

## **San Bernadino SAC Health System Video Transcript**

Welcome to the San Bernardino campus of SAC Health System. I'm Doctor Harlan of Kaiser Permanente. We're committed to the health of our communities — so we've joined forces with SAC Health System to bring care closer to the homes of our Medi-Cal members here in San Bernardino. Our doctors will work alongside SAC Health System providers in their clinic. And together, we can help you thrive.

Kaiser Permanente Medi-Cal members can come to SAC Health System for health services for adults and children.

We hope having SAC Health System nearby will make it even easier for you and your family to get the care you need.

Kaiser Permanente Medi-Cal members have another option for care, at SAC Health System in downtown San Bernardino, across the street from San Manuel Stadium

The modern campus offers a range of health services for adults and children, including preventive care and care for minor illnesses and injuries

Fill a new prescription at the on-site pharmacy

Dental services are available, with a sliding-fee discount for people without dental insurance

Community members can get help finding food, clothing, housing, and more in the Community Resource Center

To make an appointment, call SAC Health System Monday through Friday, 8 a.m. to 5 p.m., at 909-382-7100
