Age Limits for Disabled Dependent Children" subsection. If the Group Policyholder elected to make coverage available under Your plan beyond this age limit for Dependent children who are full-time students, then a Dependent child beyond this age limit who is a full-time student may be covered. The Dependent child must be of an age within the Student Age Limit as shown in your Schedule of Coverage. A **"full-time student"** is a Dependent child who is enrolled at a high school, college, university, technical school, trade school, or vocational school on a full-time basis. A **"full time student"** may also include, those who are on medical leave of absence from the school (or those who have any other change in enrollment in school) due to a medically necessary condition as certified by the attending Physician. Such student coverage shall commence on the earlier of: the first day of the medical leave of absence; or on the date certified by the Physician. Coverage for students on medical leave of absence is subject to a maximum of 12 months and shall not continue beyond the effective date of the termination of the Group Policy.

Proof of status as a **"full time student"** must be furnished to KPIC at time of enrollment or within 31 days after attaining such status and subsequently as may be required by KPIC.

The age limit for Dependent children does not apply to a **"full time student"** who is on medical leave of absence as described above, if, as a result of the nature of the sickness, injury, or condition, would render the dependent child incapable of self-sustaining employment and is chiefly dependent upon You for support and maintenance.

### Age Limits for Disabled Dependent Children

A Disabled Dependent child means Your child of any age who is both 1) incapable of self-sustaining employment by reason of a physically or mentally disabling sickness, injury or condition that occurred prior to the age limit and 2) chiefly dependent upon You for support and maintenance. Such child will continue to qualify as a Dependent until the earlier of the following dates: a) the date the child recovers from the physically or mentally disabling sickness, injury or condition; or b) the date the child no longer chiefly depends on You for support and maintenance.

## ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION DATE

### Initial enrollment of a Disabled Dependent child age 26 or over

If You are requesting coverage for a Disabled Dependent child age 26 or over who is not currently covered under the plan You must provide us documentation of the Dependent's incapacity and dependency within 60 days after we request it so that we can determine if the Dependent is eligible for coverage as a disabled Dependent.

Initial enrollment of a Dependent child under age 26 will be the same as any other Dependent child.

### Continued Enrollment for Disabled Dependents age 26 and over

Such child will continue to qualify as a Dependent until the earlier of the following dates: a) the date the child recovers from the physically or mentally disabling sickness, injury or condition; or b) the date the child no longer chiefly depends on You for support and maintenance.

KPIC shall send a notice to the Insured Employee at least 90 days prior to the date of the Dependent child's attainment of limiting age of the termination of the Dependent child's coverage on such date. In the said notice, KPIC shall require the Insured Employee's submission of the proof of such incapacity and dependency within 60 days of the receipt of KPIC's notification and subsequently, as may be required by KPIC, but not more frequently than annually after the two-year period following the Dependent child's attainment of the limiting age. KPIC shall determine whether the Dependent child meets that criteria before the child attains the limiting age. If KPIC fails to make the determination by that date, coverage of the child will continue pending our determination.

Subsequently, proof of continued incapacity may be required by KPIC, but not more frequently than annually after the two-year period following the Dependent child's attainment of the limiting age. Proof of such incapacity and dependency must be submitted to KPIC within 60 days of KPIC's request. .

### **Termination of a Covered Person's Insurance**

A Covered Person's insurance will automatically terminate on the earlier of:

1. the date the Covered Person ceases to be covered by Health Plan as a Point of Service Member;
2. the date the Group Policy is terminated;
3. the date a Covered Person, or the Covered Person's representative, commits a fraudulent act or knowingly makes a misrepresentation of a material fact;
4. the end of the grace period after the Policyholder fails to pay any required premium to KPIC when due or KPIC does not receive the premium payment in a timely fashion. (The grace period that the Policyholder has in which to pay the premium then due is the later of 31 days from each premium due date (except the first) or 31 days from the date KPIC provides notice of non renewal due to non-payment of premium to the Policyholder.);
5. the date the Covered Person ceases to be eligible for coverage under the Eligibility section of the Group Policy or the Point of Service Evidence of Coverage; or
6. the date the Covered Person relocates to a place outside of the geographic service area of a provider network, if applicable.

In no event will Your insurance continue beyond the earlier of the date Your employer is no longer a Policyholder and the date the Group Policy terminates.

## ELIGIBILITY, EFFECTIVE DATE, AND TERMINATION DATE

To the extent required by California law, if Your coverage terminates, KPIC will provide Your name, address and other contact information, such as email address to the state Exchange (Covered California) so that Covered California may communicate with You about available coverage options after You cease to be enrolled. You have the right to opt out of this transfer of Your information to Covered California, by calling the telephone number on Your I.D. card.

If Your or Your Dependent's Policy is rescinded or cancelled, You have the right to appeal the rescission or cancellation. Please refer to the **CLAIMS AND APPEALS PROCEDURES** section for a detailed discussion of the grievance and appeals process and the **YOUR RIGHT TO AN INDEPENDENT MEDICAL REVIEW** section for Your right to an Independent Medical Review.

### Rescission for Fraud or Intentional Misrepresentation

Subject to any applicable state or federal law, if You performed an act or practice constituting fraud or made an intentional misrepresentation of material fact under the terms of the Group Policy, KPIC may rescind Your coverage under the Group Policy by giving You no less than 31 days advance written notice. The rescission will be effective, on:

1. The effective date of Your coverage, if we relied upon such information to provide coverage; or
2. The date the act of fraud or intentional misrepresentation of a material fact occurred, if the fraud or intentional misrepresentation of a material fact was committed after the Effective Date of Your coverage.

After 24 months following the Group Policy Effective Date, Your coverage under the Group Policy will not be rescinded or cancelled for any reason.

If KPIC rescinds the Group Policy, we will send a notice to the Insured via regular certified mail at least 30 days prior to the effective date of the rescission explaining the reasons for the intended rescission and notifying the Insured of his or her right to appeal that decision to the California Insurance Commissioner.

If Your or Your Dependent's Policy is rescinded, you have the right to appeal the rescission. Please refer to the **CLAIMS AND APPEALS PROCEDURES** section for a detailed discussion of the grievance and appeals process and the **YOUR RIGHT TO AN INDEPENDENT MEDICAL REVIEW** section for Your right to an Independent Medical Review.

The Health Plan Point of Service Evidence of Coverage (EOC) more fully explains eligibility, effective and termination dates.

## ACCESS TO HEALTH CARE

**PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.**

### **Benefit levels for Participating Providers or Non-Participating Providers**

Your coverage provided under the Group Policy may include coverage for Covered Services that are received from either Participating Providers or Non-Participating Provider. See Your Schedule of Coverage to determine if Your coverage includes Participating Providers. Normally, benefits payable under the Group Policy are greater for Covered Services received from Participating Providers than those benefits payable for Non-Participating Providers. In order for benefits to be payable at the Participating Provider tier, the Covered Person must receive care from a Participating Provider.

You may visit KPIC's contracted provider network web site at: [www.Multiplan.com/Kaiser](http://www.Multiplan.com/Kaiser) to view the provider directory or to request a printed copy at no cost. Additionally, a current printed listing of KPIC's Participating Providers directory is available at no cost to You by calling the phone number listed on Your ID card or by writing to: KPIC Provider Relations Manager, 300 Lakeside Drive, Room 1335D, Oakland, CA 94612. To verify the current participation status of any provider, please call the toll-free number listed in the provider directory. If the Covered Person receives care from a Non-Participating Provider, benefits under the Group Policy are payable at the Non-Participating Provider tier.

If you require interpreter services or require the provider directory to be translated in another language other than English, please call 1-800-788-0710. The English version of this document is the official version. The foreign language version is for informational purposes only.

### **Geographic Standards for Access to Participating Providers**

In accordance with the provisions of state law, access to health care from a Participating Provider will meet the following distance or travel time from the Covered Person's residence or place of work:

1. 15 miles or 30 minutes for Primary Care Physicians;
2. 15 miles or 30 minutes for Mental health or Substance Use Disorder providers;
3. 30 miles or 60 minutes for Specialty Care Providers;
4. 15 miles or 20 minutes for Hospitals.

