

Transcript of video: Kaiser Permanente High Deductible Health Plan

You deserve a flexible health plan that gives you the power to save on monthly expenses and prepare for the future. Kaiser Permanente's High Deductible Health Plan frequently offers the lowest rates and allows you to select from a wide range of deductibles, copays, and coinsurance. You also have the opportunity to open a tax-free health savings account or HSA.

HSA funds can be used to pay for a variety of qualified expenses, including your copays, coinsurance, and deductible. Unused funds remain in your account so you can save for future health care needs.

There's no cost for most preventive services like routine exams, mammograms, and cholesterol screenings, even before you've reached your deductible.

Our comprehensive care model keeps providers connected, ensuring you and your family get the right care at the right time, often all under one roof. Plus, telehealth services are available 24 hours a day. You can track all of your care and coverage in one place by visiting our app or website.
