## INTRODUCTION

This *Evidence of Coverage (EOC)*, including the “Benefit Summary,” describes the health care benefits of this Kaiser Permanente Individuals and Families High Deductible Health Plan. Members are entitled to covered Services only at Participating Facilities and from Participating Providers, except as noted in this *EOC*. For benefits provided under any other Plan, refer to that Plan’s evidence of coverage.

This health benefit Plan is a high deductible health Plan that meets the requirements of Section 223 (c)(2) of the Internal Revenue Code. The health care coverage described in this *EOC* is designed to be compatible for use with a Health Savings Account (HSA) under federal tax law.

The tax references contained in this *EOC* relate to federal income tax only. The tax treatment of HSA contributions and distributions under your state income tax laws may differ from the federal tax treatment and differs from state to state. Kaiser Foundation Health Plan of the Northwest does not provide tax advice. Consult with your financial or tax advisor for tax advice or more information, including information about your eligibility for an HSA.

Enrollment in a high deductible health Plan that is HSA-compatible is only one of the eligibility requirements for establishing and contributing to an HSA. Some examples of other requirements include that you must not be:

- Covered by another health coverage Plan that is not also an HSA-compatible Plan, with certain exceptions.
- Enrolled in Medicare Part A or Part B.
- Able to be claimed as a dependent on another person’s tax return.

The provider network for this High Deductible Health Plan is the Classic Complete network.

Kaiser Foundation Health Plan of the Northwest uses health care benefit managers to administer this Plan. For a current list of the health care benefit managers we use and the services they provide, please visit [kp.org/disclosures](http://kp.org/disclosures); look under “Choose your region”; select Oregon / SW Washington; click on “Coverage information”; expand the “Getting care” list; and open the document titled *List of Health Care Benefit Managers*.

The provisions of this *EOC* must be considered together to fully understand the benefits available under the *EOC*. In this *EOC*, Kaiser Foundation Health Plan of the Northwest is sometimes referred to as “Company,” “we,” “our,” or “us.” Members are sometimes referred to as “you.” Some capitalized terms have special meaning in this *EOC*. See the “Definitions” section for terms you should know.

It is important to familiarize yourself with your coverage by reading this *EOC* and the “Benefit Summary” completely, so that you can take full advantage of your Plan benefits. Also, if you have special health care needs, carefully read the sections applicable to you.

If you would like additional information about your benefits, important health plan disclosures, or other products and services, please call Member Services or e-mail us by registering at [kp.org/register](http://kp.org/register).

## Term of This *EOC*

Medical benefit coverage under this *EOC* for the effective period stated on the cover page will be provided only for the period for which Company has received the applicable Premium.

## Renewal

This *EOC* is guaranteed renewable during the effective period subject to receipt of applicable Premium and will not be terminated, except as described in the “Termination of Membership” section.

## DEFINITIONS

The following terms, when capitalized and used in any part of this *EOC*, mean:

**Allowed Amount.** The lower of the following amounts:

- The actual fee the provider, facility, or vendor charged for the Service.
- 160 percent of the Medicare fee for the Service, as indicated by the applicable Current Procedural Terminology (CPT) code or Healthcare Common Procedure Coding System (HCPCS) code shown on the current Medicare fee schedule. The Medicare fee schedule is developed by the Centers for Medicare and Medicaid Services (CMS) and adjusted by Medicare geographical practice indexes. When there is no established CPT or HCPCS code indicating the Medicare fee for a particular Service, the Allowed Amount is 70 percent of the actual fee the provider, facility, or vendor charged for the Service.

**Ancillary Service.** Services that are:

- Related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or non-physician practitioner.
- Provided by assistant surgeons, hospitalists, and intensivists.
- Diagnostic Services, including radiology and laboratory Services.
- Provided by a Non-Participating Provider if there is no Participating Provider who can furnish such Service at the facility.
- Provided as a result of unforeseen, urgent medical needs that arise at the time the Service is provided, regardless of whether the Non-Participating Provider or Non-Participating Facility satisfies the notice and consent requirements under federal law.

**Behavioral Health Emergency Services Provider.** Emergency Services provided in any of the following settings, which are licensed or certified by the Washington Department of Health:

- A crisis stabilization unit.
- An evaluation and treatment facility that can provide directly, or by direct arrangement with other public or private agencies, emergency evaluation and treatment, outpatient care, and timely and appropriate inpatient care to persons suffering from a mental disorder.
- An agency certified to provide outpatient crisis services.
- A triage facility.
- An agency certified to provide medically managed or medically monitored withdrawal management services.
- A mobile rapid response crisis team that is contracted with a behavioral health administrative services organization operating to provide crisis response services in the behavioral health administrative services organization's service area.

**Benefit Summary.** A section of this *EOC* which provides a brief description of your medical Plan benefits and what you pay for covered Services.

**Charges.** Charges means the following:

- For Services provided by Medical Group, Kaiser Foundation Hospitals, and Permanente Dental Associates, PC, the amount in Company's schedule of charges for Services provided to Members.
- For Services for which a provider or facility (other than Medical Group, Kaiser Foundation Hospitals, or Permanente Dental Associates, PC) is compensated on a capitation basis, the amount in the schedule of charges that Company negotiates with the capitated provider.

- For Services received from other Participating Providers or Participating Facilities we contract with, the amount the provider or facility has agreed to accept as payment.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Member for the item if the Member's benefit Plan did not cover the pharmacy item. This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing pharmacy Services to Members, and the pharmacy program's contribution to the net revenue requirements of Company.
- For Emergency Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Care that constitutes Emergency Services under federal law), the amount required to be paid by Company pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process.
- For all other Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Services that are not Emergency Services under federal law), the amount (1) required to be paid pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process, or (2) in the event that neither state or federal law prohibiting balance billing apply, then the amount agreed to by the Non-Participating Provider and Company or, absent such an agreement, the Allowed Amount.

**Coinsurance.** The percentage of Charges that you must pay when you receive a covered Service.

**Company.** Kaiser Foundation Health Plan of the Northwest, an Oregon nonprofit corporation. This *EOC* sometimes refers to our Company as “we,” “our,” or “us.”

**Copayment.** The defined dollar amount that you must pay when you receive a covered Service.

**Cost Share.** The Deductible, Copayment, or Coinsurance you must pay for covered Services.

**Deductible.** The amount you must pay for certain Services you receive in a Year before we will cover those Services, subject to any applicable Copayment or Coinsurance, in that Year.

***Dental Facility Directory.*** The *Dental Facility Directory* includes addresses, maps, and telephone numbers for Participating Dental Offices and provides general information about getting dental care at Kaiser Permanente.

***Dental Provider Directory.*** The *Dental Provider Directory* lists Participating Dental Providers, includes addresses for Participating Dental Offices, and provides general information about each Participating Dental Provider such as gender, specialty, and language spoken.

**Dental Specialist.** A Participating Provider who is an endodontist, oral pathologist, oral radiologist, oral surgeon, orthodontist, pediatric dentist, periodontist or prosthodontist. A referral by a Participating Dentist is required in order to receive covered Services from a Dental Specialist.

**Dentally Necessary.** A Service that, in the judgment of a Participating Dentist, is required to prevent, diagnose, or treat a dental condition. A Service is Dentally Necessary only if a Participating Dentist determines that its omission would adversely affect your dental health and its provision constitutes a dentally appropriate course of treatment for you in accord with generally accepted professional standards of practice that are consistent with a standard of care in the dental community and in accordance with applicable law. Unless otherwise required by law, we decide if a Service is Dentally Necessary. You may appeal our decision as set forth in the “Grievances, Claims, Appeals, and External Review” section. The fact that a Participating Dentist has prescribed, recommended, or approved a Service does not, in itself, make such Service Dentally Necessary and, therefore, a covered Service.

**Dentist.** Any licensed doctor of dental science (DDS) or doctor of medical dentistry (DMD).

**Dependent.** A Member who meets the eligibility requirements for a Dependent as described in the “Who Is Eligible” section.

**Dependent Limiting Age.** The “Premium, Eligibility, and Enrollment” section requires that most types of Dependents (other than Spouses and disabled Dependents as described in the “Dependents” section) be under the Dependent Limiting Age in order to be eligible for membership. The “Benefit Summary” shows the Dependent Limiting Age.

- Placing the person’s health (or, with respect to a pregnant person, the health of them or their unborn child) in serious jeopardy;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.

**Emergency Medical Condition.** A medical, mental health, or Substance Use Disorder condition that manifests itself by acute symptoms of sufficient severity (including, but not limited to, severe pain or emotional distress) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical, mental health, or Substance Use Disorder treatment attention to result in any of the following:

- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

**Emergency Services.** All of the following with respect to an Emergency Medical Condition:

- A medical screening examination (as required under the federal Emergency Medical Treatment and Active Labor Act, “EMTALA”) that is within the capability of the emergency department of a hospital, or of an Independent Freestanding Emergency Department, including Ancillary Services and patient observation routinely available to the emergency department to evaluate the Emergency Medical Condition.
- A behavioral health screening examination that is within the capability of a Behavioral Health Emergency Services Provider, including Ancillary Services routinely available to the Behavioral Health Emergency Services Provider to evaluate the Emergency Medical Condition.
- Further examination and treatment, within the capabilities of the staff and facilities available at the emergency department of a hospital, or Independent Freestanding Emergency Department, or Behavioral Health Emergency Services Provider to Stabilize the patient, as required under EMTALA (or would be required under EMTALA if it applied to each of these settings).
- Covered Services provided by a Non-Participating Provider (including staff or facilities at the emergency department of a hospital or Independent Freestanding Emergency Department, or Behavioral Health Emergency Services Provider) after you are Stabilized, and that are part of outpatient observation or an inpatient or outpatient stay with respect to the visit during which screening and Stabilization Services have been furnished, if the Non-Participating Provider determines that, taking into account your medical or behavioral health condition, you are not able to travel to an available Participating Provider within a reasonable travel distance, using non-medical transportation or non-emergency transportation.

**ERISA.** The Employee Retirement Income Security Act of 1974, as amended.

**Essential Health Benefits.** Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care). Company certifies that this Plan covers Essential Health Benefits in compliance with state and federal law.

Contributions made to a Health Savings Account by an eligible individual are tax deductible under federal tax law whether or not the individual itemizes deductions. In order to make contributions to a Health Savings Account, you must be covered under a qualified high deductible health Plan and meet other tax law requirements.

Company does not provide tax advice. Consult with your financial or tax advisor for tax advice or more information about your eligibility for a Health Savings Account.

**High Deductible Health Plan.** A health benefit plan that meets the requirements of Section 223(c)(2) of the Internal Revenue Code. The health care coverage under this *EOC* has been designed to be a High Deductible Health Plan compatible for use with a Health Savings Account.