If medically appropriate care cannot be provided by a Participating Provider within the required distance or travel time shown above, KPIC shall arrange for the required care with available and accessible licensed provider. The Covered Person shall be responsible for paying only the applicable Participating Provider Cost Sharing for the service and will not be liable for the payment of any amount in excess of the Usual, Customary and Reasonable Charge or the Actual Billed Charges. The Cost Share for this service will apply to the satisfaction of the Deductible and the Out of Pocket Maximum at the Participating Provider level.

### **Non-Emergency Services Obtained from a Non-contracting Individual Health Professional at a Participating Provider Facility located in California**

This provision does not apply to Emergency Care Services.

Please see the **TIMELY ACCESS TO CARE** section of this Certificate for information about appointment wait time standards for Participating Providers.

Except as provided under the exception below, in accordance with California law, if the Covered Person receives Non-Emergency Covered Services at a Participating Provider facility located in California at which, or as a result of which, the Covered Person receives Covered Services from a Non-contracting Individual Health Professional, the Covered Person will be responsible for paying no more than the same

## ACCESS TO HEALTH CARE

Cost Sharing that the Covered Person would pay for the same Covered Services received from a Participating Provider (the in-network cost-sharing amount) and will not be liable for the payment of any additional amounts that would generally apply to services rendered by a non-contracting provider. The Cost Share incurred for the non-emergency service described above will apply to the Deductible and the Out of Pocket Maximum accumulation at the Participating Provider tier. No Deductible will apply if the Participating Provider Deductible has already been met. The Covered Person will not pay any amount if the Out-of-Pocket Maximum at the Participating Provider tier has already been reached.

Exception to the above rule. For services subject to this section, the above rule does not apply and a Non-contracting Individual Health Professional may bill or collect from the Covered Person the out-of-network cost sharing, if applicable, if the Covered Person gave his or her written consent to the Non-contracting Individual Health Professional rendering the service and that written consent demonstrates satisfaction of all the following criteria:

1. At least 24 hours in advance of care, the Covered Person consents in writing to receive services from the identified Non-contracting Individual Health Professional.
2. The consent obtained by the Non-contracting Individual Health Professional is in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent must not be obtained by the facility or any representative of the facility. The consent must not be obtained at the time of admission or at any time when the Covered Person is being prepared for surgery or any other procedure.
3. At the time consent is provided, the Non-contracting Individual Health Professional must give the Covered Person a written estimate of the Covered Person's total out-of-pocket cost of care. The written estimate shall be based on the professional's billed charges for the service to be provided. The Non-contracting Individual Health Professional must not attempt to collect more than the estimated amount without receiving separate written consent from the Covered Person or their authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate.
4. The consent must advise the Covered Person that he or she may elect to seek care from a contracted provider or may contact the Covered Person's insurer in order to arrange to receive the health service from a contracted provider for lower out-of-pocket costs.
5. The consent and estimate must be provided to the Covered Person in the language spoken by the Covered Person, if the language is a Medi-Cal threshold language, as defined in subdivision (d) of Section 128552 of the Health and Safety Code.
6. The consent shall also advise the Covered Person that any costs incurred as a result of the Covered Person's use of the out-of-network benefit shall be in addition to in-network cost-sharing amounts and may not count toward the annual out-of-pocket maximum on in-network benefits or a deductible, if any, for in-network benefits.

### **When You're Not Sure What Kind of Care You Need**

Sometimes it's difficult to know what kind of care You need, so we have licensed health care professionals available to assist You by phone 24 hours a day, seven days a week. Here are some of the ways they can help You:

- They can answer questions about a health concern, and instruct You on self-care at home if appropriate
- They can advise You about whether You should get medical care, and how and where to get care (for example, if You are not sure whether Your condition is an Emergency Medical Condition, they can help You decide whether You need Emergency Care or Urgent Care, and how and where to get that care)
- They can tell You what to do if You need care and a health care provider's office is closed

You can reach one of these licensed health care professionals by calling 1-888-251-7052. When You call, a trained support person may ask You questions to help determine how to direct Your call.

This section describes standards for appointment wait times and the availability of interpreter services when health care is obtained from Participating Providers. Please refer to the **ACCESS TO HEALTH CARE SECTION** of this Certificate for further information about obtaining health care under this Policy.

### Appointment Wait Times

In accordance with the provisions of state law, access to health care from a Participating Provider will meet the following appointment availability standards:

- 1) Urgent care appointments for services that do not require precertification shall be available within 48 hours of the request for appointment;
- 2) Urgent care appointments for services that require precertification as shown in the **PRECERTIFICATION** section of this Certificate shall be available within 96 hours of the request for appointment;
- 3) Non-urgent appointments for primary care shall be available within ten business days of the request for appointment;
- 4) Non-urgent appointments with specialist physicians shall be available within fifteen business days of the request for appointment;
- 5) Non-urgent appointments with a non-physician Mental Health or Substance Use Disorder provider shall be available within ten business days of the request for appointment;
- 6) Non-urgent appointments for ancillary services for the diagnosis or treatment of injury, illness, or other health condition shall be available within fifteen business days of the request for appointment; and,
- 7) Telephone triage or screening services shall be provided in a timely manner appropriate for the Covered Person's condition. The triage or screening waiting time shall not exceed 30 minutes.

The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of his or her practice and consistent with professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the Covered Person's health.

Preventive care services, and periodic follow up care, including but not limited to, standing referrals to specialists for chronic conditions, periodic office visits to monitor and treat pregnancy, cardiac or mental health or substance use disorder conditions, and laboratory and radiological monitoring for recurrence of disease, may be scheduled in advance consistent with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of his or her practice.

### Notice of the Availability of Interpreter Services from a Participating Provider

Language interpretation services in languages other than English are available to limited-English-proficient Covered Persons at no cost and shall be coordinated with scheduled appointments for health care services from a Participating Provider in a manner that ensures the provision of interpreter services at the time of the appointment without imposing an undue delay on the scheduling of the appointment. If You require interpreter services for Your health care appointment, please request such services at the time You call to schedule Your appointment.

## PRECERTIFICATION

This section describes:

1. How failure to obtain Precertification affects coverage;
2. Precertification administrative procedures; and
3. Which clinical procedures require Precertification.

If Precertification is not obtained, benefits will be reduced through the application of a penalty as described herein even if the treatment or service is deemed Medically Necessary. If the treatment or service is deemed not to be Medically Necessary, the treatment or service will not be covered. If a Hospital Confinement or other inpatient care is extended beyond the number of days first precertified without further Precertification, benefits for the extra days: 1) similarly will be penalized; or 2) will not be covered at all if deemed not to be Medically Necessary.

If Precertification is not obtained, benefits payable for all Covered Charges incurred in connection with any of these services will be reduced by a penalty of \$500 each time Precertification is required. However, the penalty will not result in a reduction greater than 50% of the Covered expenses or \$500 whichever is less per occurrence or per claim. This \$500 penalty will not count toward the satisfaction of any Deductible, coinsurance or Out-of-Pocket Maximum applicable under the Group Policy.

If Your request for Precertification is denied, altered, or delayed, You have the right to appeal the denial, alteration or delay. Please refer to the **CLAIMS AND APPEALS PROCEDURES** section for a detailed discussion of the grievance and appeals process and the **YOUR RIGHT TO AN INDEPENDENT MEDICAL REVIEW** section for Your right to an Independent Medical Review.

**Medical Review Program** means the organization or program that: 1) evaluates proposed treatment or services; and 2) when appropriate, determines that KPIC will not deny coverage on the grounds that the care is not Medically Necessary. Precertification is required for all inpatient admissions and services except for the following:

- Maternity admissions and services for delivery of a child for a minimum of 48 hours for a vaginal delivery and 96 hours for a caesarean delivery.
- Emergency admissions or services. You or Your attending Physician should notify the Medical Review Program of the admission as soon as reasonably possible and not later than 24 hours following the emergency admission.
- Length of stay following a mastectomy or lymph node surgical procedure. The treating physician and surgeon is not required to receive prior approval from KPIC in determining the length of hospital stay following these procedures.

