URGENT AND EMERGENCY CARE

Our Urgent Care Centers offer an alternative to the hospital emergency room when your injury or illness needs immediate medical attention but is not a medical emergency. At our 24/7 Advanced Care Centers, you can get help with urgent medical needs 24 hours a day, 7 days a week. Care is provided by our own physicians and nurses who are experienced in emergency medicine, and includes treatment for more serious, but non-life-threatening, injuries or illnesses. For medical emergencies, you have access to any hospital emergency room, even if it’s not affiliated with Kaiser Permanente.¹

INPATIENT HOSPITAL CARE

Members have access to inpatient care at several of Atlanta’s most well-respected hospitals, including Northside, Piedmont, and Children’s Healthcare of Atlanta. At many of these locations, you’ll get care from a Kaiser Permanente doctor who has access to your medical record.²

1 If you think you have an emergency—a medical or psychiatric condition that may put your life, health, limbs, or bodily functions in serious jeopardy—call 911 or go to the nearest emergency room.

2 The hospital you will be admitted to for inpatient care is determined by the primary care physician you select. Some locations are available only in specific cases. In an emergency, you have access to any hospital emergency room.

For Federal employees only: It is important to know when you enroll in this Plan, services are provided through The Plan’s delivery system, as described in the Plan’s Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.