**HIPAA-eligible Individual.** A HIPAA-eligible Individual meets the following conditions: 1) has at least 18 months of Creditable Coverage as of the application date; 2) the most recent prior Creditable Coverage was under a group health Plan, governmental Plan, or church Plan or health insurance coverage offered in connection with any of these Plans; 3) does not have other health insurance coverage; 4) the individual's most recent coverage was not terminated because of nonpayment of Premium or fraud; 5) the individual has elected and exhausted continuation coverage under Consolidated Omnibus Budget Reconciliation Act (COBRA) or a similar state program; and 6) the individual is not eligible for a group health Plan, Medicare Part A or B, or a state Medicaid Plan.

**Home Health Agency.** A "home health agency" is an agency that: (i) meets any legal licensing required by the state or other locality in which it is located; (ii) qualifies as a participating home health agency under Medicare; and (iii) specializes in giving skilled nursing facility care Services and other therapeutic Services, such as physical therapy, in the patient's home (or to a place of temporary or permanent residence used as your home).

Medical Group contracts with Company to provide professional medical Services to Members and others primarily on a capitated, prepaid basis in Participating Facilities.

**Medically Necessary.** Our determination that the Service is all of the following: (i) medically required to prevent, diagnose or treat your condition or clinical symptoms; (ii) in accordance with generally accepted standards of medical practice; (iii) not solely for the convenience of you, your family and/or your provider; and, (iv) the most appropriate level of Service which can safely be provided to you. For purposes of this definition, “generally accepted standards of medical practice” means (a) standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; (b) physician specialty society recommendations; (c) the view of physicians practicing in the relevant clinical area or areas within Kaiser Permanente locally or nationally; and/or (d) any other relevant factors reasonably determined by us. Unless otherwise required by law, we decide if a Service is Medically Necessary. You may appeal our decision as set forth in the “Grievances, Claims, Appeals, and External Review” section. The fact that a Participating Provider has prescribed, recommended, or approved a Service does not, in itself, make such Service Medically Necessary and, therefore, a covered Service.

#### ***Dependents***

In addition to meeting the same requirements as the Subscriber, the individuals defined below are eligible to enroll as your Dependents under this *EOC*:

Also, Company does not discriminate between married and unmarried persons, or between children of married or unmarried persons.

### **Members with Medicare**

If, during the term of this *EOC*, you become entitled to or enroll in Medicare (Part A or Part B) due to age, disability, or end-stage renal disease, promptly contact Member Services to provide notice of this change and to receive information about our Kaiser Permanente Senior Advantage (HMO) Plans. ## **When You Can Enroll and When Coverage Begins**

An individual may enroll for coverage in a Kaiser Permanente Individuals and Families Plan during the annual open enrollment period, or within 60 days after a qualifying event occurs as defined in applicable state and federal law.

Note: During the enrollment process if we discover that you or someone on your behalf intentionally provided incomplete or incorrect material information on your enrollment application, we will rescind your membership. Please refer to “Rescission of Membership” in the “Termination of Membership” section for details.

Examples of qualifying events include, but are not limited to:

- Loss of minimum essential coverage for any reason other than nonpayment of Premium, rescission of coverage, misrepresentation, fraud or voluntary termination of coverage.
- Gaining a Dependent through marriage or entering into a domestic partnership, birth, adoption, placement for adoption, placement for foster care, or through a child support order or other court order.
- Loss of a Dependent through divorce or legal separation, or if the enrollee, or their Dependent dies.

Note: If the individual is enrolling as a Subscriber along with at least one eligible Dependent, only one enrollee must meet one of the requirements for a qualifying event.

An individual may apply for enrollment as a Subscriber, and may also apply to enroll eligible Dependents, by submitting an application to us within 60 days after a qualifying event as defined in applicable state and federal law.

There are requirements that you must meet to take advantage of a special enrollment period, including providing proof of your own or your Dependent's qualifying event. To learn more, contact Member Services or visit [kp.org/specialenrollment](http://kp.org/specialenrollment).

## ***Adding New Dependents to an Existing Account***

To enroll a Dependent who first becomes eligible to enroll after you became a Subscriber, you must submit an enrollment application as described in this "Adding New Dependents to an Existing Account" section.

Newborns, newly adopted children, children newly placed for adoption, or newly placed foster children are covered for the first 31 days after birth, adoption, placement for adoption, or placement for foster care. In order for coverage to continue beyond this 31-day period, you must submit an enrollment application within 60 days after the date of birth, adoption, placement for adoption, or placement for foster care, if additional Premium is required to add the Dependent. If additional Premium is not required, the application requirement is waived; however, please notify Member Services to add the child to your Plan.

To add all other newly eligible Dependents (such as a new Spouse), you must submit an enrollment application within 60 days after the qualifying event. Enrollment in this Plan is subject to our verification of your eligibility.

## ***Selecting and Switching Your Benefit Plan***

If you are currently a Member on a Kaiser Permanente Individuals and Families Plan you may switch to another Kaiser Permanente Individuals and Families Plan that we offer during the annual open enrollment period, or if you experience a qualifying event as defined in applicable state and federal law.

## ***When Coverage Begins***

We will notify the enrollee of the date coverage will begin. Membership begins at 12 a.m. PT of the effective date specified in the notice.

If an individual enrolls in, adds a Dependent, or changes health plan coverage during the annual open enrollment period, or a special enrollment period, the membership effective date will be determined in compliance with applicable state and federal law.

## HOW TO OBTAIN SERVICES

The provider network for this High Deductible Health Plan is the Classic Complete network.

The Classic Complete network includes Participating Providers who are either employed by us or contract directly or indirectly with us to provide covered Services for Members enrolled in this High Deductible Health Plan. You pay the Cost Share amount shown on your “Benefit Summary” when you receive covered Services from Participating Providers and Participating Facilities.

To receive covered benefits, you must obtain Services from Participating Providers and Participating Facilities except as described under the following sections in this *EOC*:

- “Referrals to Non-Participating Providers and Non-Participating Facilities.”
- “Emergency, Post-Stabilization, and Urgent Care.”
- “Receiving Care in Another Kaiser Foundation Health Plan Service Area.”
- “Out-of-Area Coverage for Dependents.”
- “Ambulance Services.”
- “Pediatric Dental Services.”

To locate a Participating Provider or Participating Facility, contact Member Services or visit [kp.org/doctors](http://kp.org/doctors) to see all Kaiser Permanente locations near you, search for Participating Providers, and read online provider profiles.

We will not directly or indirectly prohibit you from freely contracting at any time to obtain health care Services from Non-Participating Providers and Non-Participating Facilities outside the Plan. However, if you choose to receive Services from Non-Participating Providers and Non-Participating Facilities except as otherwise specifically provided in this *EOC*, those Services will not be covered under this *EOC* and you will be responsible for the full price of the Services. Any amounts you pay for non-covered Services will not count toward your Deductible (if any) or Out-of-Pocket Maximum.

## Using Your Identification Card

We provide each Member with a Company identification (ID) card that contains the Member health record number. Have your health record number available when you call for advice, make an appointment, or seek Services. We use your health record number to identify your medical and dental records, for billing purposes and for membership information. You should always have the same health record number. If we ever inadvertently issue you more than one health record number, please let us know by calling Member Services. If you need to replace your ID card, please call Member Services.

Your ID card is for identification only, and it does not entitle you to Services. To receive covered Services, you must be a current Member. Anyone who is not a Member will be billed as a non-member for any Services they receive. If you allow someone else to use your ID card, we may keep your card and terminate your membership (see the “Termination for Cause” section). We may request photo identification in conjunction with your ID card to verify your identity.

## Advice Nurses

If you are unsure whether you need to be seen by a physician or where to go for Services, or if you would like to discuss a medical concern, call Member Services during normal business hours, evenings, weekends, and holidays to be directed to one of our advice nurses.

You may also use the Member section of our website, [kp.org](http://kp.org), to send *nonurgent* questions to an advice nurse or pharmacist.

## Your Primary Care Provider

We encourage you to choose a primary care provider for each covered Family Member. This decision is important as your primary care provider provides or arranges most of your health care needs.

You may select a Participating Provider from family practice, internal medicine, or pediatrics as your primary care provider. Members also have the option of choosing a women’s health care Participating Provider as their primary care provider. A women’s health care provider includes an obstetrician or gynecologist, a physician assistant specializing in women’s health, an advanced registered nurse practitioner specializing in women’s health, or a certified nurse midwife. Not all Participating Providers in these specialties are designated primary care providers.

If you do not select a primary care provider, we will assign you to an individual primary care provider or primary care team. We will send you a letter that includes information to help you learn more about your provider or care team, how to find information about other primary care providers near you, and how to change your primary care provider. You may select a different primary care provider at any time. The change will take effect immediately.

For more information, visit [kp.org/doctors](http://kp.org/doctors) to search for Participating Providers and Kaiser Permanente locations near you and read online provider profiles. For help with selecting or changing your primary care provider, contact Member Services.

## Appointments for Routine Services

Routine appointments are for medical needs that are not urgent such as checkups and follow-up visits that can wait more than a few days.

If you need to make a routine care appointment, go to [kp.org](http://kp.org) to schedule an appointment online or call Member Services. Try to make your routine care appointments as far in advance as possible. For information about getting other types of care, refer to the “Emergency, Post-Stabilization, and Urgent Care” section.

## Getting Assistance

We want you to be satisfied with your health care Services. If you have any questions or concerns about Services you received from Participating Providers or Participating Facilities, please discuss them with your primary care provider or with other Participating Providers who are treating you.

Member Services representatives can answer questions you have about your benefits, available Services, and the facilities where you can receive Services. For example, they can explain your benefits, how to make your first medical appointment, what to do if you move, what to do if you need Services while you are traveling, and how to replace your ID card. These representatives can also help you if you need to file a claim, complaint, grievance, or appeal, as described in the “Grievances, Claims, Appeals, and External Review” section. Upon request Member Services can also provide you with written materials about your coverage.

Member Services representatives are available to assist you Monday through Friday (except holidays), from 8 a.m. to 6 p.m. PT.

## Referrals

### ***Referrals to Participating Providers and Participating Facilities***

Primary care providers provide primary medical care, including pediatric care and obstetrics/gynecology care. Specialists provide specialty medical care in areas such as surgery, orthopedics, cardiology, oncology, urology, dermatology, and allergy/immunology. Your primary care provider will refer you to a Specialist when appropriate. In most cases, you will need a referral to see a Specialist the first time. Please call Member Services for information about specialty Services that require a referral or discuss your concerns with your primary care provider. In some cases, a standing referral may be allowed to a Specialist for a time period that is in accord with your individual medical needs as determined by the Participating Provider and Company.