## Precertification Administrative Procedures - For All Plans

1. The Covered Person or his or her attending Physician must notify the Medical Review Program as follows:
  - a) Planned Hospital Confinement - at least 3 days prior to admission for such Hospital Confinement.
  - b) Extension of a Hospital Confinement - as soon as reasonably possible prior to extending the number of days of Hospital Confinement beyond: i) the number of days originally precertified; or ii) the date on which coverage of the Hospital Confinement by Health Plan under the Point of Service Evidence of Coverage terminates;
  - c) Other treatments or procedures requiring Precertification - At least 3 days prior to performance of any other treatment or service requiring Precertification or as soon as reasonably possible.
  - d) Emergency Hospital Confinement - within 24 hours after care has commenced. This requirement is not applied if notice is given as soon as reasonably possible.
2. The Medical Review Program will:
  - a) precertify the requested treatment or service, however, in no event will the Medical Review Program require a treating Physician to request or obtain prior approval for the purpose of determining the length of hospital stay following a covered mastectomy or lymph node dissection; or
  - b) deny Precertification entirely; or
  - c) deny the requested treatment or service but precertify an alternative treatment or service; and
3. Under the Medical Review Program, a Covered Person may be required to:
  - a) obtain a second opinion from a Physician selected from a panel of three or more Physicians designated by the Medical Review Program. If the Covered Person is required to obtain a second surgical opinion, it will be provided at no charge to the Covered Person.

**Pregnancy Precertification:** When a Covered Person is admitted to a Hospital for the delivery of a child, the Covered Person is entitled to stay in the hospital without any Precertification for a minimum of:

Forty-eight (48) hours for a normal vaginal delivery; and  
Ninety-six (96) hours for a Cesarean section delivery.

A stay longer than the above may be allowed provided the attending provider obtains authorization for an extended confinement through KPIC's Medical Review Program. Under no circumstances will KPIC require that a provider reduce the mother's or child's Hospital Confinement below the allowable minimums cited above.

## PRECERTIFICATION

Treatment for Complications of Pregnancy is subject to the same Precertification requirements as any other Sickness.

### **Length of Stay for Mastectomy and Lymph Node Surgical Services**

The length of a hospital stay associated with mastectomy or lymph node surgical procedures will be determined by the attending Physician in consultation with the patient, post-surgery, consistent with sound clinical principles and processes. The treating physician and surgeon is not required to receive prior approval from KPIC in determining the length of hospital stay following these procedures.

### **Review Process**

If a request for Precertification is denied, in whole or in part, the Covered Person, or the individual legally responsible for the Covered Person, will be: 1) notified in writing; and 2) given an opportunity for review. A copy of the procedures by which the Covered Person may seek review will be provided to the Covered Person or the individual legally responsible for the Covered Person at the time of denial.

Please refer to the **CLAIMS AND APPEALS PROCEDURES** section for a detailed discussion of the grievance and appeals process and the **YOUR RIGHT TO AN INDEPENDENT MEDICAL REVIEW** section for Your right to an Independent Medical Review.

### **Failure to Comply with the Precertification Procedures**

The dollar amount of any penalty applied will not count toward satisfaction of any Deductible, coinsurance, or Out-of-Pocket Maximum.

SAMPLE

## DEDUCTIBLES AND MAXIMUMS

### Individual Deductible

Unless otherwise indicated in the Schedule of Coverage or elsewhere in the Policy, the Deductible as shown in the Schedule of Coverage applies to all Covered Charges incurred by a Covered Person during the Accumulation Period. The Deductible applies separately to each Covered Person during each Accumulation Period. When Covered Charges equal to the individual Deductible Maximum are incurred during the Accumulation Period and are submitted to Us, the Deductible will have been met for that Covered Person. Benefits will not be payable for Covered Charges applied to the Deductible. The Accumulation Period is set forth in the Schedule of Coverage.

### Family Deductible Maximum

When Covered Charges equal to the individual Deductible Maximum are incurred during the Accumulation Period and are submitted to Us, the Deductible will have been met for that Covered Person. All remaining family members must continue paying for Covered Charges for services that are subject to the Deductible until they either meet their individual Deductible Maximum or until the family collectively reaches the family Deductible Maximum. Once the family Deductible Maximum is satisfied, benefits begin for the rest of the family for that Accumulation Period whether or not each of their individual Deductible maximum has been met. The Individual Deductible will not be further applied to any other Covered Charges incurred during the remainder of that Accumulation Period by any other person in Your family. The Accumulation Period is set forth in the Schedule of Coverage.

**NOTE: Please refer to the Schedule of Coverage for the actual amount of Your Individual and Family Deductible.**

### Percentage Payable

The Percentage Payable by KPIC is applied to Covered Charges after any applicable Deductible has been met.

### Out-of-Pocket Maximums

Any part of a charge that does not qualify as a Covered Charge will not be applied toward satisfaction of the Out-of-Pocket Maximum. Covered Charges incurred under the following apply to the Out-of-Pocket Maximum unless otherwise indicated in the Schedule of Coverage.

Covered Charges incurred under the following apply to the Out-of-Pocket Maximum:

1. Coinsurance incurred for Covered Services under the Participating Provider tier will be applied towards the Out-of-Pocket Maximum under the Participating Provider tier;
2. Coinsurance incurred for Covered Services under the Non-Participating Provider tier will be applied towards the Out-of-Pocket Maximum under the Non-Participating Provider tier; and
3. Cost Sharing for Non-Emergency Covered Services obtained from a Non-contracting Individual Health Professional at a Participating Provider Facility will be applied towards the Out-of-Pocket Maximum under the Participating Provider tier. Refer to the "Non-Emergency Services Obtained from a Non-contracting Individual Health Professional at a Participating Provider Facility" provision under the **ACCESS TO HEALTH CARE** section of this Certificate for additional information.

Charges in excess of the Maximum Allowable Charge or Benefit Maximum and additional expenses a Covered Person must pay because Precertification was not obtained will not be applied toward satisfying the Deductible or the Out-of-Pocket Maximum. The Out-of-Pocket Maximum may not apply to all Covered Charges. See the Schedule of Coverage for specific exceptions.

**Individual Out-of-Pocket Maximums** When the Covered Person's Cost Share applicable to the Out-of-Pocket Maximum amount equals the Out-of-Pocket Maximum amount shown in the Schedule of

## DEDUCTIBLES AND MAXIMUMS

Coverage during the Accumulation Period, the Covered Person is not required to pay a Cost Share for any further Covered Charges incurred by that same Covered Person for the remainder of that Accumulation Period. The Accumulation Period is set forth in the Schedule of Coverage.

**Family Out-of-Pocket Maximums:** Once a family member reaches their Individual Out-of-Pocket Maximum, no further Cost Share will apply for Covered Services for that individual during the Accumulation Period. All remaining family members must continue paying Cost Share for Covered Services until they either satisfy their individual Out-of-Pocket Maximum or until the family collectively satisfies the family Out-of-Pocket Maximum. When the family's Cost Share applicable to the Out-of-Pocket Maximum amount equals the family Out-of-Pocket Maximum amount shown in the Schedule of Coverage during the Accumulation Period, all family members are not required to pay a Cost Share for any further Covered Charges incurred by all family members for the remainder of that Accumulation Period. The Accumulation Period is set forth in the Schedule of Coverage.

### **Maximum Allowable Charge**

Payments under the Plan are based upon the Maximum Allowable Charge for Covered Services. The Maximum Allowable Charge may be less than the amount actually billed by the provider. Covered Persons are responsible for payment of any amounts in excess of the Maximum Allowable Charge for a Covered Service. (Refer to the definition of Maximum Allowable Charge shown in the General Definitions section of the Certificate.)

Please see the "Exception Requests for a drug not on the formulary" subsection below for information on the exception process.

