We want to make it easy for you to get the dental care and services you need at Kaiser Permanente. This book provides a quick reference for many of the things you need to know. Please take a few minutes to look it over. Your Evidence of Coverage (EOC) describes your benefits and other important information about your coverage. If you’d like to know more about the benefits specific to your plan, please see your EOC. Individuals and Families Dental Plan members, please see your Membership Agreement.

Urgent dental care

If you need urgent dental care, call the Dental Appointment Center. A representative will arrange for you to receive care as soon as possible.

See your Evidence of Coverage (EOC) and benefit summary for a description of your urgent dental care benefit. Examples of urgent dental care include treatment of toothaches, chipped teeth, broken fillings that cause irritation, and swelling around a tooth.

Need help deciding on a dentist?

Visit our online directory at kp.org/dental/nw/directory to see dentist photos, educational backgrounds, and video biographies.
Emergency dental care
In a dental emergency, call the Dental Appointment Center for assistance or for arrangements to be seen for care. Emergency dental care involves treatment of sudden and unexpected conditions in or around the teeth and gums needing immediate attention.

Examples of emergency dental care include treatment of:

- Severe traumatic injury.
- Swelling that interferes with swallowing and/or breathing.
- Bleeding that does not stop.

For additional details on emergency dental care, see your EOC.

If you need emergency dental care or urgent dental care, there may be a fee, as shown in the benefit summary, in addition to any other applicable copayments or coinsurance. See your EOC and benefit summary for details.

After hours, ask to be connected to the advice nurse.

Members have a limited emergency benefit for services obtained outside the service area. See your EOC for details.

Additional services
Many of our dental offices offer denture services, orthodontic services, and cosmetic services. These services may require a referral or are not covered benefits. See your EOC for benefit information. Find out more about these services at kp.org/dental/nw or ask at your dental office.

Preferred provider plan members
If you are on a preferred provider dental plan, some of the information in this directory may not apply to you. Preferred provider plans have some requirements and restrictions that are different from our other dental plans. Please read your EOC to fully understand how your plan works. This directory does not include all of the providers for your plan. For a complete listing, call 1-866-498-7912 or visit kp.org/dental/nw to search our online directory.

Member and patient rights and responsibilities
At Kaiser Permanente, we believe maintaining good dental health is a very important part of your well-being. Providing the quality health care necessary to maintain your good health requires a partnership between you and your health care professionals. You need information to make appropriate decisions about your care and lifestyle choices. Your health care professionals need your involvement to ensure you receive appropriate and effective health care. Mutual respect and cooperation are essential to this partnership.