Some outpatient specialty care is available in Participating Medical Offices without a referral. You do not need a referral for outpatient Services provided in the following departments at Participating Medical Offices owned and operated by Kaiser Permanente. Please call Member Services to schedule routine appointments in these departments:

- Audiology (routine hearing exams).
- Cancer Counseling.
- Mental Health Services.
- Obstetrics/Gynecology.
- Occupational Health.
- Optometry (eye exams are covered until the end of the month in which the Member turns 19 years of age).
- Social Services.
- Substance Use Disorder Services.

### ***Referrals to Non-Participating Providers and Non-Participating Facilities***

If your Participating Provider decides that you require Services not available from Participating Providers or Participating Facilities, they will recommend to Medical Group and Company that you be referred to a Non-Participating Provider or Non-Participating Facility. If the Medical Group's assigned Participating Provider determines that the Services are Medically Necessary and are not available from a Participating Provider or Participating Facility and Company determines that the Services are covered Services, Company will authorize your referral to a Non-Participating Provider or Non-Participating Facility for the covered Services. You pay the same Cost Share for authorized referral Services that you would pay if you received the Services from a Participating Provider or at a Participating Facility. You will need written authorization in advance in order for the Services to be covered. If Company authorizes the Services, you will receive a written "Authorization for Outside Medical Care" approved referral to the Non-Participating Provider or Non-Participating Facility, and only the Services and number of visits that are listed on the written referral will be covered, subject to any benefit limitations and exclusions applicable to these Services.

## **Prior Authorization Review Requirements**

When you need Services, you should talk with your Participating Provider about your medical needs or your request for Services. Your Participating Provider provides covered Services that are Medically Necessary. Participating Providers will use their judgment to determine if Services are Medically Necessary. Some Services are subject to approval through Utilization Review, based on Utilization Review criteria developed by Medical Group or another organization utilized by the Medical Group and approved by Company. If you seek a specific Service, you should talk with your Participating Provider. Your Participating Provider will discuss your needs and recommend an appropriate course of treatment.

If you request Services that must be approved through Utilization Review and the Participating Provider believes they are Medically Necessary, the Participating Provider may submit the request for Utilization Review on your behalf. If the request was received electronically and is denied, we will send a letter to you within three calendar days after we receive the request. If the request was received orally or in writing and is denied, we will send a letter to you within five calendar days after we receive the request. The decision letter will explain the reason for the determination along with instructions for filing an appeal. You may request a copy of the complete Utilization Review criteria used to make the determination by calling Member Services.

Your Participating Provider will request authorization when necessary. The following are examples of Services that require prior, concurrent, or post-service authorization:

- Acupuncture Services (physician-referred). The initial evaluation and management visit and up to six treatment visits in a New Episode of Care do not require authorization.
- Breast reduction surgery.
- Dental and orthodontic Services for the treatment of craniofacial anomalies.
- Drug formulary exceptions.
- Durable Medical Equipment.
- External Prosthetic Devices and Orthotic Devices.
- Gender Affirming Treatment.
- General anesthesia and associated hospital or ambulatory surgical facility Services provided in conjunction with non-covered dental Services.
- Habilitative Services.
- Hospice and home health Services.
- Inpatient hospital Services.
- Inpatient and residential Substance Use Disorder Services.
- Inpatient, residential, and Assertive Community Treatment (ACT) mental health Services.
- Non-emergency medical transportation.
- Open MRI.
- Plastic surgery.
- Referrals for any Non-Participating Facility Services or Non-Participating Provider Services.
- Referrals to Specialists who are not employees of Medical Group.
- Rehabilitative therapy Services. The initial evaluation and management visit and up to six treatment visits in a New Episode of Care for physical, massage (soft tissue mobilization), occupational, and speech therapies do not require authorization.
- Routine foot Services.
- Skilled nursing facility Services.
- Spinal and Extremity Manipulation Therapy Services (physician-referred). The initial evaluation and management visit and up to six treatment visits in a New Episode of Care do not require authorization.
- Transplant Services.
- Travel and lodging expenses.

If you ask for Services that the Participating Provider believes are not Medically Necessary and does not submit a request on your behalf, you may ask for a second opinion from another Participating Provider. You

should contact the manager in the area where the Participating Provider is located. Member Services can connect you with the correct manager, who will listen to your issues and discuss your options.

For more information about Utilization Review, a copy of the complete Utilization Review criteria developed by Medical Group and approved by Company for a specific condition, or to talk to a Utilization Review staff person, please contact Member Services.

Except in the case of misrepresentation, prior authorization review decisions will not be retrospectively denied. Prior authorization determinations shall expire no sooner than forty-five days from the date of approval. We may revoke or amend an authorization for Services you have not yet received if your membership terminates or your coverage changes or you lose your eligibility, or if we receive information that is materially different from that which was reasonably available at the time of the original determination.

## **Participating Providers and Participating Facilities Contracts**

Participating Providers and Participating Facilities may be paid in various ways, including salary, per diem rates, case rates, fee-for-service, incentive payments, and capitation payments. Capitation payments are based on a total number of Members (on a per-Member per-month basis), regardless of the amount of Services provided. Company may directly or indirectly make capitation payments to Participating Providers and Participating Facilities only for the professional Services they deliver, and not for Services provided by other physicians, hospitals, or facilities. Call Member Services if you would like to learn more about the ways Participating Providers and Participating Facilities are paid to provide or arrange medical and hospital Services for Members.

Our contracts with Participating Providers and Participating Facilities provide that you are not liable for any amounts we owe. You will be liable for the cost of non-covered Services that you receive from any providers or facilities, including Participating Providers and/or Participating Facilities.

## **Provider Whose Contract Terminates**

You may be eligible to continue receiving covered Services from a Participating Provider for a limited period of time after our contract with the Participating Provider terminates.

This continuity of care provision applies when our contract with a Participating Provider terminates or when a physician's employment with Medical Group terminates, except when the termination is for cause (including quality of care issues) or because the Participating Provider:

- Has retired.
- Has died.
- No longer holds an active license.
- Has moved outside our Service Area.
- Has gone on sabbatical.
- Is prevented from continuing to care for patients because of other circumstances.

If we directly or indirectly terminate the contract with Medical Group and/or any other primary care provider while your Plan is in effect and while you are under the care of the provider, we will notify you. We will retain financial responsibility for covered Services by that provider, in excess of any applicable Cost Share, for 90 days following the notice of termination to you.

Additionally, if we directly or indirectly terminate the contract with Medical Group and/or any Participating Provider who is a Specialist, while your Plan is in effect and while you are under the care of the provider, we will notify you. We will retain financial responsibility for covered Services by that provider until we can make arrangements for the Services to be provided by another Participating Provider.

## Receiving Care in Another Kaiser Foundation Health Plan Service Area

You may receive covered Services from another Kaiser Foundation Health Plan, if the Services are provided, prescribed, or directed by that other plan, and if the Services would have been covered under this *EOC*. Covered Services are subject to the terms and conditions of this *EOC*, including prior authorization requirements, the applicable Cost Share shown in the “Benefit Summary,” and the exclusions, limitations and reductions described in this *EOC*.

For more information about receiving care in other Kaiser Foundation Health Plan service areas, including availability of Services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at [kp.org/travel](http://kp.org/travel).

## Out-of-Area Coverage for Dependents

This limited out-of-area benefit is available to Dependent children who are under the Dependent Limiting Age as shown in the “Benefit Summary” and who are outside any Kaiser Foundation Health Plan service area.

We cover certain Medically Necessary Services that a Dependent child receives from Non-Participating Providers inside the United States (which for the purpose of this benefit means the 50 states, the District of Columbia, and United States territories). These out-of-area benefits are limited to the following Services as otherwise covered under this *EOC*. Any other Services not specifically listed as covered are excluded under this out-of-area benefit.

- Office visits are limited to preventive care, primary care, specialty care, outpatient physical therapy visits, outpatient mental health and Substance Use Disorder Services, naturopathic medicine Services, and allergy injections – limited to ten visits combined per Year.
- Laboratory and diagnostic X-rays – limited to ten visits per Year. This benefit does not include special diagnostic procedures such as CT, MRI, or PET scans.
- Prescription drug fills – limited to ten fills per Year.

You pay the Cost Share as shown in the “Benefit Summary” under the “Out-of-Area Coverage for Dependents” section.

This out-of-area benefit cannot be combined with any other benefit, so we will not pay under this “Out-of-Area Coverage for Dependents” section for a Service we are covering under another section of this *EOC*, such as:

- “Receiving Care in Another Kaiser Foundation Health Plan Service Area.”
- Services covered in the “Emergency, Post-Stabilization, and Urgent Care” section and under “Your Primary Care Provider” in the “How to Obtain Services” section.
- “Transplant Services.”

## POST-SERVICE CLAIMS – SERVICES ALREADY RECEIVED

In general, if you have a medical or pharmacy bill from a Non-Participating Provider, Non-Participating Facility, or non-participating pharmacy, our Claims Administration Department will handle the claim. Member Services can assist you with questions about specific claims or about the claim procedures in general.

If you receive Services from a Non-Participating Provider following an authorized referral from a Participating Provider, the Non-Participating Provider will send the bill to Claims Administration directly. You are not required to file a claim.

If you receive Services from a Non-Participating Provider or Non-Participating Facility without an authorized referral, or from a pharmacy that is not a Participating Pharmacy, and you believe Company should cover the Services, you need to send a completed medical claim form and the itemized bill to:

Kaiser Permanente  
National Claims Administration – Northwest  
PO Box 370050  
Denver, CO 80237-9998

You can request a claim form from Member Services or download it from **kp.org**. When you submit the claim, please include a copy of your medical records from the Non-Participating Provider or Non-Participating Facility if you have them.

Company accepts CMS 1500 claim forms for professional Services and UB-04 forms for hospital claims. Even if the provider bills Company directly, you still need to submit the claim form.

You must submit a claim for a Service within 12 months after receiving that Service. If it is not reasonably possible to submit a claim within 12 months, then you must submit a claim as soon as reasonably possible, but in no case more than 15 months after receiving the Service, except in the absence of legal capacity.

We will reach a decision on the claim and pay those covered Charges within 30 calendar days from receipt unless additional information, not related to coordination of benefits, is required to make a decision. If the 30-day period must be extended, you will be notified in writing with an explanation about why. This written notice will explain how long the time period may be extended depending on the requirements of applicable state and federal laws.

You will receive written notification about the claim determination. This notification will provide an explanation for any unpaid amounts. It will also tell you how to appeal the determination if you are not satisfied with the outcome, along with other important disclosures required by state and federal laws.

If you have questions or concerns about a bill from Company, you may contact Member Services for an explanation. If you believe the Charges are not appropriate, Member Services will advise you on how to proceed.