### Prior Authorization

Outpatient Prescription Drug Prior authorization is a procedure that is used to encourage safe and cost-effective medication use. Prior authorization is generally applied to drugs that have multiple indications, are high in cost, or have a significant safety concern.

The purpose of prior authorization is to ensure that a Covered Person gets the right medication. This means that when Your licensed prescribing provider prescribes a drug that has been identified as subject to prior authorization, the medication needs to be reviewed by Us to determine Medical Necessity before the prescription is filled. Prior authorization edits address clinical appropriateness, including genomic testing, safety issues, dosing restrictions and ongoing treatment criteria.

If a drug requires prior authorization, your licensed prescribing provider will need to work with Us to pre-approve the drug. Prior authorized drugs have specific clinical criteria that You must meet in order to obtain coverage. Refer to the formulary for a complete list of medications requiring prior authorization. The most current formulary can be obtained by visiting <https://choiceproducts-california.kaiserpermanente.org/point-of-service/member-information/pharmacy/>

If you have questions about prior authorization or about drugs covered You can call 24 hours a day, 7 days a week (closed holidays), at 1-800-788-2949 or 711 (TTY).

### Step therapy process

Selected prescription drugs require step therapy. The step therapy program encourages safe and cost-effective medication use. Under this program, a "step" approach is required to receive coverage for certain high-cost medications. Refer to the formulary for a complete list of medications requiring step therapy. This means that to receive coverage You may first need to try a proven, cost-effective medication before using a more costly treatment. Treatment decisions are always between You and Your Provider.

The step therapy program is a process that defines how and when a particular drug can be dispensed by requiring the use of one or more prerequisite drugs (1st line agents), as identified through the Covered Person's drug history, prior to the use of another drug (2nd line agent).

Your licensed prescribing provider should prescribe a first-line medication appropriate for Your condition. If Your licensed prescribing provider determines that a first-line drug is not appropriate or effective for You, a second-line drug, may be covered after meeting certain conditions.

## COORDINATION OF BENEFITS

### Application

This Coordination of Benefits provision applies when the Covered Person has coverage under more than one Plan. If this provision applies, the benefit determination rules state whether this Plan pays before or after another Plan.

### The benefits of this Plan:

1. will not be reduced when this Plan is primary;
2. may be reduced when another Plan is primary and This Plan is secondary. The benefits of This Plan are reduced so that they and the benefits payable under all other Plans do not total more than 100% of the Allowable Expenses during any Calendar Year; and
3. will not exceed the benefits payable in the absence of other coverage.

### Order of Benefit Determination Rules

This Plan determines its order of benefits by using the first of the following that applies:

1. General: A Plan that does not coordinate with other Plans is always the primary Plan.
2. Non-dependent\Dependent: The benefits of the Plan which covers the person as a Covered Person, or subscriber (other than a Dependent) is the primary Plan; the Plan which covers the person as a Dependent is the secondary Plan.
3. Dependent Child--Parents Not Separated or Divorced: When This Plan and another Plan cover the same child as a Dependent of different parents, benefits for the child are determined as follows:
  - a) the primary Plan is the Plan of the parent whose birthday (month and day) falls earlier in the year. The secondary Plan is the Plan of the parent whose birthday falls later in the year.
  - b) if both parents have the same birthday, the benefits of the Plan which covered the parent the longer time is the primary Plan; the Plan which covered the parent the shorter time is the secondary Plan.
  - c) if the other Plan does not have the birthday rule, but has the male/female rule and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.
4. Dependent Child: Separated or Divorced Parents: If two or more Plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined as follows:
  - a) first, the Plan of the parent with custody of the child;
  - b) then, the Plan of the spouse or the Domestic Partner of the parent with custody of the child; and
  - c) finally, the Plan of the parent without custody of the child.

However, if the specific terms of a court decree state that one parent is responsible for the health care expenses of the child and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, that Plan is the primary Plan. This paragraph does not apply with respect to any Calendar Year during which any benefits actually paid or provided before the entity has actual knowledge. Also, benefits for the child of a non-custodial parent who is responsible for the health care expenses of the child may be paid directly to the provider, if the custodial parent so requests.

5. Active/Inactive Service: The primary Plan is the Plan which covers the person as a Covered Person who is neither laid off or retired (or as that employee's Dependent). The secondary Plan is the Plan which covers that person as a laid off or retired Covered Person (or as that Covered Person's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule does not apply.
6. Longer\Shorter Length Of Coverage: If none of the above rules determines the order of benefits, the primary Plan is the Plan which covered a Covered Person, or subscriber the longer time. The secondary Plan is the Plan which covered that person the shorter time.

## COORDINATION OF BENEFITS

### Effect of Medicare

This Plan will be primary to Medicare for an active employee and Dependent spouse or Domestic Partner of such active employee. This Plan will not be primary to Medicare if the Covered Person is eligible for Medicare as primary. Any such Covered Person may not continue enrollment under This Plan. Medicare is primary for an insured retiree or the Dependent spouse or Domestic Partner of a retiree age 65 or over; this applies whether or not the retiree or spouse or Domestic Partner is enrolled in Medicare.

### Members with Medicare and Retirees

This plan is not intended for retirees and most Medicare beneficiaries. If, during the term of this Group Policy, You are or become eligible for Medicare or You retire, the following will apply:

- If You are the Insured Employee and You retire, Your coverage under this Policy will be terminated and You may be eligible to continue membership as described in Your Group Policy or in the Termination of Membership section of Your Point of Service Evidence of Coverage.
- If federal law requires that Your Group's health care plan be primary and Medicare coverage be secondary, Your coverage under this Policy will be the same as it would be if You had not become eligible for Medicare.
- If none of the above applies to You and You are eligible for Medicare, please ask Your Group's benefits administrator about Your membership options.

### Reduction in this Plan's Benefits

When the benefits of This Plan are reduced, each benefit is reduced in proportion. It is then charged against any applicable Benefit Maximum of This Plan.

Any benefit amount not paid under This Plan because of coordinating benefits becomes a benefit credit under This Plan. This amount can be used to pay any added Allowable Expenses the Covered Person may incur during the remainder of the Calendar Year, including any coinsurance payable under This Plan.

### Right to Receive and Release Information

Certain facts are needed to coordinate benefits. KPIC may get needed facts from or give them to any other organization or person. KPIC need not tell, or get the consent of any person to do this. Each person claiming benefits under This Plan must give KPIC any facts it needs to pay the claim.

### Facility of Payment

A payment made under another Plan may have included an amount which should have been paid under This Plan. If it does, KPIC may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. KPIC will not pay that amount again. The term "**payment made**" includes providing benefits in the form of services. In this case "**payment made**" means the reasonable cash value of the benefits provided in the form of services.

### Right of Recovery

If the amount of the payments made by KPIC is more than it should have paid, KPIC may recover the excess from one or more of the following:

1. the persons KPIC has paid or for whom it has paid.
2. insurance companies.
3. other organizations.

The "**amount of payments made**" includes the reasonable cash value of any benefits provided in the form of services.

## COORDINATION OF BENEFITS

When a Covered Person's Injury appears to be someone else's fault, benefits otherwise payable under the policy for Covered Expense incurred as a result of that Injury will not be paid unless the Covered Person or his legal representative agrees:

- a) to repay KPIC for such benefits to the extent they are for losses for which compensation is paid to the Covered Person by or on behalf of the person at fault;
- b) to allow KPIC a lien on such compensation and to hold such compensation in trust for KPIC; and
- c) to execute and give to KPIC any instruments needed to secure the rights under a) and b).

### Definitions Related to Coordination of Benefits

**Active Service** means that a Covered Person: 1) is present at work with the intent and ability to work the scheduled hours; and 2) is performing in the customary manner the regular duties of his or her employment.

**Allowable Expenses** means the Maximum Allowable Charge for medical or dental care or treatment. Part of the expenses must be covered under at least one of the Plans covering the Covered Person.

