Welcome providers!

We'd like to introduce you to KP Online Affiliate, our online portal offering providers like you access to so many time saving features, combining elements of claims and referral tracking with instant and secure access to the health records of your KP patients.

By registering for an account, you'll gain access to a wealth of benefits, including streamlined communication, enhanced collaboration among care teams, and improved patient outcomes.

Let's take a look at the registration process.

First, go to kp.org/providers Select your region from the dropdown menu and click Register at the top of the page.

Next, you'll need to complete the Provider Enrollment Agreement under Step One: Enrollment.

Complete and submit your agreement, and then be sure to check your email. Once your agreement is processed, you will receive a confirmation email instructing you to proceed to Step Two: User Registration.

Once you've received confirmation that your enrollment agreement has been processed or that we have went on file, the next step is to register as a user by navigating to the new user registration portal.

Select your registration type and complete your personal and work information provider associations and supervisor details.

It's important to carefully review your registration information to ensure everything you've entered is correct. Then click Register.

You'll now be able to verify your identity by simply filling out your information and entering the verification code sent to your mobile phone.

Once your verification is complete, you will see a confirmation message on the screen. Your access request will be reviewed by a Kaiser Permanente representative, and you will receive either an approval email with login instructions, or a denial email requesting further action.

Visit kp.org/providers to register for the KP Online Affiliate portal today. Your gateway to seamless patient care management.