## **EMERGENCY, POST-STABILIZATION, AND URGENT CARE**

### **Emergency Services**

If you have an Emergency Medical Condition, call 911 (where available) or go to the nearest hospital emergency department, Independent Freestanding Emergency Department, or Behavioral Health Emergency Services Provider. You do not need prior authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Participating Providers, Participating Facilities, Non-Participating Providers, and Non-Participating Facilities anywhere in the world, as long as the Services would have been covered under the “Benefits” section (subject to the “Exclusions and Limitations” section) if you had received them from Participating Providers or Participating Facilities.

You pay the emergency department visit Cost Share shown in the “Benefit Summary” under “Outpatient Services” for all Services received in the emergency department or from the Behavioral Health Emergency Services Provider.

If you receive covered inpatient hospital Services, you pay the Cost Share shown in the “Benefit Summary” under “Inpatient Hospital Services,” regardless of whether the Services also constitute Emergency Services or Post-Stabilization Care. If you visit an emergency department and are not admitted directly as an inpatient, you pay the emergency department visit Cost Share shown in the “Benefit Summary” under “Outpatient Services” for all Services received in the emergency department or from the Behavioral Health Emergency Services Provider.

If you have an Emergency Medical Condition, we cover licensed ambulance Services when:

- Your condition requires use of medical Services that only a licensed ambulance can provide.
- Use of all other means of transportation, whether or not available, would endanger your health.
- The ambulance transports you to a hospital where you receive covered Emergency Services.

Emergency Services are available from Participating Hospital emergency departments 24 hours a day, seven days a week. Contact Member Services or see our *Medical Facility Directory* for locations of these emergency departments.

## **Post-Stabilization Care**

Post-Stabilization Services relate to medical, mental health or Substance Use Disorder treatment necessary in the short term to avoid placing the health of the individual, or with respect to a pregnant person, the health of them or their unborn child, in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

We cover Post-Stabilization Care if one of the following is true:

- A Participating Provider or Participating Facility provides the Services.
- We authorize the Services from the Non-Participating Provider or Non-Participating Facility.
- Services are provided after you are Stabilized and as part of outpatient observation or an inpatient or outpatient stay with respect to the visit during which screening and Stabilization Services have been furnished.

Coverage for Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility is limited to the Allowed Amount. In addition to the applicable Cost Share, you are responsible for paying any amount over the Allowed Amount, and any such payments do not count toward the Deductible or the Out-of-Pocket Maximum. You are not responsible for paying any amount over the Allowed Amount for Post-Stabilization Care from a Non-Participating Provider at a Participating Facility.

To request prior authorization for your receiving Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility, you or someone on your behalf must call us at 503-735-2596, or toll-free at 1-877-813-5993, before you receive the Services if it is reasonably possible to do so, but no later than 24 hours after any admission.

We understand that extraordinary circumstances can delay your ability to call us, for example if you are unconscious or if there is no parent or guardian with a young child. In these cases, you or someone on your behalf must call us as soon as reasonably possible. If you (or someone on your behalf) do not call us by the applicable deadline, we will not cover Post-Stabilization Care that you receive from a Non-Participating Provider or Non-Participating Facility.

After we are notified, we will discuss your condition with the Non-Participating Provider. If we decide that the Post-Stabilization Care is Medically Necessary and would be covered if you received it from a Participating Provider or Participating Facility, we will either authorize the Services from the Non-Participating Provider or Non-Participating Facility, or arrange to have a Participating Provider or Participating Facility provide the Services.

If we decide to arrange to have a Participating Provider or Participating Facility (or other designated provider or facility) provide the Services to you, we may authorize special transportation Services that are medically required to get you to the provider or facility. This may include transportation that is otherwise not covered.

When you receive Emergency Services from Non-Participating Providers, Post Stabilization Care may qualify as Emergency Services pursuant to federal law. We will not require prior authorization for such Post-Stabilization Care when your attending Non-Participating Provider determines that, after you are Stabilized,

and taking into account your medical or behavioral health condition, you are not able to travel to an available Participating Provider located within a reasonable travel distance, using non-medical transportation or non-emergency transportation.

## **Urgent Care**

### ***Inside Our Service Area***

You may receive covered Urgent Care Services from Participating Providers, including Kaiser Permanente Urgent Care. Visit [kp.org/getcare](http://kp.org/getcare) or call Member Services to find the Kaiser Permanente Urgent Care locations nearest you.

### ***Outside Our Service Area***

You may receive covered Urgent Care Services from Participating Providers or Participating Facilities. Visit [kp.org/getcare](http://kp.org/getcare) or call Member Services to find Urgent Care locations nearest you.

If you are temporarily outside our Service Area, we also cover Urgent Care you receive from a Non-Participating Provider or Non-Participating Facility, if we determine the Services were necessary to prevent serious deterioration of your health and that the Services could not be delayed until you returned to our Service Area.

## **WHAT YOU PAY**

### **Deductible**

For each Year, all covered Services are subject to the Deductible and count toward the Deductible, except for certain preventive care Services and other items that are shown as not subject to the Deductible in the “Benefit Summary.”

For Services that are subject to the Deductible, you must pay Charges for the Services when you receive them, until you meet your Deductible.

If you are the only Member in your Family, then you must meet the self-only Deductible. If there is at least one other Member in your Family, then you must each meet the individual Family Member Deductible, or your Family must meet the Family Deductible, whichever occurs first. Each individual Family Member Deductible amount counts toward the Family Deductible amount. Once the Family Deductible is satisfied, no further individual Family Member Deductible will be due for the remainder of the Year. The Deductible amounts are shown in the “Benefit Summary.”

After you meet the Deductible, you pay the applicable Copayments and Coinsurance for covered Services for the remainder of the Year until you meet your Out-of-Pocket Maximum (see “Out-of-Pocket Maximum” in this “What You Pay” section).

### ***Increasing the Deductible***

If the U.S. Department of Treasury increases the minimum Deductible required in High Deductible Health Plans, we will increase the Deductible if necessary to meet the new minimum Deductible requirement, and we will notify you.

### ***Changes to Your Family***

When your Family changes during a Year from self-only enrollment to two or more Members (or vice versa), the only Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Year under this EOC. For example:

- If you add Dependents to your Family, the only Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Year under this EOC.

- If all of your Dependents cease to be Members in your Family so that your Family becomes a Family of one Member, only the amounts that had been applied toward the Deductible for Services that you received during the Year will be applied toward the Deductible required for self-only enrollment. You must pay Charges for covered Services you receive on or after the date you become a Family of one Member until you meet the Deductible required for self-only enrollment, even if the Family had previously met the Deductible for a Family of two or more Members.

## **Copayments and Coinsurance**

The Copayment or Coinsurance for each covered Service is shown in the “Benefit Summary.” Copayments or Coinsurance are due when you receive the Service. You are not responsible for paying any amount over the Allowed Amount for Services received from a Non-Participating Provider at a Participating Facility.

## **Out-of-Pocket Maximum**

There is a maximum to the total dollar amount of Deductible, Copayments, and Coinsurance that you must pay for covered Services that you receive within the same Year.

If you are the only Member in your Family, then you must meet the self-only Out-of-Pocket Maximum. If there is at least one other Member in your Family, then you must each meet the individual Family Member Out-of-Pocket Maximum, or your Family must meet the Family Out-of-Pocket Maximum, whichever occurs first. Each individual Family Member Out-of-Pocket Maximum amount counts toward the Family Out-of-Pocket Maximum amount. The Out-of-Pocket Maximum amounts are shown in the “Benefit Summary.”

All Deductible, Copayments, and Coinsurance count toward the Out-of-Pocket Maximum, unless otherwise indicated. After you reach the Out-of-Pocket Maximum, you are not required to pay Copayments and Coinsurance for these Services for the remainder of the Year. Member Services can provide you with the amount you have paid toward your Out-of-Pocket Maximum.

The following amounts do not count toward the Out-of-Pocket Maximum and you will continue to be responsible for these amounts even after the Out-of-Pocket Maximum is satisfied:

- Payments for Services that are not covered under this *EOC*.
- Payments that you make because you exhausted (used up) your benefit allowance, or because we already covered the benefit maximum amount or the maximum number of days or visits for a Service.
- Amounts recovered from a liability claim against another party subject to reimbursement under the “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section.

## **BENEFITS**

The Services described in this “Benefits” section are covered only if all the following conditions are satisfied, and will not be retrospectively denied:

- You are a Member on the date you receive the Services.
- A Participating Provider determines that the Services are Medically Necessary.
- The Services are provided, prescribed, authorized, or directed by a Participating Provider except where specifically noted to the contrary in this *EOC*.
- You receive the Services from a Participating Provider, Participating Facility, or from a Participating Skilled Nursing Facility, except where specifically noted to the contrary in this *EOC*.
- You receive prior authorization for the Services, if required under “Prior Authorization Review Requirements” in the “How to Obtain Services” section.

All Services are subject to the coverage requirements described in this “Benefits” section. Some Services are subject to benefit-specific exclusions and/or limitations, which are listed, when applicable, in each benefit section. A broader list of exclusions and limitations that apply to all benefits is provided under the “Exclusions and Limitations” section.

All covered Services are subject to any applicable Cost Share as described in the “What You Pay” section and in the “Benefit Summary.”

The benefits under this Plan are not subject to a pre-existing condition waiting period.

### **Cost Share for Covered Drugs and Supplies**

When you get a prescription from a Participating Pharmacy, Participating Facility, or Participating Medical Office, or order a prescription from our Mail-Order Pharmacy, you pay the applicable Cost Share as shown in the “Benefit Summary.” This applies for each prescription consisting of up to the day supply shown in the “Benefit Summary.”

Outpatient prescription drugs and supplies are subject to the applicable Cost Share until the medical Out-of-Pocket Maximum is met.

If Charges for the drug or supply are less than your Copayment, you pay the lesser amount.

When you obtain your prescription through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy) you may be able to use an approved drug manufacturer coupon as

payment for your prescription Copayment or Coinsurance, after you satisfy your Plan's Deductible. Drug manufacturer coupons cannot be used toward payment of the Deductible in this HSA-compatible high deductible health Plan.

If the coupon does not cover the entire amount of your Copayment or Coinsurance, you are responsible for the additional amount up to the applicable Copayment or Coinsurance as shown in the "Benefit Summary." When you use an approved coupon for payment of your Copayment or Coinsurance, the coupon amount will count toward the Out-of-Pocket Maximum. For more information about the Kaiser Permanente coupon program rules and limitations, please call Member Services or go to [kp.org/rxcoupons](http://kp.org/rxcoupons).

### **Day Supply Limit**

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost Share shown in the "Benefit Summary," you will receive the prescribed supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit, unless due to medication synchronization, in which case we will adjust the applicable Copayment for the quantity that exceeds the day supply limit.