**Coordination of Benefits** means the way benefits are payable under more than one medical or dental plan. Under Coordination of Benefits, the Covered Person will not receive more than the Allowable Expenses for a loss.

**Plan** means any of the following which provides medical or dental benefits or services:

1. This Plan.
2. any group, blanket, or franchise health insurance.
3. a group contractual prepayment or indemnity plan.
4. a health maintenance organization (HMO), whether a group practice or individual practice association.
5. a labor-management trustee plan or a union welfare plan.
6. an employer or multi-employer plan or employee benefit plan.
7. any government program, including Medicare, as long as benefits under such program are not, by law, excess to this Plan; and they do expand the definition of "Allowable Expenses, as set forth above.
8. insurance required or provided by statute.

Plan does not include any:

1. individual or family policies or contracts.
2. public medical assistance programs including benefits under Medi-Cal or California Crippled Children Services program or any other coverage provided for or required by law when, by law, its benefits are excess to any private insurance or other non-governmental program.
3. group or group-type Hospital indemnity benefits of \$100 per day or less.
4. school accident-type coverages.
5. traditional fault automobile or no-fault automobile policies.

For purposes of this Coordination of Benefit provision, Health Plan is not a separate Plan, and there shall be no Coordination of Benefits between the benefits provided by Health Plan under the Point of Service Evidence of Coverage and the benefits provided under the Group Policy.

The benefits provided by a Plan include those that would have been provided if a claim had been duly made.

**Primary Plan\Secondary Plan** means that when This Plan is primary, its benefits are determined before those of the other Plan; the benefits of the other Plan are not considered. When This Plan is secondary, its benefits are determined after those of the other Plan; its benefits may be reduced because of the other Plan's benefits. When there are more than two Plans, This Plan may be primary as to one and may be secondary as to another.

### A. Definitions Related to Claims and Appeals Procedures

**NOTE:** For purposes of this **CLAIMS AND APPEALS PROCEDURES** section, the term “Medically Necessary” refers to both “Medically Necessary” and “Medically Necessary Treatment of Mental Health and Substance Use Disorders” as these terms are defined under the **GENERAL DEFINITIONS** section.

The following terms have the following meanings when used in this **CLAIMS AND APPEALS PROCEDURES** section:

If You miss a deadline for making a Claim or Appeal, we may decline to review it.

Except when simultaneous external review can occur, You must exhaust the internal claims and appeals procedure (as described below in this **CLAIMS AND APPEALS PROCEDURES** section) for Your Claim before You can request external review or seek judicial relief.

### Participating Provider Claims

If You receive services from a Participating Provider, that provider will file the claims on Your behalf. Benefits will be paid to the provider. You need to pay only Your Deductible, if any, and any Coinsurance or Copayment.

Upon receipt of due written Proof of Loss, unless the Covered Person has asked Us not to do so, KPIC may pay all or any part of the benefits provided by the Group Policy directly to the service provider. Any such payment made by KPIC in good faith will fully discharge KPIC's obligation to the extent of the payment.

Any benefits for health expenses for covered medical transportation services are payable to the provider of these services. No benefits are payable to the Covered Person to the extent benefits for the same expenses are paid to the provider.

**Notice of Claim** You must give us written notice of claim within 20 days after the occurrence or commencement of any loss covered by this Policy, or as soon as reasonably possible. You may give notice or may have someone do it for You. The notice should give Your name and Your Medical Record Number shown in Your Schedule of Coverage. The notice should be mailed to our Administrator at:

**NTT DATA Services  
P.O. Box 261130  
Plano, TX 75026**

### Claim Forms

When we receive Your notice of claim, we will send You forms for filing Proof of Loss. If we do not send You these forms within 15 days after receipt of Your notice of claim, You shall be deemed to have complied with the Proof of Loss requirements by submitting written proof covering the occurrence, character and extent of the loss, within the time limit stated in the Proof of Loss section.

## CLAIM AND APPEALS PROCEDURES

### Proof of Loss

You must give us written Proof of Loss, in the case of a claim for loss for which this Policy provides any periodic payment contingent upon continuing loss, within 90 days after the termination of the period for which we are liable. For any other loss, You must furnish written proof within 90 days after the date of such loss. If it is not reasonably possible to give us this timely proof, we will not reduce or deny Your claim if proof is filed with us as soon as reasonably possible. In any event, proof must be furnished within 12 months from the time proof is otherwise required, unless legal capacity is absent.

**"Proof of Loss"** means sufficient information to allow KPIC or its Administrator to decide if a claim is payable under the terms of the Policy. The information needed to make this determination may include but is not limited to: reports of investigations concerning fraud and misrepresentation, necessary consent forms, releases and assignments, medical records, information regarding provider services, information regarding medical necessity or other necessary information requested by KPIC.

### Time for Payment of Claims

Subject to due written Proof of Loss, all indemnities for loss for which this policy provides payment will be paid to the Covered Person as they accrue and any balance remaining unpaid at termination of the period of liability will be paid to the Insured Employee immediately, but no later than 30 days upon receipt of due written proof.

### Payment of Claims

Subject to any written direction of the Covered Person in an application or otherwise all or a portion of any indemnities provided by this Policy on account of hospital, nursing, medical or surgical service may, at the Covered Person's option, and unless the Covered Person requests otherwise in writing not later than the time for filing Proof of Loss, be paid directly to the hospital or person rendering such services, but it is not required that the service be rendered by a particular hospital or person.

### Contested Claims

If KPIC is unable to pay Your claim after receiving proper Proof of Loss, KPIC will notify You of any contest to or denial of the claim within 30 working days of the date the Proof of Loss was received by KPIC. The written notice will specify:

1. the parts of the claim that are being contested or denied;
2. the reasons the claim is being contested or denied; and
3. the pertinent provisions of the Group Policy on which the contest or denial is based.

If the Covered Person is dissatisfied with the result of the review, the Covered Person may file an appeal.

Please refer to the **Internal Claims and Appeals Procedures** subsection under this section for specific provisions for filing an appeal for each type of Claim (Pre-service; Concurrent, and Post Service) in cases of any Adverse Benefit Determination.

### Right of Recovery for Overpayment

KPIC will not withhold any portion of a claim payment on the basis that the sum withheld is an adjustment or correction for an overpayment made on a prior claim unless:

1. KPIC's files contain clear, documented evidence of an overpayment and written authorization from the claimant or assignee, if applicable, permitting such withholding procedure; or
2. KPIC's files contain clear, documented evidence of all of the following:
  - a) The overpayment was erroneous under the provisions of the Policy;
  - b) The error which resulted in the payment is not a mistake of the law;

## CLAIM AND APPEALS PROCEDURES

- c) KPIC notifies the claimant within 6 months of the date of the error, except that in instances of errors prompted by representations or nondisclosure of claimants or third parties, KPIC notifies the claimant within 15 calendar days after the date of discovery of such error. For the purpose of this provision, the date of the error is the day on which the draft for benefits is issued; and
- d) Such notice states clearly the cause of the error and the amount of the overpayment; however,
- e) The procedure set forth above will not be used if the overpayment is the subject of a reasonable dispute as to facts.

With each payment, KPIC will provide to the claimant and assignee, if any, an explanation of benefits which shall include, if applicable, the provider's name or service covered, dates of service, and a clear explanation of the computation of benefits. In the case of an Adverse Benefit Determination, it will also include a notice that will tell You why We denied Your claim and will include information regarding the mandatory appeals rights, including external review, that may be available to You.

### Time Limitations

If any time limitation provided in the plan for giving notice of claims, or for bringing any action at law or in equity, is less than that permitted by the applicable law, the time limitation provided in the plan is extended to agree with the minimum permitted by the applicable law.

### Legal Action

No legal action may be brought to recover on this Policy before 60 days from the date written Proof of Loss has been given to us as required under the Proof of Loss section. No such action may be brought more than 3 years after the date written proof of loss is given to us. KPIC will review Claims and Appeals, and we may use medical experts to help us review them.