You may receive a 12-month supply of a contraceptive drug at one time, unless you request a smaller supply or the prescribing provider determines that you must receive a smaller supply. We may limit the covered refill amount in the last quarter of the Year if we have previously covered a 12-month supply of the contraceptive drug within the same Year.

### **Medication Synchronization**

Medication synchronization is the coordination of medication refills, if you are taking two or more medications for a chronic condition, so that your medications are refilled on the same schedule. You may request medication synchronization for a new prescription from the prescribing provider or a Participating Pharmacy who will determine the appropriateness of medication synchronization for the drugs being dispensed and inform you of the decision.

If the prescription will be filled to more or less than the prescribed day supply limit for the purpose of medication synchronization, we will adjust the applicable Copayment accordingly.

### **Definitions**

The following terms, when capitalized and used in this "Outpatient Prescription Drugs and Supplies" section mean:

- **Brand-Name Drug.** The first approved version of a drug. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Generic Drug.** A drug that contains the same active ingredient as a Brand-Name Drug and is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent and having the same

active ingredient(s) as the Brand-Name Drug. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.

- **Non-Preferred Brand-Name Drug.** A Brand-Name drug or supply that is not approved by Company's Regional Formulary and Therapeutics Committee and requires prior authorization for coverage.
- **Preferred Brand-Name Drug.** The first approved version of a drug or supply that Company's Regional Formulary and Therapeutics Committee has approved. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Specialty Drug.** A drug or supply, including many self-injectables as well as other medications, often used to treat complex chronic health conditions, is generally high cost, and is approved by the U.S. Food and Drug Administration (FDA). Specialty drug treatments often require specialized delivery, handling, monitoring, and administration.

### **About Our Drug Formulary**

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this EOC. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, pharmacists, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the "Drug Formulary Exception Process" in this "Outpatient Prescription Drugs and Supplies" section for more information.

We will not require the substitution of a non-preferred drug with a preferred drug in a given therapeutic class or increase the Cost Share within the Year, if the prescription is for the refill of a drug prescribed to treat a serious mental illness, the Member is medically stable on the drug, and a Participating Provider continues to prescribe the drug.

When a drug is removed from the formulary, we will notify Members who filled a prescription for the drug at a Participating Pharmacy within the prior three months. If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

Drugs on our formulary may move to a different drug tier during the Year. For example, a drug could move from the Non-Preferred Brand-Name Drug list to the Preferred Brand-Name Drug list. If a drug you are taking is moved to a different drug tier, this could change the Cost Share you pay for that drug.

To see if a drug or supply is on our drug formulary, or to find out what drug tier the drug is in, go online to [kp.org/formulary](http://kp.org/formulary). You may also call our Formulary Application Services Team (FAST) at 503-261-7900 or toll-free at 1-888-572-7231. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

### **Drug Formulary Exception Process**

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the

law requires the item to bear the legend “Rx only.” The exception process is not available for drugs or supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. A request may be expedited if you are experiencing a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a nonformulary drug.

If the information provided is not sufficient to approve or deny the request, we will notify your prescribing Participating Provider that additional information is required in order to make a determination. This additional information will be due within five calendar days for standard requests or two business days for expedited requests.

After we receive the first piece of information (including documents) we requested, we will make a decision and send notification within four calendar days (for standard requests) or two days (for expedited requests), or by the deadline for receiving the information, whichever is sooner.

We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
  - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
  - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the Participating Pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Benefit Summary.”

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

### ***Prior Authorization and Step Therapy Prescribing Criteria***

Prior authorization is required when you are prescribed certain drugs or supplies before they can be covered. A Participating Provider may request prior authorization if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to Company the medical information necessary for Company to make the prior authorization determination. Coverage for a prescribed drug or supply that is approved for prior authorization begins on the date Company approves the request.

A list of those drugs and supplies that require prior authorization is available online at [kp.org/formulary](http://kp.org/formulary), or you may contact Member Services.

We apply step therapy prescribing criteria, developed by Medical Group and approved by Company, to certain drugs and supplies. The step therapy prescribing criteria require that you try a therapeutically similar drug (step 1) for a specified length of time before we will cover another drug (step 2) prescribed for the same condition. A list of drugs and supplies subject to step therapy prescribing criteria, and the requirements for

moving to the next step drug, are available online at [kp.org/formulary](http://kp.org/formulary), or you may contact Member Services.

### **Prior Authorization Exception Process**

We have a process for you or your prescribing Participating Provider to request a review of a prior authorization determination that a drug or supply is not covered. This exception process is not available for drugs and supplies that the law does not require to bear the legend “Rx only.”

Your prescribing Participating Provider may request an exception if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to the Participating Pharmacy the medical information necessary to review the request for exception. A coverage determination will be made within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. A request may be expedited if you are experiencing a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a nonformulary drug.

If the information provided is not sufficient to approve or deny the request, we will notify your prescribing Participating Provider that additional information is required in order to make a determination. This additional information will be due within five calendar days for standard requests or two business days for expedited requests.

After we receive the first piece of information (including documents) we requested, we will make a decision and send notification within four calendar days (for standard requests) or two days (for expedited requests), or by the deadline for receiving the information, whichever is sooner.

If the exception request is approved through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Benefit Summary.”

If the exception request is not approved, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

### **Emergency Fill**

For purposes of this section, “emergency fill” means a limited dispensed amount of the prescribed drug that allows time for the processing of a prior authorization request.

An emergency fill must be received at a Participating Pharmacy and is subject to the applicable Cost Share shown in the “Benefit Summary.” An emergency fill is limited to no more than a seven-day supply or the minimum packaging size available.

You may have the right to receive an emergency fill of a prescription drug that requires prior authorization under the following circumstances:

- The Participating Pharmacy is unable to reach the Company’s prior authorization department by phone, as it is outside the department’s business hours; or
- The Participating Pharmacy is unable to reach the prescribing Participating Provider for full consultation, and
- Delay in treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

### **Your Prescription Drug Rights**

You have the right to safe and effective pharmacy Services. You also have the right to know what drugs are covered under this Plan and the limits that apply. If you have a question or a concern about your prescription drug benefits, please contact Member Services or visit us online at [kp.org](http://kp.org).

If you would like to know more about your rights, or if you have concerns about your Plan you may contact the Washington State Office of Insurance Commissioner at 1-800-562-6900 or [www.insurance.wa.gov](http://www.insurance.wa.gov). If you have a concern about the pharmacists or pharmacies serving you, please contact the Washington State Department of Health at 360-236-4700, [www.doh.wa.gov](http://www.doh.wa.gov), or [HSQACSC@doh.wa.gov](mailto:HSQACSC@doh.wa.gov).

### ***Medication Management Program***

The Medication Management Program is available at no extra cost to Members who use Participating Pharmacies. The program's primary focus is on reducing cardiovascular risk by controlling lipid levels and high blood pressure. Providers, including pharmacists, nurse care managers, and other staff, work with Members to educate, monitor, and adjust medication doses.

### ***Outpatient Prescription Drugs and Supplies Limitations***

- If your prescription allows refills, there are limits to how early you can receive a refill. In most cases, we will refill your prescription when you have used at least 70 percent of the quantity. Prescriptions for controlled substances cannot be refilled early. Please ask your pharmacy if you have questions about when you can get a covered refill.
- Teaching doses of self-administrable injectable drugs, fluids, additives, and nutrients are limited to three doses per medication per lifetime.
- The Participating Pharmacy may reduce the day supply dispensed at the applicable Cost Share to a 30-day supply in any 30-day period if it determines that the drug or supply is in limited supply in the market or for certain other items. Your Participating Pharmacy can tell you if a drug or supply you use is one of these items.
- For certain drugs or supplies we may limit the amount of a drug or supply that is covered for a specified time frame. Quantity limits are in place to ensure safe and appropriate use of a drug or supply. Drugs and supplies subject to quantity limits are indicated on our drug formulary, available at [kp.org/formulary](http://kp.org/formulary). You may also contact Member Services for more information.
- Not all drugs are available through mail order. Examples of drugs that cannot be mailed include controlled substances as determined by state and/or federal regulations, drugs that require special handling, and drugs affected by temperature.

Participating Dentists will use their judgment to determine if Services are Dentally Necessary. If you seek a specific Service, you should talk with your personal care Participating Dentist, who will discuss your needs and recommend an appropriate course of treatment. When appropriate, your Participating Dentist will refer you to a Participating Dental Provider who is a Dental Specialist. The Cost Share for these authorized referral Services are the same as those required for Services provided by a Participating Dental Provider and are subject to any benefit limitations and exclusions applicable to the Services. Only the Services and number of visits that are listed on the referral will be covered, subject to any benefit limitations and exclusions applicable to the Services.

**Supportive Care and Other Services.** Supportive care primarily to maintain the level of correction already achieved; care primarily for the convenience of the Member; and care on a non-acute, symptomatic basis are excluded.

**Surrogacy.** Services for anyone in connection with a Surrogacy Arrangement, whether traditional or gestational, except for otherwise-covered Services provided to a Member who is a surrogate. A “Surrogacy Arrangement” is one in which a woman (the surrogate) agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. See “Surrogacy Arrangements – Traditional and Gestational Carriers” in the “Reductions” section for information about your obligations to us in connection with a Surrogacy Arrangement, including your obligations to reimburse us for any Services we cover and to provide information about anyone who may be financially responsible for Services the baby (or babies) receive.

**Travel and Lodging.** Transportation or living expenses for any person, including the patient, are limited to travel and lodging expenses needed for Member to receive covered Services at Non-Participating Facilities, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

**Travel Immunizations.** Travel-related immunizations for yellow fever, typhoid, and Japanese encephalitis.

**Vision Hardware and Optical Services.** Corrective lenses, eyeglasses, and contact lenses are excluded. This exclusion does not apply to Services that are covered under “Pediatric Vision Services” in the “Benefits” section.

**Weight Control or Obesity Services.** Bariatric surgery, gastric stapling, gastric bypass, gastric bands, switch duodenal, biliopancreatic diversion, weight loss programs, and any other Service for obesity or weight control, even if one of the purposes of the Service is to treat other medical conditions related to, caused by, or complicated by obesity. This exclusion does not apply to Services that are covered under “Preventive Care Services” in the “Benefits” section.

## REDUCTIONS

### Coordination of Benefits

This Coordination of Benefits (COB) provision applies when you have health care coverage under more than one Plan. To avoid delays in claim processing, you and your provider should file all your claims with each Plan at the same time. If Medicare is your Primary Plan, Medicare may submit your claims to your Secondary

Plan for you. This Plan is your Primary Plan for covered Services as described in the “Pediatric Dental Services” section of this *EOC*.

Plan, and other important terms that apply only to this provision, are defined below.