### Language and Translation Assistance

If we send You an Adverse Benefit Determination at an address in a county where a federally mandated threshold language applies, then Your notice of Adverse Benefit Determination will include a notice of language assistance (oral translation) in that threshold language. A threshold language applies to a county if at least, 10% of the population is literate only in the same federally mandated non-English language. We will send You a letter explaining the new or additional information and/or reasons and inform You how You can respond to the information in the letter if You choose to do so. If You do not respond before we must make our final decision, that decision will be based on the information already in Your Claim file.

## C. Internal Claims and Appeals Procedures

### The Claims Process

There are several types of Claims, and each has a different procedure for sending Your Claim to us as described below in this Internal Claims and Appeals Procedures subsection:

- Pre-service Claims (urgent and non-urgent)
- Concurrent care Claims (urgent and non-urgent)
- Post-service Claims

### The Internal Appeals Process

In order to afford You the opportunity for a full and fair review of an Adverse Benefit Determination, the Policyholder has designated KPIC as the “named fiduciary” for appeals arising under the Group Policy. In addition, there are separate Appeals procedures for Adverse Benefit Determinations due to a retroactive termination of coverage (rescission).

If We deny Your Claim (Post Service, Pre-service or Concurrent Claims), in whole or in part, You have the right to request an Appeal of such decision. The internal Appeals process is described below. Additionally, our Adverse Benefit Determination notice will tell You why We denied Your claim and will include information regarding the mandatory appeal rights, including external review, that may be available to You. We must receive Your review request within 180 days of Your receiving Our Adverse Benefit Determination. Please note that We will count the 180 days starting 5 business days from the date of the notice to allow for delivery time, unless You can prove that You received the notice after that 5 business day period.

## CLAIM AND APPEALS PROCEDURES

### **Providing Additional Information Regarding Your Claim**

When You Appeal, You may send us additional information including comments, documents, and additional medical records that You believe support Your Claim. We will add the information that You provide through testimony or other means to Your Claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding Your Claim.

**Pre-service Claims and Appeals.** Pre-service Claims are requests that we provide or pay for a Service that You have not yet received. Failure to receive authorization before receiving a service that must be authorized or precertified in order to be a covered benefit may be the basis of reduction of Your benefits or for our denial of Your pre-service Claim or a post-service Claim for payment. If You receive any of the Covered Services You are requesting before we make our decision, Your pre-service Claim or Appeal will become a post-service Claim or Appeal with respect to those services. - If You want us to consider Your pre-service Claim on an urgent basis, Your request should tell us that. We will decide whether Your Claim is urgent or non-urgent unless Your attending health care provider tells us Your Claim is urgent. If we determine that Your Claim is not urgent, we will treat Your Claim as non-urgent. Generally, a Claim is urgent only if using the procedure for non-urgent Claims (a) could seriously jeopardize Your life, health, or ability to regain maximum function, or (b) would, in the opinion of a physician with knowledge of Your medical condition, subject You to severe pain that cannot be adequately managed without the Covered Services You are requesting.
- We will review Your Claim and, if we have all the information we need, we will make a decision within a reasonable period of time but not later than 5 days after we receive Your Claim. We may extend the time for making a decision for an additional 5 days if circumstances beyond our control delay our decision, if we notify You prior to the expiration of the initial 5 day period. If we tell You we need more information, we will ask You for the information within the initial 5 day decision period, and we will give You 45 days to send the information. We will make a decision within 5 days after we receive the first piece of information (including documents) we requested. We encourage You to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 5 days following the end of the 45 day period. We will send written notice of our decision to You and, if applicable to Your provider.
- If Your pre-service Claim was considered on an urgent basis, we will notify You of our decision orally or in writing within a timeframe appropriate to Your clinical condition but not later than 72 hours after we receive Your Claim. Within 24 hours after we receive Your Claim, we may ask You for more information. We will notify You of our decision within 48 hours of receiving the first piece of requested information. If we do not receive any of the requested information, then we will notify You of our decision within 48 hours after making our request. If we notify You of our decision orally, we will send You written confirmation within 3 days after that.
- If we deny Your Claim (if we do not agree to provide or pay for all the Covered Services You requested), our Adverse Benefit Determination notice will tell You why we denied Your Claim and how You can Appeal.
- **Non-urgent pre-service Appeal**
  - Within 180 days after You receive our Adverse Benefit Determination notice, You must tell us in writing that You want to Appeal our denial of Your pre-service Claim. Please include the following: (1) Your name and Medical Record Number, (2) Your medical condition or relevant symptoms, (3) the specific Service that You are requesting, (4) all of the reasons why You disagree with our adverse benefit denial, and (5) all supporting documents. Your request and the supporting documents constitute Your Appeal. You must either mail Your Appeal to:

**Permanente Advantage  
Appeals Department  
5855 Copley Drive, Suite 250  
San Diego, CA 92111  
Phone: 1-888-567-6847  
Fax: 1-866-338-0266**

- We will review Your Appeal and send You a written decision within 30 days after we receive Your Appeal.

San Diego, CA 92111  
Fax: 1-866-338-0266**

**To file an oral appeal, call: 1-888-567-6847**

- When You send Your Appeal, You may also request simultaneous external review of our initial Adverse Benefit Determination. If You want simultaneous external review, Your Appeal must tell us this. You will be eligible for the simultaneous external review only if Your pre-service Appeal qualifies as urgent. If You do not request simultaneous external review in Your Appeal, then You may be able to request external review after we make our decision regarding Your Appeal (see “**External Review**” provision under in this **CLAIMS AND APPEALS PROCEDURES** section), if our internal appeal decision is not in Your favor.
- We will decide whether Your Appeal is urgent or non-urgent unless Your attending health care provider tells us Your Appeal is urgent. If we determine that Your Appeal is not urgent, we will treat Your Appeal as non-urgent. Generally, an Appeal is urgent only if using the procedure for non-urgent Claims or Appeals (a) could seriously jeopardize Your life, health, or ability to regain maximum function, or (b) would, in the opinion of a physician with knowledge of Your medical condition, subject You to severe pain that cannot be adequately managed without the Services You are requesting.

- If we deny Your Appeal, our Adverse Benefit Determination notice will tell You why we denied Your Appeal and will include information regarding any further process, including external review, that may be available to You.

**Concurrent Care Claims and Appeals.** Concurrent care Claims are requests that KPIC continue to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If You have any general questions about concurrent care Claims or Appeals, please call 1-888-567-6847.

If we either (a) deny Your request to extend Your current authorized ongoing care (Your concurrent care Claim) or (b) inform You that authorized care that You are currently receiving is

going to end early and You Appeal our Adverse Benefit Determination at least 24 hours before Your ongoing course of covered treatment will end, then during the time that we are considering Your Appeal, You may continue to receive the authorized Covered Services. If You continue to receive these Covered Services while we consider Your Appeal and Your Appeal does not result in our approval of Your concurrent care Claim, then You will have to pay for the Services that we decide are not covered.

Here are the procedures for filing a concurrent care Claim, a non-urgent concurrent care Appeal, and an urgent concurrent care Appeal:

- **Concurrent care Claim**

- Tell us in writing that You want to make a concurrent care Claim for an ongoing course of covered treatment. Inform us in detail of the reasons that Your authorized ongoing care should be continued or extended. Your request and any related documents You give us constitute Your Claim. You must mail Your Claim to us at:

**Permanente Advantage  
Appeals Department  
5855 Copley Drive, Suite 250  
San Diego, CA 92111  
Fax: 1-866-338-0266  
Phone: 1-888-567-6847**

- If You want us to consider Your Claim on an urgent basis and You contact us at least 24 hours before Your care ends, You may request that we review Your concurrent Claim on an urgent basis. We will decide whether Your Claim is urgent or non-urgent unless Your attending health care provider tells us Your Claim is urgent. If we determine that Your Claim is not urgent, we will treat Your Claim as non-urgent. Generally, a Claim is urgent only if using the procedure for non-urgent Claims (a) could seriously jeopardize Your life, health or ability to regain maximum function, or (b) would, in the opinion of a physician with knowledge of Your medical condition, subject You to severe pain that cannot be adequately managed without extending Your course of covered treatment.
- We will review Your Claim, and if we have all the information we need we will make a decision within a reasonable period of time. If You submitted Your Claim 24 hours or more before Your care is ending, we will make our decision before Your authorized care actually ends. If Your authorized care ended before You submitted Your Claim, we will make our decision but no later than 5 days after we receive Your Claim. We may extend the time for making a decision for an additional 5 days if circumstances beyond our control delay our decision, if we send You notice before the initial 5 day decision period ends. If we tell You we need more information, we will ask You for the information before the initial decision period ends, and we will give You until Your care is ending or, if Your care has ended, 45 days to send us the information. We will make our decision as soon as possible, if Your care has not ended, or within 5 days after we first receive any information (including documents) we requested. We encourage You to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 5 days following the end of the timeframe we gave You for sending the additional information.
- We will send written notice of our decision to You and, if applicable to Your provider.
- If we consider Your concurrent Claim on an urgent basis, we will notify You of our decision orally or in writing as soon as Your clinical condition requires, but not later than

If You do not request simultaneous external review in Your Appeal, then You may be able to request external review after we make our decision regarding Your Appeal (see **External Review** provision under this **CLAIMS AND APPEALS PROCEDURES** section).

- We will decide whether Your Appeal is urgent or non-urgent unless Your attending health care provider tells us Your Appeal is urgent. If we determine that Your Appeal is not urgent, we will treat Your Appeal as non-urgent. Generally, an Appeal is urgent only if using the procedure for non-urgent Appeals (a) could seriously jeopardize Your life, health, or ability to regain maximum function, or (b) would, in the opinion of a physician with knowledge of Your medical condition, subject You to severe pain that cannot be adequately managed without continuing Your course of covered treatment.

### Definitions

For the purpose of this Section of the Certificate, the following definitions apply:

**"Life-threatening"** means either or both of the following:

1. Sickness or Injury where the likelihood of death is high unless the course of the Sickness is interrupted.
2. Sickness or Injury with potentially fatal outcomes, where the end point of clinical intervention is survival.

**"Seriously Debilitating Condition"** means Sickness or Injury that causes major irreversible morbidity.

**NOTE: Notwithstanding the foregoing, the effective date of implementation by KPIC of the above requirements are subject to the provisions under ACA, as then constituted or later amended, or subject to the provisions under any interim final regulations promulgated by any government agency in the implementation of the provisions of the ACA**

## GENERAL PROVISIONS

### **Time Effective**

The effective time for any dates used is 12:01 AM. at the address of the Policyholder.

### **Time Limit on Certain Defenses**

After two years from the date of issue of this Group Policy, no misstatements, made by the Policyholder in the application for the Group Policy shall be used to void the Group Policy, or to deny, contest or reduce a claim.

### **Misstatement of Age**

If the age of any person insured under This Plan has been misstated: 1) premiums shall be adjusted to correspond to his or her true age; and 2) if benefits are affected by a change in age, benefits will be corrected accordingly (in which case the premium adjustment will take the correction into account).

### **Physical Examination and Autopsy**

KPIC, at its own expense, shall have the right and opportunity to examine the person of any individual whose Injury or Sickness is the basis of a claim when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death, where it is not forbidden by law.

### **Assignment**

Payment of benefits under this Group Policy for treatment or services that are not provided, prescribed or directed by Participating Providers are not assignable and thereby not binding on KPIC, unless previously approved by KPIC in writing.

Payment of benefits shall be made by KPIC directly to the provider, including medical transportation providers (ambulance), certified nurse-midwives, nurse practitioners and licensed midwives, or to the Insured or Dependent or, in the case of the Insured's death, to his or her executor, administrator, provider, spouse Domestic Partner or relative.

### **Surrogacy Arrangement**

If You enter into a surrogacy arrangement and You or any other payee are entitled to receive payments or other compensation under the surrogacy arrangement, You must reimburse Us for Covered Services You receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement ("Surrogacy Health Services") to the maximum extent allowed under California Civil Code Section 3040. A "surrogacy arrangement" is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate.

Note: This "Surrogacy Arrangements" provision does not affect Your obligation to pay Your Cost Share for these Covered Services. After You surrender a baby to the legal parents, You are not obligated to reimburse Us for any Covered Services that the baby receives after the date of surrender (the legal parents are financially responsible for any services that the baby receives).

By accepting Surrogacy Health Services, You automatically assign to Us Your right to receive payments that are payable to You or any other payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure Our rights, We will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy Our lien. The assignment and Our lien will not exceed the total amount of Your obligation to Us under the preceding paragraph.

## GENERAL PROVISIONS

Within 30 days after entering into a surrogacy arrangement, You must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information We request in order to satisfy our rights

You must send this information to:

Kaiser Permanente Insurance Company  
P.O. Box 261155  
Plano, TX. 75026

You must complete and send Us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Us to determine the existence of any rights we may have under this "Surrogacy Arrangements" provision and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this "Surrogacy Arrangements" section without Our prior, written consent.

If Your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, Your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if You had asserted the claim against the third party. We may assign Our rights to enforce Our liens and other rights.

If You have questions about Your obligations under this provision, please contact Us by calling the phone number listed on Your ID card.

### **Money Payable**

All sums payable by or to KPIC or its Administrator must be paid in the lawful currency of the United States.

### **Notice of Termination of Provider**

KPIC will provide written notice to the Group Policyholder of any termination, permanent breach of contract by, or permanent inability to perform of any Participating Provider, if the termination, breach or inability would materially and adversely affect the Covered Person. The Group Policyholder shall distribute to the Insured Employee the substance of such notice within 30 days of receipt.

### **Rights of a Custodial Parent**

If the parents of a covered Dependent child are:

1. divorced or legally separated; and
2. subject to the same Order,

The custodial parent will have the rights stated below without the approval of the non-custodial parent. However, for this provision to apply the non-custodial parent must be a Covered Person approved for family health coverage under the Policy and KPIC must receive:

1. a request from the custodial parent who is not a Covered Person under the policy; and
2. a copy of the Order.

If all of these conditions have been met, KPIC will:

- A. provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the Policy;

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

In this Notice we use the terms "we," "us" and "our" to describe KPIC.

### I. WHAT IS “PROTECTED HEALTH INFORMATION”?

Your protected health information (“PHI”) is individually identifiable health information, including demographic information, about your past, present or future physical or mental health or condition, health care services you receive, and past, present or future payment for your health care. Demographic information means information such as your name, social security number, address, and date of birth.

PHI may be in oral, written or electronic form. Examples of PHI include your medical record, claims record, enrollment or disenrollment information, and communications between you and your health care provider about your care.

With the exception of those insured in California, your individually identifiable health information ceases to be PHI 50 years after your death.

---

### II. ABOUT OUR RESPONSIBILITY TO PROTECT YOUR PHI

By law, we must

1. protect the privacy of your PHI;
2. tell you about your rights and our legal duties with respect to your PHI;
3. notify you if there is a breach of your unsecured PHI; and
4. tell you about our privacy practices and follow our Notice currently in effect.

We take these responsibilities seriously, and have put in place administrative safeguards (such as security awareness training and policies and procedures), technical safeguards (such as encryption and passwords), and physical safeguards (such as locked areas and requiring badges) to protect your PHI and, as in the past, we will continue to take appropriate steps to safeguard the privacy of your PHI.

---

### III. YOUR RIGHTS REGARDING YOUR PHI

This section tells you about your rights regarding your PHI, and describes how you can exercise these rights.

Your right to access and amend your PHI

Subject to certain exceptions, you have the right to view or get a copy of your PHI that we maintain in records relating to your care or decisions about your care or payment for your care. Requests must be in writing.

After we receive your written request, we will let you know when and how you can see or obtain a copy of your record. If you agree, we will give you a summary or explanation of your PHI instead of providing copies. We may charge you a fee for the copies, summary or explanation.