The order of benefit determination rules described under this “Coordination of Benefits” section determines the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its contract terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable Expense. If the Secondary Plan receives a claim without the Primary Plan’s payment details, the Secondary Plan will notify the submitting provider and/or you as soon as possible and within 30 days of receipt of the claim that the claim is incomplete. After receiving the missing information, the Secondary Plan will promptly process the claim. If the Primary Plan has not processed the claim within 60 days and is not waiting for additional information, the provider and/or you may submit the claim to the Secondary Plan with a notice that the Primary Plan has failed to pay the claim. The Secondary Plan must pay the claim as the Primary Plan within 30 calendar days. After payment information is received from the Primary Plan, the Secondary Plan may recover any excess amount paid under the “Right of Recovery” provision.

### **Notice to Covered Persons**

If you are covered by more than one health benefit Plan, and you do not know which is your primary Plan, you or your provider should contact any one of the health Plans to verify which Plan is primary. The health Plan you contact is responsible for working with the other Plan to determine which is primary and will let you know within thirty calendar days.

**CAUTION:** All health Plans have timely claim filing requirements. If you or your provider fail to submit your claim to a secondary health Plan within that Plan's claim filing time limit, the Plan can deny the claim. If you experience delays in the processing of your claim by the primary health Plan, you or your provider will need to submit your claim to the secondary health Plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one Plan you should promptly report to your providers and Plans any changes in your coverage.

### **Definitions for This “Coordination of Benefits” section**

**Plan.** A Plan is any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate Plan.

- Plan includes: Group, individual, or blanket disability insurance contracts, and group or individual insurance contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental Plan, as permitted by law.
- Plan does not include: Hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

**This Plan.** This Plan means the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

**Primary Plan/Secondary Plan.** The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is primary, we determine payment for the benefits first before those of any other Plan without considering any other Plan's benefits. We will not reduce your benefits under This Plan. When This Plan is secondary, we determine the benefits after those of another Plan and must make payment in an amount so that when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim equal 100 percent of the total Allowable Expense for that claim. This means that when This Plan is secondary, we must pay the amount which, when combined with what the Primary Plan paid, cannot be less than the same Allowable Expense the Secondary Plan would have paid if it had been the Primary Plan. In addition, if This Plan is secondary, we must calculate the savings (the amount paid subtracted from the amount we would have paid had we been the Primary Plan) and record these savings as a medical benefit reserve for the covered person. This reserve must be used to pay any medical expenses during that calendar year, whether or not they are an Allowable Expense under This Plan. If This Plan is Secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

**Allowable Expense.** Allowable Expense is a health care expense, including deductible, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of Services, the Charges of each Service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense unless one of the Plans provides coverage for private hospital room expenses.
- If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit.
- If a person is covered by two or more Plans that provide benefits or Services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees.

**Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to covered persons in the form of Services through a panel of providers who are primarily contracted by the Plan, and that excludes coverage for Services provided by other providers, except in cases of emergency or referral by a panel provider.

**Custodial Parent.** Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

### ***Order of Benefit Determination Rules***

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

- A Plan that does not contain a COB provision that is consistent with state regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
- Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the Plan provided by the contract holder. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

**Subscriber or Dependent.** The Plan that covers the person as a Subscriber is the Primary Plan and the Plan that covers the person as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a Dependent, and primary to the Plan covering the person as a Subscriber (e.g., a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as Subscriber is the Secondary Plan and the other Plan is the Primary Plan.

**Dependent Child Covered Under More Than One Plan.** Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

- For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
  - The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
  - If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
- For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
  - If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to claim determination periods commencing after the Plan is given notice of the court decree;
  - If a court decree states one parent is to assume primary financial responsibility for the Dependent child but does not mention responsibility for health care expenses, the Plan of the parent assuming financial responsibility is primary;
  - If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan or if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan;
  - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan or if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan; or
  - If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
    - 1) The Plan covering the Custodial Parent
    - 2) The Plan covering the spouse of the Custodial Parent

- 3) The Plan covering the non-Custodial Parent
  - 4) The Plan covering the spouse of the non-Custodial Parent
- For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the above provisions determine the order of benefits as if those individuals were the parents of the child.

**Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the “Order of Benefit Determination Rules” section can determine the order of benefits.

**COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber, or retiree or covering the person as a dependent of an employee, member, subscriber, or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the “Order of Benefit Determination Rules” section can determine the order of benefits.

**Longer or Shorter Length of Coverage.** The Plan that covered the person as an employee, member, policyholder, subscriber, or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than we would have paid had we been the Primary Plan.

**Effect on the Benefits of This Plan.** When This Plan is secondary, we may reduce the benefits so that the total benefits paid or provided by all Plans during a claim determination period are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim equal 100 percent of the total Allowable Expense for that claim. Total Allowable Expense cannot be less than the same Allowable Expense the Secondary Plan would have paid if it had been the Primary Plan. In addition, the Secondary Plan must credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

**Right to Receive and Release Needed Information.** Certain facts about health care coverage and Services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We are not required to tell, or obtain the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable.

**Facility of Payment.** If payments that should have been made under This Plan are made by another Plan, we have the right, at our discretion, to remit to the other Plan the amount we determine appropriate to satisfy the intent of this provision. The amounts paid to the other Plan are considered benefits paid under This Plan. To the extent of these payments, we are fully discharged from liability under This Plan.

**Right of Recovery.** We have the right to recover excess payment whenever we pay Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. We may recover excess payment from any person to whom or for whom payment was made or any other issuers or Plans.

## Questions About Coordination of Benefits?

### Contact Your State Insurance Department

## Hospitalization on Your Effective Date

If you are an inpatient in a hospital on your membership effective date, coverage will commence on your effective date. However, you may be transferred to a Participating Hospital when a Participating Provider, in consultation with the attending physician, determines that you are clinically stable. If you refuse to transfer to a Participating Hospital, all further costs incurred during the hospitalization are your responsibility.

## Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance

This “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section applies if you receive covered Services for an injury or illness alleged to be any of the following:

- Caused by another party’s act or omission.
- Received on the premises of another party.
- Covered by a no-fault insurance provision.

For purposes of this section, “no-fault insurance” means a type of insurance policy that covers your medical expenses for injury or illness due to an accident, regardless of who caused the accident.

Subject to applicable law, if you obtain a settlement, award, or judgment from or on behalf of another party or insurer, or a payment under a no-fault insurance provision, you must ensure we are reimbursed for covered Services that you receive for the injury or illness, except that we will not collect to the extent that the payment would leave you less than fully compensated for your injury or illness.

This “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section does not affect your obligation to pay any applicable Cost Share for these covered Services. The amount of reimbursement due to the Plan is not limited by or subject to the Out-of-Pocket Maximum provision.

If you do not recover anything from or on behalf of the other party, or no-fault insurance, then you are responsible only for any applicable Cost Share.

To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by another party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total Charges for the relevant covered Services.

To secure our rights, we will have a lien on the proceeds of any judgment, award, or settlement you or we (when we subrogate) obtain against another party or any other insurer, regardless of how those proceeds may be characterized or designated. The proceeds that are subject to our lien include any judgment, award, or settlement that you obtain.

Within 30 days after submitting or filing a claim or legal action against another party, or any insurer, you must send written notice of the claim or legal action to us at:

The Phia Group, LLC  
40 Pequot Way  
Canton, MA 02021  
Fax: 781-848-1154

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to us all consents, releases, trust agreements, authorizations, assignments, and other

documents, including lien forms directing your attorney, the responsible party, and the responsible party's insurer to pay us directly. You must not take any action prejudicial to our rights.

You must provide us written notice before you settle a claim or obtain a judgment or award, or if it appears you will make a recovery of any kind. Subject to applicable law, if you recover any amounts from another party or any other insurer based on your injury or illness, you must pay us after you are reimbursed the total amount of the actual losses and damages you incurred. Sufficient funds to satisfy our claims must be held in a specifically identifiable account until our claims are resolved. Pending final resolution of our claims, you must retain control over the recovered amounts to which we may assert a right.

If reasonable collections costs have been incurred by your attorney in connection with obtaining recovery, we will reduce the amount of our claim by the amount of an equitable apportionment of the collection costs between us and you. This reduction will be made only if:

- We receive a list of the fees and associated costs before settlement, and
- Your attorney's actions were directly related to securing a recovery for you.

If your estate, parent, guardian, or conservator asserts a claim against another party or any insurer based on your injury or illness, any settlement or judgment recovered shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

## **Surrogacy Arrangements – Traditional and Gestational Carriers**

If you enter into a Surrogacy Arrangement, whether traditional or gestational, you must ensure we are reimbursed for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement ("Surrogacy Health Services"), except that the amount we collect will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Arrangement. A "Surrogacy Arrangement" is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate.

This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and includes both traditional surrogacy and gestational carriers. Note: This "Surrogacy Arrangements – Traditional and Gestational Carriers" section does not affect your obligation to pay any applicable Cost Share, or other amounts you are required to pay for these Services. After you surrender a baby to the legal parents, you are not obligated to pay Charges for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee

- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Surrogacy Other Party Liability Supervisor  
 Equian  
 P.O. Box 36380  
 Louisville, KY 40233-6380  
 Fax: 1-502-214-1137  
 Phone: 1-800-552-8314

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this “Surrogacy Arrangements – Traditional and Gestational Carriers” section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this “Surrogacy Arrangements – Traditional and Gestational Carriers” section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the Surrogacy Arrangement, your estate, parent, guardian, or conservator and any settlement, award, or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against that party. We may assign our rights to enforce our liens and other rights.

## **Workers’ Compensation or Employer’s Liability**

If you suffer from an injury or illness that is compensable under a workers’ compensation or employer’s liability law, we will provide Services even if it is unclear whether you are entitled to a payment or settlement under the law. You have an obligation to reimburse us to the extent of a payment or any other benefit, including any amount you receive as a settlement under the law.

In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers the law.

## **GRIEVANCES, CLAIMS, APPEALS, AND EXTERNAL REVIEW**

### **Terms We Use in This Section**

The following terms have the following meanings when used in this “Grievances, Claims, Appeals, and External Review” section:

- A claim is a request for us to:
  - Provide or pay for a Service that you have not received (pre-service claim);
  - Continue to provide or pay for a Service that you are currently receiving (concurrent care claim); or
  - Pay for a Service that you have already received (post-service claim).
- An adverse benefit determination includes:
  - Any decision by our utilization review organization that a request for a benefit under our Plan does not meet our requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and the requested benefit is

therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part for the benefit;

- The denial, reduction, termination, or failure to provide or make payment, in whole or in part, for a benefit based on a determination by us or our designated utilization review organization regarding a covered person's eligibility to participate in our health benefit Plan; or
  - Any prospective review or retrospective review determination that denies, reduces, or terminates or fails to provide or make payment in whole or in part for a benefit.
- An internal appeal is a request for us to review our initial adverse benefit determination.

## Grievance Procedure

## **Sharing Additional Information That We Collect**

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue another adverse benefit determination, we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our final decision, that decision will be based on the information already in your claim file.

## **Internal Claims and Appeals Procedures**

Company will review claims and appeals, and we may use medical and dental experts to help us review them.

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this “Internal Claims and Appeals Procedures” section:

- Pre-service claims (urgent and non-urgent)
- Concurrent care claims (urgent and non-urgent)
- Post-service claims

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will they be the subordinate of someone who did participate in our original decision.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur (urgent pre-service appeal and urgent concurrent appeal), you must exhaust the internal claims and appeals procedures described below before initiating an external review.

In addition, there is a separate appeals procedure for adverse benefit determinations due to a retroactive termination of membership (rescission).

### **Pre-service Claims and Appeals**

Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive authorization before receiving a Service that must be authorized in order to be a covered benefit may be the basis for our denial of your pre-service claim or a post-service claim for payment. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please contact Member Services.

Here are the procedures for filing a non-urgent pre-service claim, an urgent pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

## **Non-Urgent Pre-service Claim**

- You may request a pre-service benefit determination on your own behalf. Tell us in writing or orally that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You may email your request to us at <https://healthy.kaiserpermanente.org/oregon-washington/support>, call Member Services, mail, or fax your claim to us at:

Kaiser Foundation Health Plan of the Northwest  
Attn: Utilization Management  
500 N.E. Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-877-899-4972

- If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will review your claim and, if we have all the information we need, we will make a decision within three calendar days if your request was received electronically and within five calendar days if your request was received orally or in writing.

If more information is needed to make a decision, we will ask you for the information within one calendar day after we receive your claim, and we will give you 45 calendar days to send the information.

We will make a decision and send notification within 15 calendar days after we receive the first piece of information (including documents) we requested, or by the deadline for receiving the information, whichever is sooner.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

- We will send written notice of our decision to you and, if applicable, to your provider.

## **Urgent Pre-service Claim**

- If your pre-service claim was considered on an urgent basis, we will make a decision within one calendar day if your request was received electronically and within two calendar days if your request was received orally or in writing.
- If more information is needed to make a decision, we will ask you for the information within one calendar day after we receive your claim, and we will give you seven calendar days to send the information.

We will notify you of our decision within 48 hours of receiving the first piece of requested information or by the deadline for receiving the information, whichever is sooner.

If we notify you of our decision orally, we will send you, and if applicable, your provider, written confirmation within three calendar days after the oral notification.

- If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

### **Non-Urgent Pre-service Appeal**

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing or orally that you want to appeal our denial of your pre-service claim. Please include the following:

- (1) Your name and health record number;
- (2) Your medical condition or relevant symptoms;
- (3) The specific Service that you are requesting;
- (4) All of the reasons why you disagree with our adverse benefit determination; and
- (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 N.E. Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within 72 hours after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 14 calendar days after we receive your appeal, unless you are notified that additional time is needed to complete the review. The extension will not delay the decision beyond 30 calendar days without your consent.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

### **Urgent Pre-service Appeal**

- Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following:
  - (1) Your name and health record number;
  - (2) Your medical condition or relevant symptoms;
  - (3) The specific Service that you are requesting;
  - (4) All of the reasons why you disagree with our adverse benefit determination; and
  - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 N.E. Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section), if our internal appeal decision is not in your favor.
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within 72 hours after the decision is made.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

### **Concurrent Care Claims and Appeals**

Concurrent care claims, which are all considered urgent, are requests that Company continues to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call Member Services.

Unless you are appealing an urgent care claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then you will have to pay for the Services that we decide are not covered.

Here are the procedures for filing a concurrent care claim and a concurrent care appeal:

#### **Concurrent Care Claim**

- Tell us that you want to make a concurrent care claim for an ongoing course of covered treatment.

Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must call Member Services, mail, or fax your claim to us at:

Kaiser Foundation Health Plan of the Northwest  
Attn: Utilization Management  
500 N.E. Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-877-899-4972

- We will notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 24 hours after we receive your claim. If we notify you of our decision orally, we will send you, and if applicable, your provider, written confirmation within three calendar days after the oral notification.
- If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

### **Concurrent Care Appeal**

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing or orally that you want to appeal our adverse benefit determination. Please include the following:
  - (1) Your name and health record number;
  - (2) Your medical condition or relevant symptoms;
  - (3) The ongoing course of covered treatment that you want to continue or extend;
  - (4) All of the reasons why you disagree with our adverse benefit determination; and
  - (5) All supporting documents.

Your request and all supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 N.E. Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section).
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within 72 hours after the decision is made.
- If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

## **Post-service Claims and Appeals**

Post-service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call Member Services.

Here are the procedures for filing a post-service claim and a post-service appeal:

### **Post-service Claim**

- Within 12 months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following:
  - (1) The date you received the Services;
  - (2) Where you received them;
  - (3) Who provided them;
  - (4) Why you think we should pay for the Services; and
  - (5) A copy of the bill and any supporting documents, including medical records.

Your letter and the related documents constitute your claim. You may contact Member Services to obtain a claim form. You must mail your claim to the Claims Department at:

Kaiser Foundation Health Plan of the Northwest  
National Claims Administration – Northwest  
PO Box 370050  
Denver, CO 80237-9998

- We will not accept or pay for claims received from you after 12 months from the date of Service, except in the absence of legal capacity.
- We will review your claim, and if we have all the information we need, we will send you a written decision within 30 calendar days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you within 30 calendar days after we receive your claim.

If more information is needed to make a decision, we will ask you for the information before the initial decision period ends, and we will give you 45 calendar days to send us the information.

We will make a decision within 15 calendar days after we receive the first piece of information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within 15 calendar days following the end of the 45 calendar-day period.

- If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

### **Post-service Appeal**

- Within 180 calendar days after you receive our adverse benefit determination, tell us in writing or orally that you want to appeal our denial of your post-service claim. Please include the following:
  - (1) Your name and health record number;

- (2) Your medical condition or relevant symptoms;
- (3) The specific Services that you want us to pay for;
- (4) All of the reasons why you disagree with our adverse benefit determination; and
- (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within 72 hours after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 14 calendar days after we receive your appeal. We may extend the time for making a decision on your appeal for up to an additional 16 calendar days if there is good cause.
- If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

### **Appeals of Retroactive Membership Termination (Rescission)**

We may terminate your membership retroactively (see “Rescission of Membership” in the “Termination of Membership” section). We will send you written notice at least 30 calendar days prior to the termination. If you have general questions about retroactive membership terminations or appeals, please call Member Services.

Here is the procedure for filing an appeal of a retroactive membership termination:

#### **Appeal of Retroactive Membership Termination**

- Within 180 calendar days after you receive our adverse benefit determination that your membership will be terminated retroactively, you must tell us, in writing or orally, that you want to appeal our termination of your membership retroactively. Please include the following:
  - (1) Your name and health record number;
  - (2) All of the reasons why you disagree with our retroactive membership termination; and
  - (3) All supporting documents.

Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- We will fully and fairly review all available information relevant to your request without deferring to prior decisions.

- We will review your appeal and send you a written decision within 14 calendar days after we receive your appeal. We may extend the time for making a decision on your appeal for up to an additional 16 calendar days if there is good cause.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

## External Review

If you are dissatisfied with our final adverse benefit determination, you have a right to request an external review. An external review is a request for an independent review organization (IRO) to determine whether our internal appeal decision is correct. For example, you have the right to request external review of an adverse decision that is based on any of the following:

- Relies on medical judgment, including but not limited to, medical necessity, appropriateness, health care setting, level of care, or that the requested Service is not efficacious or otherwise unjustified under evidence-based medical criteria.
- Concludes that a treatment is experimental or investigational.
- Concludes that parity exists in the non-quantitative treatment limitations applied to behavioral health care (mental health and/or Substance Use Disorder) benefits.
- Involves consideration of whether we are complying with federal law requirements regarding balance (surprise) billing and/or cost sharing protections pursuant to the No Surprises Act (Public Health Service Act sections 2799A-1 and 2799A-2 and 45 C.F.R. §§149.110 --149.130).
- Involves a decision related to rescission of your coverage.

You must exhaust our internal claims and appeals procedure for your claim before you may request external review unless one of the following is true:

- External review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal;
- Your request qualifies for expedited external review;
- We have failed to comply with federal requirements regarding our claims and appeals procedures; or
- We have failed to comply with the Washington requirement to make a decision regarding the appeal within 30 calendar days for non-urgent appeals and 72 hours for urgent appeals.

Within 180 calendar days after the date of our appeal denial letter you must call Member Services or send your request for external review to Member Relations in writing (via mail, fax, or online through our website at [kp.org](http://kp.org)). If you wish to mail or fax your request, you may send it to us at:

Kaiser Foundation Health Plan of the Northwest  
 Member Relations Department  
 500 NE Multnomah St., Suite 100  
 Portland, OR 97232-2099  
 Fax: 1-855-347-7239

Member Relations will forward your request to the IRO no later than the third business day after the date they receive your request for review. They will include written information received in support of the appeal along with medical records and other documents relevant in making the determination. Within one day of selecting the IRO, we will notify the appellant of the name of the IRO and its contact information.

You will have five business days to submit to the IRO, in writing, any additional information that the IRO must consider when conducting the external review. The IRO will forward to us any additional information you submit within one business day of receipt.

Your request for external review will be expedited if your request concerns an admission, availability of care, continued stay, or health care Service for which you received Emergency Services but have not been discharged from a facility, or the ordinary time period for external review would seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function.

If an adverse benefit determination involves our decision to modify, reduce, or terminate an otherwise covered Service that you are receiving at the time the request for review is submitted and our decision is based upon a finding that the Service or level of care is no longer Medically Necessary, we will continue to provide the Service if requested by you until a determination is made by the IRO. If the IRO affirms our adverse benefit determination, you may be responsible for the cost of the continued Service.

You are not responsible for the costs of the external review, and you may name someone else to file the request for external review for you if you give permission in writing and include that with your request for external review.

Company will be bound by and act in accordance with the decision of the IRO notwithstanding the definition of Medically Necessary care. If we do not follow a decision of an IRO, you have the right to sue us.

## **Experimental or Investigational Determination and Appeal**

Decisions on appeals about experimental or investigational Services will be communicated in writing within 20 days of receipt of a fully documented request, unless you consent in writing to an extension of time.

Appeals that meet the criteria for an urgent appeal, as described in the “Urgent Pre-service Appeal” section, will be expedited to meet the clinical urgency of the situation, not to exceed 72 hours.