If we do not have the record you asked for but we know who does, we will tell you who to contact to request it. In limited situations, we may deny some or all of your request to see or receive copies of your records, but if we do, we will tell you why in writing and explain your right, if any, to have our denial reviewed.

If you believe there is a mistake in your PHI or that important information is missing, you may request that we correct or add to the record. Requests must be in writing, telling us what corrections or additions you are requesting, and why the corrections or additions should be made. We will respond in writing after reviewing your request. If we approve your request, we will make the correction or addition to your PHI. If we deny your request, we will tell you why and explain your right to file a written statement of disagreement.

#### IV. HOW WE MAY USE AND DISCLOSE YOUR PHI

Your confidentiality is important to us. Our employees are required to maintain the confidentiality of the PHI of our insureds and we have policies and procedures and other safeguards to help protect your PHI from improper use and disclosure. Sometimes we are allowed by law to use and disclose certain PHI without your written permission. We briefly describe these uses and disclosures below and give you some examples.

How much PHI is used or disclosed without your written permission will vary depending, for example, on the intended purpose of the use or disclosure. Sometimes we may only need to use or disclose a limited amount of PHI, such as to confirm that you are KPIC-insured. At other times, we may need to use or disclose more PHI such as when we assist in resolving an appeal or grievance.

- **Payment:** Your PHI may be needed to determine our responsibility to pay for, or to permit us to bill and collect payment for, treatment and health-related services that you receive. When you or a provider sends us the bill for health care services, we use and disclose your PHI to determine how much, if any, of the bill we are responsible for paying.
- **Health care operations:** We may use and disclose your PHI for certain health care operations, for example, quality assessment and improvement, licensing, accreditation, activities relating to the creation, renewal or replacement of health insurance or health benefits; conducting medical review; legal services; auditing functions, including fraud and abuse detection and compliance programs; customer service, underwriting, and determining premiums and other costs of providing health care.
- **Business associates:** We may contract with business associates to perform certain functions or activities on our behalf, such as payment and health care operations. These business associates must agree to safeguard your PHI.
- **Specific types of PHI:** There are stricter requirements for use and disclosure of some types of PHI, for example, mental health and drug and alcohol abuse patient information, mental health records, and HIV tests, and genetic testing information. However, there are still circumstances in which these types of information may be used or disclosed without your authorization.
- **Underwriting:** We may use and disclose your PHI, to the extent permitted under applicable law, for underwriting purposes, including the determination of benefit eligibility and costs of coverage and to perform other activities related to issuing a benefit policy. However, we are prohibited from using or disclosing your genetic information for underwriting purposes. Your genetic information includes information about your genetic tests, your family members' genetic tests, and requests for or receipt of genetic services by you or any family members.
- **Communications with family and others when you are present:** Sometimes a family member or other person involved in your care will be present when we are discussing your PHI with you. If you object, please tell us and we won't discuss your PHI or we will ask the person to leave.

- **Communications with family and others when you are not present:** There may be times when it is necessary to disclose your PHI to a family member or other person involved in your care because there is an emergency, you are not present, or you lack the decision-making capacity to agree or object. In those instances, we will use our professional judgment to determine if it's in your best interest to disclose your PHI. If so, we will limit the disclosure to the PHI that is directly relevant to the person's involvement with your health care. For example, we may allow someone to pick up a prescription for you.
- **Disclosure in case of disaster relief:** We may disclose your name, city of residence, age, gender, and general condition to a public or private disaster relief organization to assist disaster relief efforts, unless you object at the time.
- **Disclosures to parents as personal representatives of minors:** In most cases, we may disclose your minor child's PHI to you. In some situations, however, we are permitted or even required by law to deny your access to your minor child's PHI. Examples of when we must deny such access include your minor child's PHI regarding drug or addiction, certain mental health services, and venereal disease.
- **Public health activities:** Public health activities cover many functions performed or authorized by government agencies to promote and protect the public's health and may require us to disclose your PHI.
  - For example, we may disclose your PHI as part of our obligation to report to public health authorities certain diseases, injuries, conditions, and vital events such as births. Sometimes we may disclose your PHI to someone you may have exposed to a communicable disease or who may otherwise be at risk of getting or spreading the disease.
  - The Food and Drug Administration (FDA) is responsible for tracking and monitoring certain medical products, such as pacemakers and hip replacements, to identify product problems and failures and injuries they may have caused. If you have received one of these products, we may use and disclose your PHI to the FDA or other authorized persons or organizations, such as the maker of the product.
  - We may use and disclose your PHI as necessary to comply with federal and state laws that govern workplace safety.
- **Health oversight:** As a health insurer, we are subject to oversight conducted by federal and state agencies. These agencies may conduct audits of our operations and activities and in that process, they may review your PHI.
- **Disclosures to your employer or your employee organization:** If you are enrolled in a KPIC health insurance plan through your employer or employee organization, we may share certain PHI with them without your authorization, but only when allowed by law. For example, we may disclose your PHI for a workers' compensation claim or to determine whether you are enrolled in the plan or whether premiums have been paid on your behalf. For other purposes, such as for inquiries by your employer or employee organization on your behalf, we will obtain your authorization when necessary under applicable law.
- **Workers' compensation:** We may use and disclose your PHI in order to comply with workers' compensation laws. For example, we may communicate your medical information regarding a work-related injury or illness to claims administrators, insurance carriers, and others responsible for evaluating your claim for workers' compensation benefits.
- **Military activity and national security:** We may sometimes use or disclose the PHI of armed forces personnel to the applicable military authorities when they believe it is necessary to properly carry out military missions. We may also disclose your PHI to authorized federal

officials as necessary for national security and intelligence activities or for protection of the President and other government officials and dignitaries.

- **Required by law:** In some circumstances federal or state law requires that we disclose your PHI to others. For example, the Secretary of the Department of Health and Human Services may review our compliance efforts, which may include seeing your PHI.
- **Lawsuits and other legal disputes:** We may use and disclose PHI in responding to a court or administrative order, a subpoena, or a discovery request. We may also use and disclose PHI to the extent permitted by law without your authorization, for example, to defend a lawsuit or arbitration.
- **Law enforcement:** We may disclose PHI to authorized officials for law enforcement purposes, for example, to respond to a search warrant, report a crime on our premises, or help identify or locate someone.
- **Abuse or neglect:** By law, we may disclose PHI to the appropriate authority to report suspected child abuse or neglect or to identify suspected victims of abuse, neglect, or domestic violence.
- **Coroners and funeral directors:** We may disclose PHI to a coroner or medical examiner to permit identification of a body, determine cause of death, or for other official duties. We may also disclose PHI to funeral directors.
- **Inmates:** Under the federal law that requires us to give you this Notice, inmates do not have the same rights to control their PHI as other individuals. If you are an inmate of a correctional institution or in the custody of a law enforcement official, we may disclose your PHI to the correctional institution or the law enforcement official for certain purposes, for example, to protect your health or safety or someone else's.

---

#### **V. ALL OTHER USES AND DISCLOSURES OF YOUR PHI REQUIRE YOUR PRIOR WRITTEN AUTHORIZATION**

Except for those uses and disclosures described above, we will not use or disclose your PHI without your written authorization. Some instances in which we may request your authorization for use or disclosure of PHI are:

- **Marketing:** We may ask for your authorization in order to provide information about products and services that you may be interested in purchasing or using. Note that marketing communications do not include our contacting you with information about treatment alternatives, prescription drugs you are taking or health-related products or services that we offer or that are available only to our health plan enrollees. Marketing also does not include any face-to-face discussions you may have with your providers about products or services.
- **Sale of PHI:** We may only sell your PHI if we received your prior written authorization to do so.

When your authorization is required and you authorize us to use or disclose your PHI for some purpose, you may revoke that authorization by notifying us in writing at any time. Please note that the revocation will not apply to any authorized use or disclosure of your PHI that took place before we received your revocation. Also, if you gave your authorization to secure a policy of insurance, including health insurance from us, you may not be permitted to revoke it until the insurer can no longer contest the policy issued to you or a claim under the policy.