If, on appeal, the decision to deny Services is upheld, the final decision will specify (i) the title, specialty, and professional qualifications of the individual(s) who made the final decision and (ii) the basis for the final decision.

## **TERMINATION OF MEMBERSHIP**

Membership continues from month to month subject to payment of applicable Premium.

If your membership terminates, all rights to benefits end at 11:59 p.m. PT on the termination date. When a Subscriber’s membership terminates, the memberships of any Dependents end at the same time.

You will be billed as a non-Member for any Services you receive after your membership termination date. Company, Participating Providers, and Participating Facilities have no further liability or responsibility under this *EOC* after your membership termination date, except as provided under “Payments after Termination” in this “Termination of Membership” section.

If your membership is terminated, you have the right to file an appeal. For more information, please contact Member Services.

## **How You May Terminate Your Membership**

You may terminate your membership by sending written notice, signed by the Subscriber, to the address below. Your membership will terminate at 11:59 p.m. PT on the day we receive your written notice, or the requested termination date indicated in the notice, whichever is later. If you do not provide a requested termination date, your membership will terminate at 11:59 p.m. PT on the date through which we have received Premium payment.

Kaiser Foundation Health Plan of the Northwest  
Membership Administration  
P.O. Box 23127  
San Diego, CA 92193

## Termination Due to Loss of Eligibility

You must immediately report to us any changes that affect eligibility status, such as moving out of our Service Area, a Spouse's loss of eligibility due to divorce, or a Dependent child who has reached the Dependent Limiting Age.

If you are a Dependent child your membership will end at 11:59 p.m. PT on December 31 of the Year in which you reach the Dependent Limiting Age.

For all other changes that affect eligibility status, your membership will end at 11:59 p.m. PT on the last day of the month in which you no longer meet the eligibility requirements under "Who Is Eligible" in the "Premium, Eligibility, and Enrollment" section. For example, if you first became ineligible on January 5, your termination date would be January 31, and your last minute of coverage would be 11:59 p.m. PT on January 31.

If your membership ends because you are no longer eligible to be a Dependent, but you continue to meet all other eligibility requirements, you will be able to enroll as a Subscriber under the identical Kaiser Permanente Individuals and Families Plan if you request enrollment within 60 days after your membership termination date. However, you are not eligible if we terminate your membership under "Termination for Cause" in this "Termination of Membership" section. If we approve your application and you pay the required Premium, your membership as a Subscriber will begin when your membership under this *EOC* ends. Your Premium may differ from that under this *EOC*. For information about becoming a Subscriber, call Member Services.

## Termination for Cause

If you or any other Member in your Family is proven to have committed one of the following acts, we may terminate your membership under this *EOC* by sending written notice, including the specific reason for termination with supporting evidence, to the Subscriber at least 31 days before the membership termination date:

- Commission of a fraudulent act against us.
- Making an intentional misrepresentation of material fact in connection with this coverage.

**Examples.** We would consider the following acts as fraudulent:

- Intentionally presenting an invalid prescription or physician order for Services.
- Intentionally letting someone else use your ID card to obtain Services pretending to be you.

We may report fraud and other illegal acts to the authorities for prosecution.

## Termination for Nonpayment of Premium

If we do not receive the applicable Premium on or before the Premium Due Date, we will mail a notice of nonpayment to the Subscriber about the failure to make a timely Premium payment in full and the grace period required by applicable law. The grace period is the time frame in which the overdue Premium must be paid to avoid termination, as required by applicable law. The grace period will not be less than 10 days and will start on the day after the Premium Due Date.

The notice of nonpayment will contain information about the date on which coverage will terminate if all Premium payments owed by the end of the grace period are not paid. During the grace period, coverage will

continue in force if, and for the period, required by applicable law. We will mail the notice not less than 10 days before the end of the grace period.

If we do not receive full payment of all outstanding Premiums (including any Premiums for the grace period) on or before the last day of the grace period, we may terminate your membership retroactively (as of 11:59 p.m. PT of the Premium Due Date). We will mail a notice to the Subscriber confirming the date on which the memberships of the Subscriber and any Dependents terminated. Membership ends at 11:59 p.m. PT on the date indicated in the notice.

You will be responsible for paying Company or providers, as applicable, for any Services received after the termination of your coverage.

If your coverage is terminated for nonpayment of Premium, you will not be entitled to a special enrollment period and we may require payment of any outstanding Premiums, as permitted by applicable law.

## **Payments after Termination**

If we terminate your membership for cause or nonpayment of Premium, we will:

- Refund any amounts we owe the Subscriber for Premium paid for the period after the termination date.
- Pay you any amounts we have determined that we owe you for claims during your membership.
- We may deduct any amounts you owe Company, Participating Providers, or Participating Facilities from any payment we make.

## **Rescission of Membership**

We may rescind your membership after it becomes effective (completely cancel your membership so that no membership ever existed) if we determine you or anyone seeking membership on your behalf did any of the following before your membership became effective:

- Performed an act, practice, or omission that constitutes fraud in connection with your enrollment or enrollment application.
- Made an intentional misrepresentation of material fact in connection with your enrollment or enrollment application, such as intentionally omitting a material fact.
- Intentionally failed to inform us of changes to the information in your enrollment application.

We will send written notice to the Subscriber at least 30 days before we rescind your membership, but the rescission will completely cancel your membership so that no membership ever existed. We will explain the basis for our decision and how you can appeal this decision. You will be required to pay as a non-Member for any Services we covered. Within 30 days, we will refund all applicable Premium except that we may subtract any amounts you owe us. You will be ineligible to re-apply for membership until the next open enrollment period.

## **Termination of Certain Types of Health Benefit Plans by Us**

We may terminate your membership if we discontinue offering this Plan as permitted by law. If we continue to offer other non-group Plans in a market, we may terminate your membership under this Plan by sending written notice to you at least 90 days before the termination date. You will be able to enroll in any other product we offer in the non-group market if you meet all eligibility requirements.

## **Moving to Another Kaiser Foundation Health Plan Service Area**

If you move to another Kaiser Foundation Health Plan service area, or if you move to an area outside any Kaiser Foundation Health Plan service area, your membership will be terminated. You may be eligible to

enroll in a plan in the other Kaiser Foundation Health Plan service area. Eligibility requirements, benefits, premium, deductible, copayments, and coinsurance may not be the same in the other service area.

## **MISCELLANEOUS PROVISIONS**

### **Administration of EOC**

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this *EOC*.

### **Applications and Statements**

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this *EOC*.

### **Assignment**

You may not assign this *EOC* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

### **Attorney Fees and Expenses**

In any dispute between a Member and Company or Medical Group or Kaiser Foundation Hospitals, each party will bear its own attorneys' fees and other expenses, except as otherwise required by law.

### **EOC Binding on Members**

By electing coverage or accepting benefits under this *EOC*, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this *EOC*.

### **Exercise of Conscience**

We recognize the right to exercise religious beliefs and conscience. If a Participating Provider or Participating Facility declines to provide a covered Service for reasons of conscience or religion, we will make arrangements to provide the covered Services.

### **Governing Law**

Except as preempted by federal law, this *EOC* will be governed in accord with Washington law and any provision that is required to be in this *EOC* by state or federal law shall bind Members and Company whether or not set forth in this *EOC*.

Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when this contract renews.

### **Litigation Venue**

Venue for all litigation between you and Company shall lie in Clark County, Washington.

## No Waiver

Our failure to enforce any provision of this *EOC* will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

## Nondiscrimination

We do not discriminate in our employment practices or in the delivery of Services on the basis of race, ethnicity, nationality, actual or perceived gender, age, physical or mental disability, marital status, sexual orientation, genetic information, or religion.

## Notices

We will send our notices to you to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Subscribers who move should call Member Services as soon as possible to give us their new address.

## Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives an overpayment, or from any person or organization obligated to pay for the Services.

## Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually identifiable information about your health, health care Services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of Services. We are sometimes required by law to give PHI to others, such as government agencies or in judicial actions. In addition, Member-identifiable health information is shared only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices*. Giving us this authorization is at your discretion.

You have the right to request that Kaiser Permanente send your PHI directly to you, and not to the Subscriber of your Plan. You have the right to tell us where you want us to redirect communications containing your PHI, including a different mailing address, e-mail address or telephone number. To make a request for confidential communication, please call Member Services and ask for a "Non-Disclosure Directive" form or download the form from [kp.org/disclosures](http://kp.org/disclosures). It may take up to three business days from the date of receipt of the form for us to process your request.

In addition to any PHI that you request to be sent directly to you, we are also committed to maintaining confidentiality for all sensitive health care Services, including Services related to reproductive health, sexually transmitted diseases, substance use disorder, gender dysphoria, gender affirming care, domestic violence, and mental health. ## **YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS AND BALANCE BILLING IN WASHINGTON STATE**

*When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.*

### **What is “balance billing” (sometimes called “surprise billing”)?**

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn’t in your health plan’s network.

“Out-of-network” describes providers and facilities that haven’t signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called “balance billing.” This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can’t control who is involved in your care—like when you take an ambulance ride, have an emergency, or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

Insurers are required to tell you, via their websites or on request, which providers, hospitals and facilities are in their networks. Hospitals, surgical facilities, providers, behavioral health emergency service providers, and ground ambulance providers must tell you which provider networks they participate in on their website or on request.

## **You are protected from balance billing for:**

### **Emergency Services**

If you have an emergency medical condition, mental health or substance use disorder condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You can't be balance billed for these emergency services. This includes ground or air ambulance rides and care you receive in a hospital and in facilities that provide crisis services to people experiencing a mental health or substance use disorder emergency. You can't be balance billed for these emergency services, including services you may get after you're in a stable condition.

### **Certain services at an in-network hospital or ambulatory surgical center**

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount.

**You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.**

## **When can you be asked to waive your protections from balance billing:**

Health care providers, including hospitals, emergency behavioral health services providers, and air and ground ambulance providers, can **never** require you to give up your protections from balance billing.

If you have coverage through a self-funded group health plan, in some limited situations, a provider can ask you to consent to waive your balance billing protections, but you are **never** required to give your consent. Please contact your employer or health plan for more information.

## **When balance billing isn't allowed, you also have the following protections:**

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
  - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
  - Cover emergency services by out-of-network providers.
  - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
  - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

**If you believe you've been wrongly billed**, you may file a complaint with the federal government at [www.cms.gov/nosurprises/consumers](http://www.cms.gov/nosurprises/consumers) or by calling 1-800-985-3059; and/or file a complaint with the Washington State Office of the Insurance Commissioner at [www.insurance.wa.gov/file-complaint-or-check-your-complaint-status](http://www.insurance.wa.gov/file-complaint-or-check-your-complaint-status), or by calling 1-800-562-6900.
